PORTLAND MAY GO IN SECOND TODAY

Victory Over Oakland and an Angel Defeat Means Much to Beavers.

President J. Cal Ewing of the Pacific Coast Baseball League and the Oakland team, under the wing of Manager Van Halgren, reached Portland this morning for the series with the Beavers, opening this afternoon. The players are putting up at the Calumet while the manager is registered at the Portland.

Van Halgren announces that his players are in great shape and feels confident that they will do better than an even break. "Pop" is as frisky as a young colt. He threw out his chest when he stepped off the cars, took 10 long, deep breaths and started off on a dog trot for the hotel. It wasn't long, however, before "Pop" clambered upon the boardwalk, and the manager's indignation was too slippery for pedestrianism.

Winning the opening game is a matter of much concern to both Managers McCredie and Van Halgren. If the Beavers slip away with it means that Portland is at least out of the cellar, and that Oakland has slipped quietly into the place.

For the same reason the game at San Francisco will be watched with the same interest. Los Angeles is but a few points above Oakland and Portland and there is a possibility that the Beavers will be in second place before the day is over. If Portland wins today's game her percentage will be boosted to .486. If Los Angeles, which is now in second place, loses to the Soles, the Angel percentage will drop to .471. A loss for Oakland means a .462 percentage.

On her home grounds and in the opening game San Francisco should walk the Angels. Portland should do the same thing to Oakland. Manager Mac set up for three hours last night figuring the percentage column. When he juggled the figures around to his heart's content he opined he would pitch Bobby Groom in the first game. He believes that Groom is the best in the Beaver ladder and times him to win.

SQUEEZE PLAYS.

Beavers and Oaks at 3:30.
Groom and Madden and Killian and Slattery open.

New faces on the Oakland team are Catchers Lewis and Slattery, Pitchers Killian, Dellar and Hardy, and Utility Man Jimmy Cook.

Born to Mr. and Mrs. Kid Mohler, Saturday, May 20, a son. The baby's name is George. He is a scouthpaw.

George Stovall of Cleveland and Hal Chase of New York are leading the American league batsmen. Both are sticking around .350.

If Bobby Groom is working right today the opening game should go to the Beavers. Groom has been effective against the heavy hitters so far and Oakland should prove no exception.

Half the Portland team visited the Oaks yesterday. Pearl Casey caught Babe Danzig lagging with the bunch left the concert. Babe was detected, so Pearl says, casting a lingering glance at one of the pretty Tyrolean warblers. Babe, of course, vigorously denies the accusation.

Portland fans are anxious to see Jack Slattery in action with the wallo. Ten to one there will be a silence in the grandstand when the Oakland catcher steps to the plate. The champion batsman is always a curiosity.

There is no denying that Portland is baseball crazy. The four rainy days have only whetted the mania. Give us a few good, warm afternoons and the Rose City will clinch the claim to the best baseball town on the circuit.

Tomorrow (Wednesday) will positively be the last day for discount on east side gas bills. Portland Gas Co.

Eagle Creek Wins Again. (Special Dispatch to The Journal.) Eagle Creek, Or., May 19.—Eagle Creek defeated the North Pacific Brewers Saturday 14 to 4. This makes the fifth game won by Eagle Creek out of five played.

HAL CHASE WORKS TRICK ORIGINATED BY FAMOUS BALTIMORE ORIOLES.

One play which the New Yorks pulled off against the Washingtons recently caused much surprise in the stands, and as it was Hal Chase who played a prominent part in it he was given a lot of credit for having performed a most miraculous feat, in that he threw a man out going from second to third on a bunt down the first base line.

Chase really only took part in what is known as the "sacrifice killer," a play originated by the famous Baltimore club of a few years ago.

This is how it is done: With a man on first and second and none out, it is almost a certainty that the next man up will bunt. The shortstop allows the man on second to get a good lead, then suddenly runs for the bag, carrying the base runner back with him. As soon as the runner is headed back for second the pitcher lays the ball right over the plate, so it can be easily bunted.

The first baseman runs in with the pitcher's motion, while the second baseman covers first. If the bunt is picked up clean by the first baseman, he does not have to hurry to get his man at third. He waits until the pitcher has gone the other way when the ball is bunted. If the ball rolls to the right side of the pitcher, he makes the play at third, and if it happens to be fumbled by the first baseman there is time enough to get the man at first base, which is being covered by the second baseman.

This play is not tried with all batters up. It is a pitcher who is sure to go through, for they seldom know enough to switch the play, but usually carry out the orders as given them by the manager. If the pitcher, when he sees the play being worked, does not bunt, but hits, and as he has every man on the base, he has but to keep the ball on the ground to get a hit; but it is not every player who thinks quick enough to switch the play.

This is one of the plays Jennings has been drilling into the Tigers all spring. Rainy weather here Saturday, however, and the same conditions since the season opened has made it hard for him. It is but one of the many plays the champions will be using when they get going right.

Auto to Carry Tourists.

(Special Dispatch to The Journal.) Klamath Falls, Or., May 19.—Captain J. M. McIntyre of the McIntyre Transportation company has purchased an automobile and will put it on the line between Dorris and this city.

