

WOMEN TO BE DOWLED

Republican Caucus Tonight Is Expected to Show a Strong Inclination to Push Senator Far Into the Dim Background.

Jonathan Bourne, junior senator, is shown and our so far in the state convention is concerned. He is not to be the head of the state delegation to Chicago. He is not to be a delegate at all. He is not to have a friend on the delegation and the second elective term will be to be dropped out under the following and rhythm of a rhetorical tariff indorsement.

Like a hive of figs the state are swarming about the Fulton-Taft and the Mulvey-Beach headquarters at the Imperial. In every corner and on every floor men are hanging onto buttonholes and talking confidentially of what ought to be done.

Republican Caucus Will Settle It.

Tonight these delegates will swarm some time before the dawn will be held in caucus. Then everything will be put out according to pattern. Whatever differences there may be between the Fulton headquarters and the Mulvey-Beach headquarters will be settled in the caucus. Out of the talk-ers will come a slate and an election program which will make the bones of departed leaders glow with the pulsations of resurrecting warmth. The result of it all will be the elimination of Senator Bourne and the assassination of his ambitions.

Winnipeg Convention Is Called to Run Tomorrow.

Everything is expected to run like a well oiled clock. W. M. C. C. chairman of the temporary committee, will call the gathering together at 10 o'clock in the Empire theater. Dr. Pohl's committee will be in charge for party harmony, cessation of factional strife and the advancement of the cause which Lincoln and Grant and Hayes have carried to victory. Then he will, if he does what is expected, call for nomination of a permanent chairman and the slate will be brought out.

There is a Vague and Uncertain Rumor.

That Mr. Calkins, urged by John C. Young, Thomas J. Pennington and Senator Bourne, will attempt to name the temporary chairman, by request. If he does, delegates say, Mr. Calkins will be a man who will look like a millionaire's smiling hit by a dynamite bomb. If he does, delegates say, Mr. Calkins will be a man who will look like a millionaire's smiling hit by a dynamite bomb.

It is Admitted that the Caucus Tonight Will Settle All of the Wrangling in the Convention.

From reports that have come in so far it is concluded that Bourne will have in the neighborhood of 50 delegates out of the total of 235. The disposition is to shut Bourne and Mulvey out of the convention, and it is probable that any effort on the part of the Bourne men to gain any extended hearing will be ridden down with an iron will.

George H. Williams is Being Talked For Permanent Chairman and Will Probably be Elected.

Dr. F. W. Vincent of Pendleton is being boomed as a delegate to the convention at Chicago and the voters of the delegation, and the voters of Marion county is also a candidate.

Butler of Condon is a Candidate for Presidential Elector, as is J. D. Lee of Multnomah.

Butler will have the support of eastern Oregon.
