

DELINQUENTS NOT IN AND HOME

Dependants Only Are Now Cared for by Boys' and Girls' Aid Society.

At the twenty-third annual meeting of the Boys' and Girls' Aid society held in the parlors of the Associated Charities, the following named trustees were unanimously re-elected to serve for the ensuing year: Judge George H. Williams, Judge C. E. Wolverson and Dr. T. L. Eliot. In addition to the election of trustees the following officers of the society submitted annual reports: Superintendent, W. T. Gardner; F. E. B-nch, secretary of the board of trustees; Mrs. C. R. Templeton, secretary of the ladies' advisory board; John A. Teuscher, traveling agent of the society; and Mrs. Mary I. Graham, city visitor for the society.

Superintendent Gardner reported that the society had given up the care of delinquent children, and is now devoting its entire attention to dependents. The tabulated report of the superintendent showed that during the past year 372 children had been received at the home, representing 34 counties. There were 61 of this number 207 were new cases and 61 were rescued from bad relatives. The report showed that the entire work of the society had been carried on with a total expenditure of \$9,851.09, which is about one-half of what similar institutions in other states expect for a like amount of work. The report called attention to the great loss the society had sustained in the death of Judge A. L. Fraser.

In the report of Secretary Beach, attention was called to the growing work of the society and the consequent necessity for an increased appropriation by the legislature.

Treasurer Almsworth's report showed that the society had on hand May 1, 1907, \$809.85, and had received during the year ending April 30, 1908, \$11,544.04, making a total of \$12,353.89, less disbursements for the year of \$10,322.85, leaving on hand May 1, \$2,031.04.

Mrs. C. R. Templeton, secretary of the ladies' advisory board, read her report, which was in part as follows: "In submitting my fourteen annual reports as secretary of the ladies' advisory board, the question comes to me 'What shall I tell the society this year?'

Triumphs, disappointments and difficulties that we have met with have been so many times. Children From All Over State. "The advisory board consists of six members, chosen from different religious organizations. Our duty is to visit and investigate and inspect the condition of the wards and report to the board of trustees, making suggestions to them for improvements in the home or its inmates.

"We never forget 'There is no place like home' for the child, and when, through neglect or cruel treatment of parents he must be taken to the child society, we must realize that he has lost his natural heritage. "The orphaned child, the neglected, the abused and the abandoned child, all brought together and your advisory board finds that in whichever of the classes the child may rightfully be placed, the most important factor is of friendship and trust. In visiting the receiving home we see children from nearly every county in the state.

In the report of Mr. Teuscher, traveling agent of the society, occurs the following: "Wards in Average Homes. "Our wards are in good average American homes. None are in the homes of the very rich, nor are there any in the homes of the very poor. There are, of course, many differences in these homes in some particulars; such as degree of intelligence, refinement, school facilities, age of custodians, shades of religious belief and so on; but good morals, industry, food, clothing and ordinary care are everywhere.

"The most common difficulties which confront the careful visitor are evil traits of wards, the lack of firmness in custodians, medicine peddlers, visits or letters from bad parents, and schooling.

Millie R. Trumbull read an interesting paper on "Ethics in Charitable Work," followed by an address by Professor E. T. Davis of the Portland High school. The deliberations of the meeting were presided over by Judge George H. Williams, president of the board of trustees.

AMERICAN WOMEN IN MURDER PLOT

Hundred Persons in Prison Accused of Attempting to Kill Turkish Sultan.

(United Press Leased Wire.) Constantinople, May 21.—Two American women are thought to have figured in a proposed plot to assassinate the Sultan of Turkey, capture the throne and establish a parliamentary government here. "Miss Mary Sumner," who speaks English fluently and who says she is an American citizen, is under arrest with four other women, one of whom also claims the United States as her native land.