A crew of men is now working on the road between Dorris and Keno, getting it in shape for automobile service, and it is expected that the run can be made in two hours from end of rail to this city.

Sherwood Is Winner.

(Special Dispatch to The Journal.) Sherwood, Or., May 19.—The ball game on the diamond here Saturday between Dallas and Sherwood White Sox resulted in a score of 4 to 3 in favor of White Sox. Saturday, May 23, St. Paul and Sherwood will play in the afternoon and Sunday the White Sox and St. Paul play in the afternoon.

Brainard Cubs Beat Kelso.

The Brainard Cubs returned from Kelso, Washington, yesterday, where they defeated the Kelso Tigers by the decisive score of 10 to 4. McGinn and Stott officiated in the points for the Cubs and Beebe and Fell for the Tigers. The Cubs will play the same team at Kelso Sunday, May 24.

INLAND EMPIRE LEAGUE IS READY

Portland Boys Are Members of La Grande Team Under O'Brien.

(Special Dispatch to The Journal.) La Grande, Or., May 19.—The inland empire will witness its first league baseball game Thursday afternoon when La Grande and Baker City will meet on the Baker grounds.

Credit for the successful organization of the new league is given to Jack O'Brien, an old major league star, and W. Thompson, cashier of the Commercial National bank of Pendleton.

Splendid material has been signed and there promises to be a battle royal for the pennant between Walla Walla, Pendleton, Baker City and La Grande. Among the La Grande players are some well known stars. Zimmerman, Fouchell and Voornhorst were under contract to Seattle this season and were bought from that city. Childers, last year with the Southern Oregon league, and Wallace, who held down the third sack for Butte, are signed. Kotteman and Lodell, Portland Tri-City league players, are also on the La Grande team. The only pitcher of the Tacoma is also a member of the team.

Spillman, formerly of the Utah State league, will be one of the starters. The offer has not yet been secured.

Manager Jack O'Brien of the La Grande team is very optimistic over his aggregation. He says: "Although I played eight years with Indianapolis, Milwaukee and Cleveland, I have never seen such a likely bunch of players. I have gathered together for La Grande in class D baseball."

HIGHBALL TO BE NEXT CHAMPION

Trainer Ed Geers Arranges Harness Contrivance to Increase Gelding's Speed.

The fleet gelding Highball, 2:06 1/4, now training at Memphis, looks like the coming champion. Ed Geers has placed a new contrivance on this great trotter in the simple arrangement of an extra pair of lines hitched to a halter that has made a great difference in the gelding's manner of going. With this harness on, instead of going up against the bit when he flies away in his great flight of speed, Highball lays into the extra nose strap of the halter and continues on a steady stride.

So far Highball has been a mile in 2:13, which was merely a jog for him. He has grown stouter and looks so good and acts so much better than in the past that it seems as if he had every chance of becoming the next trotter to trot below two minutes. Frank Jones has entered Highball in the big \$50,000 race at Readville in August.

Among the other candidates in Geers' stable that look good is the giant Canadian trotter, Kidd McGregor, standing fully 17 hands high and weighing more than 1,200 pounds. His six fellow performers in such clever fashion that he is expected to finish the season with a mark of 2:10 or better. Kidd McGregor is one of the largest if not the largest trotter in training.

Mr. Radium, 2:15 1/4, and Tealeo, 2:14 1/4, are the Geers' mainstays for the intermediate trotting classes. The former is a decidedly beautiful gelding, a grandson of Alycune, with all the finish of that family. He is a fine gelding, a half-mile tracks two years ago, and last spring showed around 2:10, being considered, next to Highball, the fastest trotter here. Tealeo is another one who made her reputation over the two-lap courses in 1906, having a record of 16 races inside the money. She was worked in 2:15 this spring.

Perhaps the best liked trotter in the stable is the \$9,000 three-year-old The Harvester. Those who were of the opinion that August Uhllein did not get his money's worth when he purchased this youngster had the chance to witness must acknowledge themselves wrong.

He is a grand individual and a sure trotter; not a turturly winner, probably, for he has not had the chance to show that, but is a fast trotter, however. Last week he stepped the last eighth of a mile in 1:14 and a picture well over a horse. He is a fine gaited colt and wears, besides an ordinary harness, quarter and shin boots. In action or repose he is a picture and it is well to develop into nothing faster than a 2:20 trotter he was not dear at \$9,000.

Pale Bohemian

(At Dinner, It's a Winner)

It signifies PALATABILITY, purity and uniformity, the three essentials to really desirable table beer. Many beers have an acrid flavor; others are too "hoppy"; others are bitter; others are heavy and some are made to SELL, regardless of taste, quality or its effect upon health. Often one brand tastes one way today, another tomorrow. All beers are pure, but their QUALITY is questionable. PALE BOHEMIAN is always palatable; is made of the purest ingredients, with the highest regard for their quality; is uniform and whether served today or tomorrow or a year hence, it is ever uniform, always the same. Taste it and you will like it. Like it once and you will always like it. One reason why PALE BOHEMIAN is always palatable is because it is SALT-AIR-AERATED. But, more of that at another time.
