MONEY OR DIAMONDS

If You Have Diamonds you also have money, and with both what more could you ask for. You are advised that during all this financial trouble diamonds did not drop in price, and what is still better, you expect to see them take another raise before long.

An investment in diamonds is like buying gold bonds. You can't lose and whenever you want to turn them into cash it is easy. Fortunately we bought a very large stock of diamonds during the last raise and therefore can offer some exceptionally good values.

Business coming from our stores needs no further recommendation, as we never misrepresent; that accounts for the immense trade we have built up and which we are today.

PURITY WITHIN AND WITHOUT THE SUBJECT

The county W. C. T. U. held an institute at the Friends' club Friday. After the opening devotional exercises Mrs. Edith Whitehead gave a talk on "Purity," emphasizing the meaning "Christianity" in the W. C. T. U. and that carrying it out into life made a double standard of life for men and women impossible. Prevention is better than cure she said.

Mrs. Haskins of Mount Scott recited a poem, Mrs. Alice Hanson sang "A Little Bit of Love." Mrs. Bertruche, Sunnyside, gave a fine address on the work of the W. C. T. U. in the home, showing the need of work among the children and of training young women to carry it on.

An hour was spent in luncheon and social intercourse. Dr. Esther Pohl being detained, Mrs. Macy of Newberg talked on "Health and Heredity," emphasizing right living, a following of the laws of health in eating, exercise, etc. Rev. J. Hanson also talked on the subject, emphasizing the need of a sound mind in a sound body. Mrs. M. Fullerton sang "Wash Me Now, Without, Within."

F. B. Rutherford gave a convincing address on "Clive Righteousness," speaking of the sharp struggle between good and evil, the need of strong men and women to stand against all opposition, and that the good element is in the majority in our country and can carry the day for righteousness.

Mrs. Harford was introduced and spoke of the work of the church, and asking that an effort be made along the line of raising the standard of purity. Ward Swape had charge of a medal contest in the evening and after an interesting exercise the judges awarded the prize to Master Way Hoop. Walter Day, 411 1/2, gave an address of great power, showing that there are no rights without corresponding duties and that society cannot bestow a right to one to injure another.

WOMEN SLEUTH ON A FALSE SCENT

The Japanese apprehended yesterday at the instigation of Mrs. L. C. Hartman, a woman sleuth of Portland, proved not to be the criminal whom she was attacking girls near Second and Caruthers. Yesterday afternoon Officer Circle took before Miss Maud Van Kraen, who is employed in a bakery at the corner of Third and Columbia streets, and who was attacked last Saturday night, and she instantly recognized him.

WILSON CLOSING A STRONG CAMPAIGN

Legislative Candidate Has Been Touring Clackamas With Chamberlain.

A. King Wilson, Statement No. 1 candidate for joint representative from Multnomah and Clackamas counties, has been making a whirlwind campaign through the two counties and was everywhere greeted with enthusiasm and large houses. His stand in favor of Statement No. 1 seems to have been remarkably popular with the voters.

Friday afternoon Mr. Wilson and Governor Chamberlain spoke to a large crowd at Canby, the talk given by Mr. Wilson being entirely on Statement No. 1.

A. King Wilson.

1, while Governor Chamberlain, who warmly indorsed the candidacy of Mr. Wilson, explained the results of the supreme court decision in the Willamette locks case which will mean a saving of probably 50 cents a ton in freight shipped by the Willamette valley farmers. This decision in the suit which was inaugurated by Governor Chamberlain, declared that the Portland General Electric company should pay 10 per cent of its receipts for the locks that have accrued for the past eight years, and also recognized the right of the state to take over the locks at any time. The electric company has never paid a dollar to the state since the construction of the locks.

In speaking of Statement No. 1 and the plan of some candidates elected on that ticket to go back on their word, Governor Chamberlain said their position was analogous to that of a farm hand, hired to work for \$1 a month who, when he had received his money declined to take orders and asked what his employer was going to do about it. Speaking at Oregon City Friday evening and his advocacy of Statement No. 1 was received with great applause.

OFFERS REWARD FOR DOG-POISONER

"The dangerous and contemptible person who scatters poisoned meat broadcast on the public streets has begun operations again on the east side," said John Edwards of 721 East Taylor street yesterday. "I have just lost a valuable setter because of this criminal's actions, and I am willing to give a cool \$50 to find out who did it. The dog got the meat on East Taylor between East Twenty-first and Twenty-eighth streets. This is not the only case, either. Several dogs have been poisoned in that vicinity of late and there is no doubt but that some fiend in human form is putting a deadly poison where dogs can get it. For one will try my best to give the coward a year on the rockpile. There is a strict law in this city covering this very crime, and it will be enforced to the limit if we catch the criminal."

EAST SIDE WARDS ARE ALL MORE POPULOUS Eighth Leads the City With 5,305 Registered Voters as Dwellers.

Deputy County Clerk Snyder has completed a tabulation of figures of registration by precincts and wards, this being a big task. It shows that every east side ward contains more voters than any west side ward. Lowest on the west is the First, which has only 1,187 voters, and the largest is the Fifth, with 3,078. The banner ward in the city is the Eighth, which has a registered vote of 5,305. The lowest east side ward is the Seventh, with 3,267. The county precincts muster an even 4,900 voters.

That Oregon engineers are able to hold their own with those of any other state in the union is shown conclusively by the result of the Lippincott prize contest whose opening was announced last November.
