HAD COMPANIONS DOUBLING HORN

Ten Windjammers Joined French Bark Edmond Rostand Off Rocky Cape.

SLOW VOYAGE DUE TO HEAD WINDS

Vessel Brings Cargo of Cement From London Via Cherbourg After Tedious Voyage, and Will Load Wheat for Europe.

A fleet of 10 windjammers doubled Cape Horn in company with the French bark Edmond Rostand when she came around from the Atlantic into the Pacific on her voyage to Portland bound from London with a cargo of cement. Captain Drillett and his crew say it was one of the prettiest sights one could imagine at sea.

The Edmond Rostand arrived up last night in tow of the steamer Harvest Queen and berthed at Montgomery dock No. 1, where a part of the cargo will be discharged. Balfour, Guthrie & Co., to which firm the cargo is consigned, will also load the vessel outward with old crop wheat for a return cargo to Europe.

It took the Rostand 148 days to make the run from Cherbourg, France, to the Columbia river. She left London about a week earlier, but put into the French port for provisions for the voyage. Headwinds were encountered all the way down the Atlantic and most of the way up the Pacific, so that taking all in all the bark covered about twice as much distance as had she proceeded before favorable winds. Even coming around the Horn she was forced to zigzag back and forth to gain headway. The same tactics had to be employed by the entire fleet and this added to the grandeur of the scene. Only one of the vessels' identity was established with certainty, although at times the whole fleet was well bunched. The one that came close enough to permit the reading of her name on the bows was the French bark Bidart, bound from Cherbourg to Puget sound. She came dangerously near at one time and for a while the vessels indulged in an even race.

Aside from being delayed by head contrary winds, the voyage was unusually pleasant, no stormy weather having been encountered. In fact, the breezes were often so light that the canvas clung to the sticks. In the Atlantic, on January 23 the Rostand spoke the French bark Marchael de Gueteau, bound for Hobart.

The Rostand will be the only French windjammer in the harbor for a few days after today, because the ship Bretagne is booked to leave down any moment. She dropped in the stream last night ready to proceed to sea. The Bretagne cleared yesterday with a cargo of wheat and barley for the United Kingdom.

SMALLPOX AND SUICIDE.

Steamer State of California Has Trouble on Voyage South.
(United Press Leased Wire.)
San Francisco, May 19.—The steamer State of California, from Portland and Astoria, which was ordered into quarantine upon her arrival Monday afternoon because a case of smallpox was found on board, is being fumigated today and will be released this evening.

Bad luck attended the voyage of the California from the north. Soon after leaving Astoria she ran into a southeaster, and for 16 hours plunged and rolled off the rock-bound coast, with the result that her cargo shifted.

Then H. Chester, a cabin passenger and a tailor, jumped overboard, taking his suitcase with him.

When the California reached the Angel island quarantine station John Boyle, 60 years old, a cabin passenger, was found to have smallpox.

None of the passengers who purchased tickets here before the sailing of the State from Ainsworth dock Saturday morning gave the name of Chester, and it is therefore believed that he embarked at Astoria.

FANNED ALONG BY BREEZE.

Steamer Rose City Makes Fast Run Up the Coast.

Strong winds sent the Harriman liner Rose City flying on her way north this time. She arrived here at 7 o'clock last night with 396 passengers after one of the fastest runs ever made up the coast.

Craft bound south during the past several days have had a hard time of it, bucking the southeasters, the Alliance sending in the report from Coos Bay last night that she reached there after one of the hardest struggles for a long time. She left out last night again and will be in Astoria this evening.

The steam schooner Nome City arrived at Couch street dock last night with about 300 tons of general freight from San Francisco. She will take wheat and lumber for a return cargo. The lumber will be taken on board at Prescott and Stella.

FIRE DESTROYS LAUNCH.

Steward Nost Badly Injured in Explosion on the Ella May.
(Special Dispatch to The Journal.)
Toledo, Or., May 19.—By a fire that broke out at 10 o'clock last night the gasoline launch Ella May was destroyed. The launch was 13 feet beam, 56 feet long, and owned by Altree & Scarth. It was lying on the mud just below Altree's sawmill, a mile west of town. The value was $5,000. It is a total loss, as there was no insurance. The crew had been working on her of late and had just left, when the steward, E. Nost, started down into the hold with a lantern. The gasoline tank exploded and blew Nost back on deck. He was badly burned. The boat was consumed in 20 minutes.

EVIDENCE OF WRECK.

Captain of Liner Minnesota Sights Masts Adrift in Midocean.

Captain Charles Austin of the American steamship Minnesota reports that on May 8, in latitude 49 42' N., longitude 170 50' W., he passed a small vessel's topmast about 10 feet out of water, floating upright with wreckage attached. Also on May 8, in latitude 49 44' N., longitude 170 27' W., he passed a vessel's mast with white painted pole floating straight up and down.

