Acreage

North Tigardville

TRACTS OF FROM 1 ACRE TO 40 ON EASY TERMS AND AT PRICES RANGING FROM $90 TO $300.

At $125 we have land suitable for cultivation of walnuts or apples. Land is cleared and lies with favorable exposure for good crop results. Good wagon roads lead to this land. It is three quarters of a mile from the station at Tigardville and has rural delivery, a four-room graded school, churches, grange hall, stores, blacksmith and repair shop and telephone office near.

Eighteen trains a day on the Oregon Electric (Portland-Salem) line give a passenger service that makes it possible for a city man to live on a place of this kind if desired.

Some of the acreage lying along the Tualatin river is so situated that a summer home with advantages of boating and fishing may be enjoyed with the more practical work of farming, gardening or orchard cultivation under personal supervision.

This train service makes these acreage lots suburban to Portland. Go out and see this land with us. Values will increase largely within the next year and even for speculative investment these acres are worth investigation.

The Investment Company has published a booklet with map showing location of acreage offered for sale on these very easy terms. In this pamphlet are given many facts of interest. Questions are answered and information given as to soil, etc., which will supply the inquirer and intending buyer with data sufficient to warrant a visit of personal inspection.

These booklets may be had for the asking at our office. Get one and make a study of the matter of owning a piece of the soil, which is the basis of all wealth.

Are you working on a salary? A monthly payment will buy a piece of this land.

Do you want to get back to the soil after awhile, and forget the busy grind of city life? Get a few acres in the fertile Tualatin valley. It will make money for you and will increase in value.

The high area overlying the Pacific coast is drifting slowly northward and is now central over western Washington. Cloudy skies continue over western Oregon and western Washington, but no appreciable amount of rain fell during the last twelve hours at any station excepting Portland. East of the Cascade mountains fair weather prevails this morning, though light rain fell at Spokane and Pocatello during the night. The British Columbia disturbance has moved eastward to Alberta. This disturbance is not of pronounced character, and only light scattered rainfall over British Columbia, eastern Washington and western Montana attended its eastward course.
