TONIGHT'S AMUSEMENTS.

Baker.....“Secret Service”
Lyric.....“Nell Gwynne”
Star.....“The Toreadors”
Grand.....Vaudeville

The members who joined the Young Women's Christian association during the “nip and tuck” contest will be made especially welcome Sunday afternoon from 4 to 6 o'clock at the association rooms, Sixth and Oak streets. Miss Ida Pugh will give a talk on the Melanese and Chinese people, illustrated with stereopticon views. Miss Pugh is a returned missionary, so what she may tell of her personal experiences in a foreign land promises to be intensely interesting. Musical features of the “at home” include solos by Mrs. L. Hammond, Miss Sva Wells, Mrs. Guy A. Spooner and Milton Runyan. An informal social time will follow the program.

By the decision of Judge O'Day in the circuit court, Rose Daly yesterday won a suit for $225 damages from the Scott Hotel company. She sued for $550 for the loss of goods alleged to have been ruined by dampness while stored in the basement of the hotel. The goods were in a large trunk, which was produced in court, along with dresses and lingerie that had been packed in it. The defense pleaded an act of God, showing by the records of the weather bureau that during the time the trunk was stored there took place in the month of July the second heaviest rainfall in an hour that has been recorded.

Six months on the rockpile was the sentence imposed on Roy Haywood by Judge Gantenbein in the circuit court yesterday, after he had pleaded guilty to the charge of stealing $30 worth of clothing from J. E. K. Armstrong of 108½ Fourth street. Haywood committed the crime while under suspended sentence in the municipal court, and he had previously been before Judge Gantenbein in the juvenile court, being now just over 17 years of age. He was also confined for a time at the Chehalis industrial school. Harry Robinson, who is charged with being implicated with Haywood in his last theft, will be tried in the juvenile court.

F. C. Whitten and J. C. Bryant have begun suit in the circuit court to recover $10,507 from M. C. Griswold, alleging this sum to be due on a timber deal. They assert that they obtained a purchaser for 8,406 acres of land in Lane county owned by Louis E. Bean and Dr. T. W. Harris. The plaintiffs say they had an option on the land for $210,149 and they allege that Griswold agreed to purchase from them for $285,149. Griswold later abandoned the deal with them and purchased the tract through the Security Savings & Trust company for $210,149. They now claim the usual 5 per cent commission on the sale.

Elaborate preparations are being made for the twenty-seventh annual encampment of the department of Oregon, Grand Army of the Republic veterans, which will be held this year at Newport, June 24 to 26, inclusive. The committee of arrangements announces that board and lodging is guaranteed not to exceed $1.25 per day, and the Astoria & Columbia River railroad will make the usual rate of 2 cents per mile. Excellent camping facilities will be available. It is expected that the coming meeting will be one of the most successful in the history of the department of Oregon.

Sanderson Reed and W. S. U'Ren will discuss the proposed amendment which is intended to give all political parties representation in legislation proportional to their comparative voting strength. As it now stands a weak party is voted down all over the state, while under the new scheme all parties will have a chance for representation. The debate will take place in the Y. M. C. A. auditorium and is a continuation of a series that has been running for the past month, with the view of thoroughly airing the measures that come before the voters in June. All voters are welcome.

At a meeting of the Multnomah Bar association to be held at the Portland Commercial club next Tuesday evening, Judge McBride will give an address. His subject will be “Legal Reminiscences; Pious Reflections, and Pointless Parables.” There will be a number of speakers and the program will include a dinner. The occasion will be one of the most notable monthly meetings of the year for the bar association.

Court Webfoot, No. 4, Foresters of America, is getting up what will be when completed one of the handsomest lodge rooms in the city. The lodge recently leased the old Elks' hall in the Marquam building and has let a contract for the general overhauling of the quarters. The arrangement of the hall will be entirely new and the decorations in entire harmony with the observances of the order.

The following resolution was heartily indorsed by the Woman's Union Label league at their regular session last evening and a copy of the same sent to each member: “Resolved, That this organization call upon all labor unions of the city to inaugurate a systematic agitation among their members to abstain from trading after 6 o'clock on any night in the week and especially on Saturday night.”

Beginning of the Sunday trolley excursion season on Portland Railway, Light & Power company. Special rates tomorrow to all points on the upper Clackamas river. Boring to Estacada, inclusive, 75 cents round trip. Trains leave ticket office and waiting-room, First and Alder streets, 7:15, 9:15, 11:15 a. m.; 1:15, 3:45, 6:15, 7:25 p. m. Tickets must be purchased on sale after 7:30 Saturday nights. Dinner at Hotel Estacada, 50 cents.

