Acreage
North Tigardville

TRACTS OF FROM 1 ACRE TO 40 ON EASY TERMS AND AT PRICES RANGING FROM $90 TO $300.

At $125 we have land suitable for cultivation of walnuts or apples. Land is cleared and lies with favorable exposure for good crop results. Good wagon roads lead to this land. It is three quarters of a mile from the station at Tigardville and has rural delivery, a four-room graded school, churches, grange hall, stores, blacksmith and repair shop and telephone office near.

Eighteen trains a day on the Oregon Electric (Portland-Salem) line give a passenger service that makes it possible for a city man to live on a place of this kind if desired.

Some of the acreage lying along the Tualatin river is so situated that a summer home with advantages of boating and fishing may be enjoyed with the more practical work of farming, gardening or orchard cultivation under personal supervision.

This train service makes these acreage lots suburban to Portland. Go out and see this land with us. Values will increase largely within the next year and even for speculative investment these acres are worth investigation.

The Investment Company has published a booklet with map showing location of acreage offered for sale on these very easy terms. In this pamphlet are given many facts of interest. Questions are answered and information given as to soil, etc., which will supply the inquirer and intending buyer with data sufficient to warrant a visit of personal inspection.

These booklets may be had for the asking at our office. Get one and make a study of the matter of owning a piece of the soil, which is the basis of all wealth.

Are you working on a salary? A monthly payment will buy a piece of this land.

Do you want to get back to the soil after awhile, and forget the busy grind of city life? Get a few acres in the fertile Tualatin valley. It will make money for you and will increase in value.

WEATHER REPORT

The Utah depression has moved eastward and is now central about Omaha, Nebraska. It has undergone a marked development, both in energy and extent, during the last 24 hours and this morning overspreads the entire Mississippi valley. The accompanying rains have, however, so far been moderate, and were confined to a narrow strip extending from southern Utah to Minnesota. Temperatures in the rear of the disturbance are decidely lower than yesterday morning. Light scattered rains fell also over western Oregon and western Washington during the night. Cloudy weather with showers is expected over western Washington and northwestern Oregon tonight and Thursday, while over the remainder of the district fair weather is expected. It will probably be warmer over southern Idaho.
