

PUSH LINE TO JOSEPH

Orders Received by O. R. & N. Manager to Complete Extension from Elgin Into Rich Wallowa Valley, a Most Fertile District.

In the afternoon mail budget from the east to General Manager J. F. O'Brien of the O. R. & N. company yesterday came the long expected instructions from New York to proceed with construction of the Elgin-Joseph branch. About \$500,000, the amount necessary to complete the line, has been provided. From 300 to 400 men will be put on at once.

For the last two months the authorization from Mr. Harriman for this work has been expected daily. As soon as the effects of last year's money stringency began to wane Mr. O'Brien made application for the necessary funds to complete the road to Joseph. As reported in The Journal at that time, the instructions to proceed were inevitable as the line had been built too far to abandon it, and the completion of the track to Joseph was only a question of a short time. The work could not well have been resumed earlier than the present time, owing to the copious rains and the soft condition of the grade.

Top Rich Region.
The Wallowa county extension will be about 53 miles and will tap one of the richest livestock, grain and fruit raising sections of the inland empire. The scenic beauty of Wallowa county is a feature of the extension. It is said the road will open a region that is a paradise for the tourist and the sportsman.

About 15 miles of the line, from Elgin through the Grand Ronde canyon, is already in operation, and the grade is completed to within a few miles of the entrance to the Wallowa valley. It is believed that with the energy General Manager O'Brien will throw into the work the road can be completed into Joseph within the next three or four months.

Road Through Mountains.
The route is a difficult one for about half the distance from Elgin to Joseph. It runs through a very rough, mountainous region, subject to severe storms of rain and snow in their seasons, and only the most substantial construction work will hold. The road will be first-class construction, of the same character that Chief Engineer Buschke has laid in the Lewiston-Riparian line, the Elgin extension, and numerous main line changes. About \$1,000,000 has already been spent on the Elgin-Joseph branch, and when completed it will have cost in the neighborhood of \$1,500,000.

SOLDIER A VICTIM

(Continued from Page One.)
"Miss Goldman's lectures work harm on people like Buwaida, who can be easily influenced," said he. "She inflames them to do things that in their calm senses they would never think of. She is entirely responsible for Buwaida's imprisonment."
General Funston would not talk about the fleet and the advisability of its being kept on the Pacific coast. He said that he did not desire to discuss matters of government policy. The general is apparently in the best of health and says he never feels better.

WILL EXTEND ELECTRIC LINE TO BAKER COUNTY IMMEDIATELY

(Special Dispatch to The Journal.)
Baker City, Or., May 26.—It is the intention of the Grand Ronde Electric company to construct 33 miles of electric line this summer from Union to connect with the Rock creek line in Baker county at a cost of approximately \$50,000. This line will connect with the lines of the Fremont Power company at the Red Boy mine, to the south of Sumpter, thus assuring the patrons of the Grand Ronde company ample power the year round.
The company will also erect a brick addition to the union station 2 1/2 x 4 one and one half stories, for transformers. The company has out upon the line at the present time a force of men making all necessary repairs and placing the line in first-class condition.
The pole contract for the Rock Creek extension will probably be let in Union and this city will probably be the headquarters for construction work.
Connection with the Rock Creek and Red Boy plants will give the Grand Ronde company the privilege of using 2,000 more horsepower for all needs in the Grand Ronde valley for some time.
General Manager Housh assures patrons that his company will do all in its power to furnish satisfactory service.
With the exception of a freeze up last winter, the service of the Grand Ronde company has always been satisfactory, and Mr. Housh announces that there will be no more trouble after this summer.

CUNNINGHAM HENS ARE PERFECT LADIES, SO THEY ESCAPE JAIL

Mrs. J. L. Hamilton, residing near George and Fremont streets, was this morning accused by Harry Cunningham, 718 George street, of setting real traps for his unwary chickens to enter. Mrs. Hamilton denied the allegation.
Cunningham was brought into court on a complaint sworn out by Mrs. Hamilton charging him with allowing his chickens to trespass on her property. The hearing of the case developed into a spirited controversy between the complainant and the defendant.
"Didn't I tell you and your wife and your children time and time again that it was against the law to let those chickens run over your yard, and didn't I show you this ordinance that I've got right here in my grip?" asked Mrs. Hamilton.
"And don't everybody know that you're just trying to get to be appointed officer in that neighborhood?"