A temperance rally will be held Sunday night at 8 o'clock at Sellwood Methodist Episcopal church. This is a union meeting of the Methodist, Presbyterian and Baptist churches. Hon. W. P. Elmore, president of the Bank of Brownsville, will speak on “How Brownsville Has Done Without Saloon Licenses, and the Conditions in Linn County.”

William C. Gifford of Portland hotels and Miss Lottie Wann of 391 East Ninth street were married Wednesday noon in the parsonage of the White Temple. The happy couple are now at home to their friends at 571 East Seventeenth street. Mrs. Gifford is an Oregon girl, having been born and raised in Hillsboro, and is also well-known in this city where she has spent several years recently. Mr. Gifford holds an important position in the Portland hotel where he is responsible for everything served in the dining room. Mr. and Mrs. Gifford have the best wishes and congratulations of a host of friends.

Articles lost and found on the streetcars May 21 and 22: Thirty-seven umbrellas, 1 package clothes, 3 purses, 1 glove, 1 dozen cigar boxes, 1 brush hook, 1 package ladies' underwear, 2 plates, 2 satchels, 1 hatchet, 2 cans, tin; 3 canes, 1 pair glasses, 4 packages, 1 union card, 2 rolls of bedding, 1 package of books, 2 lunch boxes. A glove that has been called for has been found. Call at the lost article room of the Oregon Water Power & Railway station, corner First and Alder streets.

“Seeing the Rose City” by trolley, the most complete way of seeing Portland's west and east side business and residence districts. Panoramic view of the entire city, the Willamette and Columbia rivers and surrounding mountains, towns, villages, from Portland and Willamette Heights and Council Crest, scenery unexcelled. Observation cars leave Second and Washington streets 10 a. m. and 2 p. m. daily. Fare 50 cents.

The G. A. R. post of Sellwood with the ladies of Blackmar circle will assemble in the Sellwood Presbyterian church at 11 o'clock Sunday morning to attend memorial services. There will be a mass meeting at the Methodist church at East Fifteenth and Tacoma streets at 8 o'clock Sunday evening, at which the local option question will be discussed.

Because the state lacked a witness, the cases against Luther M. Miller, Henry C. Knight and J. F. Kinser, the three St. Johns saloonmen who were arraigned in Justice Olson's court yesterday on a charge of selling liquor on Sunday, were postponed. Judge Olson holds that he has jurisdiction in the cases.

Water through hose for sprinkling yards or sidewalks or washing porches or windows must be paid for in advance and used only between the hours of 5 and 8 a. m. and 5 and 9 p. m. It must not be used for sprinkling streets. If used contrary to these rules or wastefully it will be shut off.

Trolley trips on Portland Railway, Light & Power company tomorrow to Oregon City and Canemah Park, 45 cents round trip. Dancing and baseball at Canemah park. Cars leave First and Alder streets every 30 minutes, on the hour and half hour.

Council Crest Dancing Pavilion—Grand opening Sunday evening, May 24, under management of A. V. Weinberger, Mrs. Rose Weinberger's orchestra. Come and dance in the pure air and most attractive pavilion; 1,200 feet above the city.

Illustrated lecture on Norway at Taylor Street Methodist Episcopal church, Monday evening. Explanations in English and Norwegian. Highly educational and entertaining. 25c and 50c.

Wanted, a good-looking young horse, weight 1,000 to 1,200 pounds, one that lady can easily drive in buggy. Address P-251, Journal.

Walter Thomas Mills speaks on the single tax amendment this evening, street meeting, Sixth and Morrison, and Fourth and Alder.

Steamer Jesse Harkins, for Camas, Washougal and way landings, daily except Sunday. Leaves Washington street dock at 2 p. m.

D. Chambers & Son, opticians, now at 321 Morrison street, Marquam building.

WAREHOUSE FOR PLOW COMPANY

Oliver Works Begins Construction at East First and East Taylor.

James Oliver, second general sales manager for the United States, representative of the Oliver Chilled Plow works of South Bend, Indiana, has been in the city for the last two or three days on business connected with his company's interests. Yesterday he signed the contracts for the erection of a three-story and basement brick warehouse 100x100 feet, to be erected on the northeast corner of East First and Taylor streets, on property purchased by the company last November.

The company owns the entire half block at this point, but will develop at this time only the western half of their holdings. The building is to be red brick, and the interior of the latest mill construction, while every precaution is being used to reduce the fire hazard to the minimum possible point, with sprinklers installed over the entire building. The building is most admirably located for the purpose intended, since it has direct frontage, with side-track on the main line of the Southern Pacific, and every convenience will be installed to facilitate the economical handling of business.