ALONG THE WATERFRONT.

The Italian bark Emanuel Accame arrived at the mouth of the Columbia this morning. She is bound for this port with a cargo of cement consigned to Kerr, Gifford & Co. She comes from Hamburg.

The steamer Charles R. Spencer did not leave for The Dalles this morning, and she will probably not get away for Astoria owing to some changes being made in the boilers.

The steam schooner Washington left San Francisco for the Columbia river yesterday. The steamer Eureka left here last night for Eureka via Coos Bay, and the steamer Northland is due to arrive tonight from San Francisco to load lumber for a return cargo.

The large steam schooner Olson Mahoney will be in the harbor this afternoon to load wheat for San Francisco. She comes consigned to W. T. Carroll.

Permanent Cures for MEN

DR. TAYLOR
The Leading Specialist

My Fee for a Cure is Only **$10** In Any Uncomplicated Case

PAY WHEN I HAVE CURED YOU

I have treated hundreds of men who had long suffered a gradual decline of physical and mental energy as a result of ailments, and have been interested in noting the marked general improvements that follows a thorough cure of the chief disorder. My success in curing difficult cases of long standing has made me the foremost specialist treating men's diseases. This success is due to several things. It is due to the original, distinctive and thoroughly scientific methods of treatment I employ.

To those in doubt as to their true condition who wish to avoid the serious results that may follow neglect, I offer free consultation and advice, either at my office or through correspondence. If your case is one of the few that has reached an incurable stage, I will not accept it for treatment, nor will I urge my services upon any one. I treat curable cases only, and cure all cases I treat.

"Weakness"

Functional derangement, such as premature loss of power, etc., is neither a "weakness" nor a disorder. To stimulate activity by the use of powerful tonics is an easy matter, but such results are merely temporary drug effects. Most doctors treat "weakness" in this manner because they do not know how to cure the real cause of the derangement. I am the only physician employing scientific and successful methods. I use no tonics at all. My treatment is a local one entirely, and corrects every abnormal condition of that vital center, the prostate gland. My cures are real cures and are permanent.

Contracted Disorders

In no other ailment peculiar to men is a prompt and thorough cure so essential. Contracted disorders tend to work backward until the most vital nerve centers become involved in the inflammation. Then follows a chronic stage that stubbornly resists all ordinary treatment. Safety demands that every vestige of infection be eradicated at the earliest possible moment. My treatment is thorough. The remedies employed have a more positive action than has ever before been attained, and so perfect is my method of application that even chronic cases yield completely.

Varicocele

This most prevalent of all diseases of men is also the most neglected, either through dread of the harsh methods of treatment commonly employed, or through ignorance of the grave dangers that accompany the disease. As varicocele interferes directly with the circulation and process of waste and repair throughout the generative organs, the necessity of prompt and thorough cure cannot be too forcibly emphasized. I cure varicocele in one week by an absolutely painless process. My cures are thorough and absolutely permanent, and are accomplished without the use of a knife, ligature or caustic.

CONSULT ME FREE

To give ailing men every opportunity of investigating my methods of treatment and equipment, I offer FREE consultation. Compare the thoroughness of my examination and diagnosis with that of other physicians, and you will readily see why my exact knowledge of the disorders included in my specialty enables me to foretell the exact result. I refuse to treat incurable cases at any price. If impossible to call at my office, write for particulars of treatment by mail.

You Need Energy, Not Drugs

There's many a man doping himself with poisonous drugs, trying to overcome some weakness or chronic ailment, when he should be helping nature cure by building up his energy.

Remember that most ailments, outside of contagious diseases, are due to a lack of energy in the vital organs. When some part of your body machinery refuses to work right, there's going to be trouble unless you supply the force it needs.

Now, drugs won't give energy. They will stimulate for a day, but the trouble always returns worse than ever, after the stimulation has passed off. That's because drugs eat up your vitality. They tear down instead of building up.

It is proven that energy is nothing more than electricity. The only way to restore it is to restore electricity.

My Electro-Vigor does this while you sleep. All night long it send a current of electric life coursing through your nerves and vitals. It increases circulation and makes the blood rich, red and warm.

It drives out pain and weakness and cures disease by removing the cause.

Electro-Vigor is the only successful appliance for infusing electricity into the body. Its touch is gentle, soothing, without sting or burn, yet so powerful and invigorating that you can feel the improvement after one application.

Electro-Vigor is easy to use. It never needs charging, for it makes its own power. It costs less than a course of drugging.

Your treatment has cured me of rheumatism, and I am feeling like a new man. I certainly consider Electro-Vigor a good investment, and thank you for your interest in my case. HARRY BATES, 754 First st., Portland, Or.