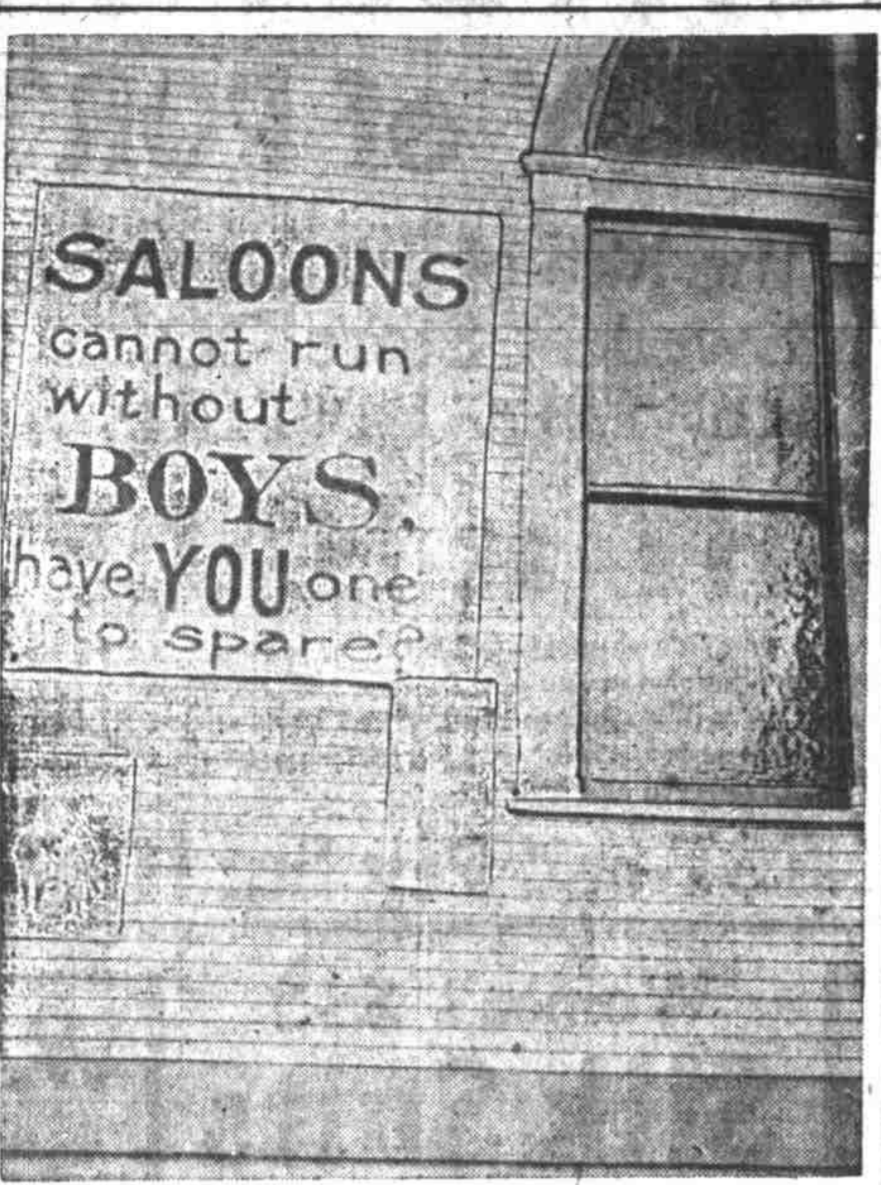

Nearly 100 prisoners, mostly Armenians and Turks, are in prison, charged with participating in a plot to blow up the Sultan and other institutions. It is said that the bombs which they were armed cost \$200 apiece. "There is much mystery surrounding this case," thought she claims to be a naturalized American citizen, American Minister Lehman has not appeared in her behalf.

To Edit Annual. (Special Dispatch to The Journal.) Whittman College, Walla Walla, Wash., May 21.—Ralph C. Matthews of the Sophomore class was elected night editor-in-chief of the next volume of the Junior Annual, the "Wailatapu." This was published next spring by the class of 19.

RESTORING COMPLEXIONS

The following prescription is contributed as being one of the most remarkable known for bringing back the rosy tint of youth to the skin. Two ounces Rose Water; one ounce Spirits of Cologne; four ounces Serravallo's Tonic. Put the Serravallo into a pint of hot water (not boiling) and when dissolved and cooled add the Rose Water and Spirits of Cologne and strain through a fine cloth. Any large bottle will serve as a receptacle if it can be closed air-tight. These simple ingredients can be obtained at any well stocked drug store and are mixed at home. This preparation should be applied twice a day after washing. The results become apparent after the first few applications but the treatment should be continued until the rosy tint complexion becomes permanent.

FIGHTING BY POSTER IN CROOK ANTI-SALOON WAR

The Poster in the Picture was Photographed as It Hung on the Outer Wall of the Methodist Episcopal Church at Prineville. This and Similar Posters May Now Be Seen All Over Crook County.

COLOR SCHEME IN COMPLEXIONS SUITS "POP" BOWERS AT LAST

The color line has been drawn in the Hotel Portland, or rather Manager Bowers has just attempted to break up the color line, and so far with complete success. The law says that a person's rating in a hotel shall be without regard to color, but Manager Bowers thinks otherwise. When Carl Sword arrived from San Francisco the other day to take the place of the head clerk, Manager Bowers greeted him with both hands out. But in the evening when Mr. Sword was behind the desk Bowers showed signs of uneasiness. Every time he passed the desk he shot glances that soon became more and more disquieting. "Sword grew nervous. What was wrong? He fidgetively adjusted his necktie, and without appearing to do so intentionally ran the palm of his hand carefully over his back hair. All was well. No buttons gone, no long blonde hair told its fatal story from his collar or shoulder. Just then Mr. Reynolds, head of the stable locks, and by using the inky glass of Mr. Reynolds to relieve the mass of yellow, Manager Bowers has achieved an artistic triumph. When the manager Bowers' hours of a hotel force that can not probably be equaled anywhere else on the Pacific coast.

CHINESE SCHOOL AT DAY CITY

Oriental Will Be Taught Their Own Language at New Institution. (United Press Leased Wire.) San Francisco, May 21.—San Francisco is to have the first Chinese school in the country. Plans for such an educational institution where the children of local Chinese can be taught their language and trained as if they were in China are now being drawn up. The site, which is a trifle north of the city, near Clay and Sacramento, has already been purchased, and the building will be erected at an expenditure of \$50,000, which represents half of the \$100,000 relief fund sent to the Chinese after the fire and earthquake. Work will be started within a few days. Mr. Lian is here from Peking as a special commissioner to supervise the work.