The construction is to be rushed as fast as possible, since goods for the new warehouse are already on the road for delivery in July. The building contracts were signed yesterday at 11 o'clock, and construction began at 1 o'clock on the same day. Plans and specifications and superintendence of this building are under the direction of MacNaughton, Raymond & Lawrence, with offices in the Concord building.

Owing to the fact that the Oliver people are exclusive manufacturers of plows, it speaks with emphasis for the growth of this Pacific northwest when this company's business has increased in the past few years to such an extent that they are compelled to erect a building of their own to handle their continuously expanding business. To use Mr. Oliver's own words, “this Pacific northwest promises to be the center of the greatest activity in this country in the next 25 years, and our company intends to be in a position to meet the demands of the country as they arise. We have unlimited faith in the future.”

ANCHOR NEW GRADES WITH MONSTER ROCKS

O. R. & N. Company Making Permanent Improvements to Resist Floods.

Changing conditions in the timbered regions along streams crossed by the O. R. & N. Co.'s main line in Oregon have forced the company to adopt new policies in its maintenance department. The road has had to adopt ideas that would successfully restrain the elements in their destructive course. Floods are more severe as the agricultural areas spread and the timber is cut off.

Steel bridges and concrete culverts are rapidly taking the places of old wooden piling structures. The new work is on much larger scale, and allows for greater volumes of water passing through. The grades are being widened and riprapped in many places, and danger points are being eliminated.

To be sure that no future freshet shall destroy its tracks on the Blue mountains, the company is there doing some of the heaviest grade work ever attempted in Oregon. A monster steam shovel which handles four yards of dirt at a dip is employed in lifting rocks weighing from three to five tons and placing them as a foundation for the grade. It is thought that these massive stones will resist any flood which may come down Meacham creek in future, and the entire summer will be devoted to repairing the grade where the high water of six weeks ago destroyed about a mile of track. A work train is engaged in hauling rock and all of the new grade made will be anchored with monster rocks weighing from one to five tons. The grade that is now being repaired has washed away every year for the past three years and the company has determined on permanent repairs.

BROOKLYNITES AGAINST STOPS ON NEAR SIDE

The Brooklyn Republican and improvement club met last night at the club's rooms on Milwaukie and Powell streets and elected officers for the ensuing year. The following delegates to the banquet of the United East Side Push clubs were appointed: Rev. Father Gregory, M. G. Griffin, F. Hayek, P. J. Kelly and A. L. Keenan. Resolutions were adopted disapproving the new rule of the streetcar company in stopping at the near side of the street intersections. A committee was appointed to ask for new fire hydrants for Brooklyn. The membership committee reported a roll of 150 members. A. Van Hoomissen spoke in favor of rebuilding the Madison bridge from East Mill and Second to Clay and Front street. The following were the officers elected by the club: President (reelected), A. G. Rushlight; vice-president, A. L. Keenan; secretary and treasurer, H. W. Strong; executive committee, George J. Cameron, P. J. Kelly, F. Hayek and W. T. Fleskes.

ASK WATER BOARD TO USE HYDRANT MONEY

At the meeting of the Sixtieth Precinct Improvement association last evening a resolution was passed as follows: “Resolved, That this association deprecates the action of the water commission in refusing to purchase hydrants for which the council has appropriated $42,000, and we urge that the commission buy these hydrants at once and ask all improvement associations to take similar action.”

As a fire which might have been very disastrous with a strong wind occurred in Montavilla lately, the Sixtieth precinct people took the view that it is all wrong to have water running in pipes under the ground right next to where dwellings are burning and no means to connect a hose with those pipes. The discussion of this subject brought forth the resolution. The matter of district street improvement is progressing and something more definite may be announced before long.

The assailant of Louisa Pickel, the young girl who was brutally attacked on Wednesday morning, is still at large. Albert Bradwick, an old gentleman of spotless reputation, was arrested by the police last night, but he was exonerated this morning when Louisa Pickel testified that she had never before seen him. Mr. Bradwick lives at Mount Tabor and also sells wares. As the peddler who attacked Louisa Pickel told her he lived in that vicinity it was an easy matter for the police to connect him with Mr. Bradwick.

Mrs. J. P. O'Brien, wife of the general manager of the O. R. & N. company, yesterday had stolen from her two Turkish rugs, valued at $40 each, and a Navajo blanket, valued at $20. The police have been notified and are now searching for a junk dealer who is supposed to have committed the theft.

