Jewel Steel Ranges meet every desire of the housewife. Large, strong, non-warping tops—big fireboxes hold fire over night—grate can be used for coal or wood, and the specially designed heat distributing flues are easy to get at and easy to clean out. Jewel Steel Ranges will save money and last a life-time. They are built right and "work right." The oven is large and you can bake on the oven rack and the oven bottom at the same time, because the perfect flue system distributes the heat evenly.