CHESTER'S MEMORY OF TRAGEDY IS BAD

(Special Dispatch to The Journal.) Tacoma, May 21.—Chester Thompson's direct-examination was concluded this morning at 11:30 and the witness was turned over to the state and Deputy Prosecuting Attorney Davis at once began to cross-examine Chester, who occupied the witness chair for the entire morning. It is more than likely that Mr. Davis will continue his cross-examination throughout the day and possibly it may extend over until tomorrow.

WASHINGTON DEBATE WILL END MAY 30

(Special Dispatch to The Journal.) Olympia, Wash., May 21.—The inter-scholastic debate for a \$150 prize, participated in originally by 38 high schools and schools of equal grade, will end at Mount Vernon on the evening of May 30. The first debate was held November 15, and in the successive debates the leaders in the contest were reduced to five. Mr. Davis will continue his cross-examination throughout the day and possibly it may extend over until tomorrow.

The first debate was held November 15, and in the successive debates the leaders in the contest were reduced to five. Mr. Davis will continue his cross-examination throughout the day and possibly it may extend over until tomorrow.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing-Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing-Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 603 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate to stomach, liver and bowels.

FRANCE CLOSES GAMBLING DEN'S

Premier Clemenceau Orders Police to Raid Games Now Running at Paris. (United Press Leased Wire.) Paris, May 21.—Suicides, murders and poverty following losses at gambling tables have become so prevalent in Paris and the situation has become so alarming that M. Clemenceau, the premier, has decided to take active steps to suppress the games through legislation.

Most of the gambling is carried on in what are known as baccarat clubs, which are difficult to drive out of business because they all pay enormous taxes to the French government. The latest suicide was that of a Japanese officer, Major Ideka, who drowned himself because he had lost in gambling money entrusted to him by his government. Upon hearing of this case and having in mind other tragedies that were due to heavy losses at the gambling tables of France, Clemenceau decided that the time for radical action against the gambling dens had arrived. He will also make efforts to suppress the "mixed" club, where men and women meet to try their luck at games. All over France the gambling fever is raging and women of all ages are greater gamblers than men.

In a club which was recently raided the police made their entry at the very moment when the banker at the baccarat tables accepted the jewels of a well known actress as a stake of \$500 on the turn of a card. She had lost all the money she had with her, and she had her credit with the club and put her jewels on the table, hoping that her luck would change. It did, for, owing to the opportune entry of the police, she kept the jewels.

ORIENTAL RUG NEWS.

That Will Interest Prospective Purchasers in the Northwest. Attyeh Bros., 324 Washington street, recently purchased a very choice selection of Persian and Turkish rugs at a great concession in price, and this attractive line will be disposed of, while they last, at the same remarkable discount. Money-Making Ways of Using Want Ads

To Buy or Sell Old Shoes

No one need be ashamed to buy Old Shoes. It is an economical thing to do. But you may not want to buy second-hand shoes yourself. There are, however, many people in this city who do. The best place to learn of these people is through the use of our Classified Want Ads. A little ad inserted under the heading "Cast Off Clothing" is sure to get attention, and at an original cost of but a few pennies. Many women make "pin money" by gathering up all the Old Shoes of the home and selling in this way. The ones who see your ad call at your home, get what you have—and no one need know of the transactions but yourselves. And the most economical of all is the cost of the Want Ad itself. Maybe you can get satisfied simply by reading the column suggested, each day. It pays both to Read and Use.

EXAMPLES

OLD SHOES WANTED—WE WANT all the old shoes we can buy. Best prices paid. In answering tell what you have and state when best to call. Address H L-16, Journal.	FOR SALE—LADY HAS SEVERAL pairs of children's second-hand shoes for highest buyer. Not badly worn and of various sizes. Will give place to call by addressing H F-36, Journal.
--	--

JOURNAL CLASSIFIED RATES

One cent a word an insertion. Seven consecutive insertions for the price of six.

One Line	1 month, 30 issues, \$1.30.
	3 months, \$1.25 per line per month.
	12 months, \$1.50 per line per month.

It is EASY—convenient—and PROFITABLE to use our little Want Ads for almost any Want that can come into your mind. This paper goes into homes and is READ by home people. If they—if YOU get in the habit of reading and USING Want Ads for the supplying of your various wants, there is no room for anything but—RESULTS. Turn to our Want Ads for TODAY.

FIGHTS DEATH SIX HOURS IN BATHTUB

(United Press Leased Wire.) San Francisco, May 21.—Weak and still unable to speak, August Verrier, who for six hours last night struggled against drowning in a bathtub, was taken from the hospital to his home today for treatment. Verrier's experience was a most harrowing one, and that he is alive is considered a miracle. Early Wednesday Umattila county seems to be closing up school houses in the wheat belt and opening them in the irrigated sections.