Anyway, my chickens never do any damage. They run all over my garden and never damage anything," answered Mr. Cunningham.
Owing to the exemplary traits of Mr. Cunningham's chickens Judge Cameron was inclined to leniency and so the case was continued until June 2, at which time Mrs. Hamilton will report on their behavior.

NATURE AND A WOMAN'S WORK

LYDIA E. PINKHAM

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon the roots and herbs of the field to cure disease and mitigate suffering.

The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. Bertha Muff, of 515 N.C. St., Louisiana, Mo., writes:

"Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my troubles public.
"For twelve years I had been suffering with the worst forms of female ills. During that time I had eleven different physicians without help. No tongue could tell what I suffered, and at times I could hardly walk. About two years ago I wrote Mrs. Pinkham for advice. I followed it, and can truly say that Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice restored health and strength. It is worth mountains of gold to suffering women."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Muff, it will do for other suffering women.

WORD POINTS

(Continued from Page One.)
finance methods employed by the officials of the Title bank in capitalizing wildcat schemes with the depositor's money, and paying the subscribed stock of the Title Guarantee & Trust company with the hot air bonds of 24 satellite concerns in which the trust company held the controlling interest. Mr. Manning spoke of the bank proceedings, told of the persistent fight made by the senate to hold trial and how he had at last succeeded in getting the matter before a jury in Marion county. The nearer the trial the more he was re-elected he would continue the prosecutions as long as there were any officials of the Title bank. He cast his position on Sunday closing of saloons and pointed out that his opponent had failed to do this. He would do for the people, on the saloon question or any other question other than that if he were elected he would do for the people no other than Republican deputies in his office.
John A. Jeffrey, candidate for congressman, King Wilson, candidate for joint representative, and Oglesby Young, candidate for railroad commissioner, and E. E. Kahala, Democratic candidate for justice of the peace, delivered short addresses in which each defined what his policy would be if elected.

TWENTY TO LEAVE HALLS OF WHITMAN

Largest Graduating Class in School's History—Commencement Program.

(Special Dispatch to The Journal.)
Whitman College, Walla Walla, Wash., May 26.—Twenty students will graduate from Whitman college this year, the largest graduating class in the history of the institution. Elaborate preparations are being made for the exercises of commencement week, the twenty-sixth annual commencement festivities of the institution. They will commence Friday, June 5, and extend until June 10. The week will open with the forty-second annual graduating exercises of Peabody academy, when a large class will be graduated from the preparatory department. Saturday there will be the annual college picnic at the old Whitman mansion, about eight miles west of the city, and in the evening the graduating exercises of the conservatory of music. On Monday, June 8, Sunday the baccalaureate sermon will be preached by President S. B. L. Pearce and the sermon to the Christian associations by Rev. E. A. Paddock of Boise, Idaho. Monday there will be a musical lecture in the afternoon by Walter Damrosch, leader of the New York Symphony orchestra, and in the evening a concert by the orchestra. Tuesday will be given to the annual meeting of the board of trustees, class day exercises, an alumni dinner, and a concert by the faculty of the conservatory. Wednesday is commencement day, when the class of '08 will receive their diplomas. The exercises closing with an elaborate concert given at Reynolds' hall. Three members of the senior class, who have "magna cum laude" standing have been chosen to deliver orations. They are Edward Mason, Alfred Livingsood and Madge Fowler. The members of the graduating class are Hattie Cleveland, Mayssel Cooper, Howard Cox, Alfred Livingsood, Lester Livingsood, Ruby Lyman, Mary Mallon, Edward Morgan, Arthur Morgan, Eledice Paddock, Roy Perlinger, Radford Rigby, Grace Sweetser, Caroline Wasson and George Woodward.

President of Whitman Glee.
(Special Dispatch to The Journal.)
Whitman College, Walla Walla, Wash., May 26.—Paul Porter Brainerd of the junior class was selected last evening as president of the Whitman College Glee club for 1908-09. He has been an active member of the organization for the past two years, and this year has been its very efficient manager. He is prominent in many lines of student activity. The club members presented their director, Professor Robert L. Schofield of Whitman, Conservatory of Music, with a handsome gold watch fob with engraved lockets.

King and Queen Hosts.
(United Press Licensed Wire.)
London, May 26.—Accompanied by the king and queen of England and the nobility of the Palace of Versailles, France, visited the Franco-British exposition, where great preparations for their reception had been made.
