## THE CREDIT BUYER'S LAST MONTH'S BILLS ARE IN

Take them—scan the prices and amounts closely—and compare what you've been charged for the offerings set forth in this one ad. It doesn't tell the whole story, but there's enough here to cause one to sit up and take notice as to whether they are filling the grocer's pocketbook instead of their own. The Credit Grocer is a mighty good fellow—of course he is—he can afford to be—for his customers pay him a clean, snug rakeoff of at least 25 per cent extra, just because he is "a good enough fellow" to extend them a little credit. But the point is—can you afford to pay him that little extra 25 per cent or more—as against our lowest-on-earth cash selling prices?

 President of Miners' Union at Tanana Says Workmen Are Being Deceived.

(United Press Leased Wire.)  
 Seattle, May 8.—Robert Burns, acting president of the Tanana Mineworkers' union in the Tanana district, has advised the United Press from Fairbanks that men are being sent there by misrepresentation and fraud. "The strike of the miners for a wage scale will continue until just demands are met. Many men are destitute there and more are in the camp than there is a demand for."

 However, there are those in political circles here who assert that the ex-sea fighter could not afford to turn down such an offer and that he would be a valuable man in the place, being well qualified to direct the affairs of the navy.  
 At any rate, whether or not Bryan's intention in this matter is definitely known, his admirers say that the mere
