

STEAMER AEON TO LOAD HERE

Large Tramp Added to Big Fleet of Lumber Carriers.

CARGO GOES TO NEW ZEALAND

Combined Capacity of Steamers Fixed to Carry Away Lumber During Next Few Weeks is Approximately 35,000,000 Feet.

Another large tramp steamer was chartered this morning to carry away lumber, so that there is now an even dozen of them headed for this port under fixture for that purpose. The latest addition to the list is the Aeon, of 3,026 tons net register and flying the British flag.

The Aeon will carry 1,000,000 feet to New Zealand and possibly she will take 2,000,000 for Australia. Unless she takes general cargo to fill the space not required for the 1,000,000 feet of lumber, she comes here in the Frank Waterhouse line from San Francisco, where she will probably take on a shipment of redwood.

The other tramp steamers en route to load lumber here are the Tabor, Guernsey, Strathfillan, Inverkip, Taunton, Forster, Madras, Alanton, Craighall, River Porth and Earl of Carrick. Of these the Guernsey and Tabor fly the Norwegian flag, the others flying the British colors.

The combined capacity of these steamers is approximately 35,000,000 feet of lumber. Some of them are due to arrive here in a few days, while others might not get here for a month or six weeks. The nearest at hand to Waterhouse line is the Norwegian steamer Guernsey, which should reach the mouth of the Columbia during the latter part of next week. She is at San Francisco discharging a cargo of coal from one of the Atlantic coast ports.

The steamer Strathfillan is coming from Java in ballast, but with that exception the entire fleet is coming from ports along the coast, some from San Francisco and others from Puget sound. The Taunton is scheduled as coming from a Mexican port.

REPAIRING DOCK SLIP.

City Puts Men to Work at the Foot of Stark Street.

A force of men went to work this morning fixing up the slip at the foot of Stark street for the accommodation of the officers and crews of the warships that are due to arrive here during the latter part of the week.

A plank walk is being laid up the incline from the water's edge to Front street and a float is being built to be moored alongside the slip already provided. It is intended to improve the slip permanently some time, but so far the city has not seen fit to make the necessary appropriation.

RAN INTO BIG SEAS.

San Francisco Liners Arrive After Thrilling Experiences.

The steamers State of California and George W. Elder encountered some very severe weather coming here from San Francisco this trip. Their decks were under water half the time and most of the passengers remained in shelter during the entire voyage.

It is seldom that officers of the regular liners running out of here admit having bucked rough weather because they are used to heavy swells and strong winds, but this trip they made no attempt at saying that the weather was good. They admit it was about as rough as can well be expected.

The steamers reached their respective docks late last night, both bringing good passenger lists and full cargoes, but a day late. This was due to the terrific headwinds and tremendous seas into which they had to plunge.

The steamers pitched so that it was almost impossible to keep one's feet, and to keep the deck from being turned into a seething mass of foam the en-

gines had to be slowed down to half speed.

The State of California came north in command of Captain Nopander, formerly of the Senator, and with Chief Engineer Reid in charge of the engine room. Captain Hall and his officers and crew who brought the liner here last trip are in quarantine at San Francisco, a case of smallpox having developed on board on the voyage south.

ALONG THE WATERFRONT.

The steamer Eureka leaves for Eureka via Coos Bay this evening. She arrived here last night.

The steamer Yeddo is loading lumber at the mills of the St. Johns Lumber company for Australia.

Captain E. W. Spencer says that he will give a \$1 rate to Astoria and back the moment the E. P. A. M. company puts the Bailey Gatzert on the run in opposition to the Charles R. Spencer. The Spencer will take an excursion to Astoria next Sunday, leaving here at 9 o'clock in the morning.

After taking on a shipment of wheat at Columbia dock No. 2, the steam schooner Radondo will go to Tongue Point to load lumber.

New Wharf at Hoquiam.

(Special Dispatch to The Journal.) Hoquiam, Wash., May 27.—The new river front wharf between Sixth and Seventh streets is being rushed to completion, and will be a great convenience to the boats discharging freight as well as to the general public. The land on which it is built was deeded to the city by Minnie Kelton, today abandoned the claim in exchange for the vacation of Ninth street.

Minnie Kelton Gives Trouble.

(Special Dispatch to The Journal.) Astoria, Or., May 27.—Captain General, who is here superintending the raising of the derelict steam schooner Star, Minnie Kelton, today abandoned the claim of bulkheading her, as he found she was sinking in the sand below Smith's point. He will put a powerful donkey engine on her to keep her out with anchors to keep her from sinking deeper.

BETTER CHERRY FAIR THAN EVER

Date July 9 and 10—Twenty Cups Offered—Flower Show Included.

(Salem Bureau of The Journal.) Salem, Or., May 27.—The third annual Salem cherry fair will be held at Salem Thursday and Friday, July 9 and 10, according to definite decision yesterday of the cherry fair commissioners. The fair this year will be grander in every respect than any previous fair and will be open to both Washington and California competitors as well as those of Oregon.

In addition to the cherries, for which a large number of cups and premiums will be offered, there will be premiums for other fruits as well as roses, sweet peas and a large variety of other flowers. The fair is held under the auspices of the Pacific Coast Nurserymen's association with the organization of the commercial bodies of Salem and the horticultural societies of Marion county will cooperate.

Twenty cups are offered to competitors. Cups will be offered for the best 10-pound box of Royal Anne, best box of Lambert, Bing, Black Republican, Deacon, Hoskin, best display of cherries on plates, best display of cherries in commercial pack, sweepstakes for best box of any variety, first and second cup; best seedling of merit, best general fruit display, best berry display, best collection of sweet peas and roses and best all-round floral display.

At the meeting of the cherry fair commission last night the following sub-committee were appointed: Floral committee, Mrs. J. D. Sutherland, Miss Kittie Moore and Miss Marie Hofer; committee on rules, E. T. Reynolds; committee on exhibits, Charles V. Galloway and Charles Roth; secretary of the fair, E. C. Armstrong.

VANCOUVER FRONT ALL HILL'S NOW

Vancouver, Wash., May 27.—From what is believed to be a reliable source the report comes that the sawmill of the Pittock & Leadbetter Lumber company here will soon be dismantled and the machinery removed to a site at or near Washougal, 18 miles up the river.

The adjacent property owned or controlled by the Hill railway interests and would be a very valuable addition to the water front now belonging to the Hill people. Although O. L. Cummings, manager of the mill company, positive-

with cream or milk just before going to bed and see how peacefully you sleep. It means stomach comfort. That means tranquil nerves. That means sound, refreshing sleep. The strengthening elements in the whole wheat combined with the soothing tonic of pure barley-malt.

"FORCE" is made of the best white wheat, steam-cooked, rolled into thin flakes, combined with the purest barley-malt and baked. Always "crisp" it before serving it by pouring into a pan and warming it in oven. Then serve in large dish with cream, piling the flakes in one side of the dish and pouring the cream in the other side, dipping the flakes as eaten.

Your grocer sells it. No other Flaked Food is "just as good."