USELESS TO SPEND MONEY, SAYS LANE

Veto to Ordinance Providing Funds for Survey for Garbage Crematory.

Mayor Lane has vetoed the ordinance appropriating $500 for making an examination of the islands and banks in the north harbor for determining the feasibility of establishing a crematory. Mayor Lane believes that the system of hauling garbage by barges to the crematory would be the most expensive method that could be adopted. His message follows:

“To the Honorable Council—Gentlemen—I herewith return ordinance No. 17,654 no approved. This is an ordinance which appropriates and provides for the expenditure of $500 for making an examination for the purpose of ascertaining the feasibility of constructing a garbage crematory on the river bank or some island north of the city and convey the city's garbage to the same in barges.

“In respect to this ordinance I would say that I consider it a useless expenditure of the people's money.

“The city owns no islands or river front property either north or south and even if it did the conveyance of garbage to it in barges to be there dug out of such barges and afterward destroyed, would in my opinion be the most expensive method which it could adopt for its disposal.

“So far as I can ascertain the most approved modern method for the successful disposal of such waste matter requires it to be handled as little and as speedily as possible.

“HARRY LANE, Mayor.”

CHILDREN'S ROOM WILL CLOSE EARLY

The children's room of the public library will be closed at 6 o'clock on Saturday evenings until further notice.

The collection of butterflies lent to the library by Mrs. W. M. Ladd is now installed upon the landing between the two floors and is attracting a great deal of attention. Lists of books on butterflies may be found upon the cases. “Butterflies of the West Coast,” by W. G. Wright, with its many colored illustrations, is particularly useful in identifying the butterflies of this vicinity.

WHEAT SAMPLES SHIPPED TO ENGLAND

By request the chamber of commerce today forwarded to the Liverpool Corn Trade association, limited, of Liverpool, England, 40 samples of wheat shipped from this port. The samples go by express and securely sealed so that no question can be raised about their having been tampered with enroute. The samples were as follows: Ten bags No. 1 bluestem, 10 bags No. 1 white Walla Walla, 10 bags No. 1 red Walla Walla, 10 bags No. 1 red Fife.

DR. N. J. FULTON
NATUROPATH.
If a man or woman only KNEW—if they would study and learn something—then I would say
“It's Your Own Fault If You're Sick
And not quickly cured.” But like a sheep that in the hands of its shearers is dumb, so is the ordinary man or woman
STUPIDLY SENSELESS
When it comes to treatment for their diseases. They awake in the morning and “Don't feel well!” There's something wrong, and away they fly to the doctor's—or phone him to hurry to them—and then the music starts. He scratches his “pharmacopoeia,” examines the tongue, feels the pulse, shakes his head, looks wise, writes a Latin something, says he'll “call again tomorrow,” returns to his office, enters a charge upon his book, figures on his next real estate investment—and there you are. The druggist reads the Latin bottles up a few ounces of rank blood poison, sends it over to the patient and —once in a while
NATURE BEATS THE POISON.
The patient recovers and “That doctor is certainly a wonder! He cured me!” Truth is, Nature cured, despite the poisonous drugs, precisely as Nature, applied by me, cured this poor sufferer at Milwaukie:
Milwaukie, Feb. 27, 1908—For 25 years I suffered from inflammation, and those delicate troubles usual to my sex, and several times during the last 12 years was unable, for months, to be on my feet, and was in bed the greater part of the time for 18 months before I went to Doctor Fulton. At that time I had come to the conclusion that my kidneys were affected. When I began treatment with the doctor last May I was bloated, had throbbing pains in my head, and at times a severe pain in the region of my heart. I also was exceedingly nervous and my lower limbs seemed heavy and lifeless and very much swollen. After the first few Naturopathic treatments I was less nervous than I had been for years, and AT THE END OF FIVE WEEKS WAS A NEW WOMAN! Now I can do all kinds of work, and lately WALKED FIVE MILES IN ONE DAY!
MRS. SARAH HATHAWAY.
IT MAKES ME SORRY
To contemplate the ignorance of sick people. Many are bright as a dollar, educated and smart, but when it comes to “doctoring” are stupid as a goose and blind as a bat. This comes of the Latin prescription. They never know what they have been “fed”—think it must be right because it is so “mysterious.”
As Not Right! It's a Fraud! It Is Downright Deception and Injury to Human Constitutions.
I dislike to speak thus plainly, but I must speak the truth. I use no drugs or medicines at all. AND I CURE MY PATIENTS AND THEY STAY CURED, TOO.
