New Province Added to That Wonderful Domain That Is Covering Arid Idaho—Grand Rush to Register—Drawing Monday.

(United Press Leased Wire.)

Boise, Ida., May 29.—Two hours after the registration books had been opened at Twin Falls this morning the drawing on the opening of the first 80,000 acres of land under the Twin Falls-Salmon River irrigation project, $500,000 had been deposited and 1,400 land seekers had registered.

A special train from Chicago arrived this morning and later a delegation of 500 from Wyoming and Colorado points reached the scene.

The opening will take place Monday and will be the biggest land drawing ever held under the provisions of the Carey act.

Only half of the acreage of the project is being opened at this time. The balance is to be thrown open next fall.

The tract is located south of the original Twin Falls project, and is part of a great system of irrigation works being developed by eastern capitalists under state supervision, covering 500,000 acres. It is the world's greatest irrigation achievement.

GRANEY TURNS DOWN OFFER OF IMMUNITY

Indicted Member of Frisco Fight Trust Refuses Flatly to Peach.

(United Press Leased Wire.)

San Francisco, May 29.—"I'll never be an informer; I'll never 'peach,' even to save myself from prosecution," is the reply of Eddie Graney, one of the indicted members of the prize fight trust, to the proposal of the prosecution in the graft cases that he turn state's evidence against Abe Ruef in return for immunity.

Graney says he was approached by agents of the prosecution who made the proposition which he quickly rejected. Incidentally, the offer of immunity discloses the fact that Ruef will next be tried on the indictments growing out of the charges that he paid the supervisors $20,000 to pass the omnibus prize fight ordinance. Testimony given before the grand jury shows that Graney was in Ruef's office when the $20,000 was passed under the table to Ruef, who was to hand it to the supervisors.

P. R., L. & P. Company Asks Council for Rights Over a Number of Streets on Both Sides of River in Response to Many Requests.

One of the first moves to be made by the Portland Railway, Light & Power company since the return of President Josselyn from the east was commenced this morning, when an ordinance was introduced in the council asking for a franchise to construct additional tracks in the city, chief of which will be the one to the Swift Packing plant and an extension connecting the Rose City Park line. The concessions asked for will cover many miles of streets and will represent an outlay of a large amount of money.

The extension to the packing plant will run on Patton avenue from Killingsworth to Pippin, on Pippin from Patton to Derby and on Derby from Pippin to the city boundary where the line will take the most direct route to the packing plant. The line connecting to the Rose City Park line will run out Sandy road from East Sixteenth to East Twenty-eighth.

Requests Have Accumulated.

There are about 25 extensions asked for in all, and represent the demands made upon the company by residents in the rapidly-growing outlying districts. The company officials have allowed the requests to accumulate until they could all be asked for at the same time. As soon as the franchise is granted the company promises to commence work upon the many lines and push them through to rapid connection.

No action was taken upon the ordinance today other than to refer it to the street committee. In the meantime the company will furnish each councilman with a separate copy of the ordinance. Following are the extensions asked for:

On Fourteenth from Savier to Thurman; Thurman, from Fourteenth to Sixteenth; on Twenty-seventh, from Raleigh to Upshur; on Upshur, from Twenty-fifth to Twenty-seventh; on Twenty-fifth, from Thurman to Upshur; on Irving, from Sixth to Seventh; on Alder, from First to Third; on Eleventh, from Montgomery to Jackson; on Wall, from Dawson to end of Wall; on Patton avenue, from Killingsworth to Pippin; on Pippin, from Patton to Derby; on Derby, from Pippin to city boundary; on Killingsworth, from Union to Williams; on East Twenty-eighth, from Gladstone to Kelton; on Gladstone, from East Twenty-eighth to East Thirty-fourth; on Sandy road, from East Sixteenth to East Twenty-eighth; on Halsey, from East Fifteenth to East Nineteenth; on East Fifteenth, from Tillamook to Shaver; on East Harrison, from East Twelfth to East Twenty-sixth; on East Twenty-sixth from East Harrison to Clinton; on Hamilton, from Corbett to West end of Hamilton; on East Eighth, from Hawthorne to East Morrison; on East Yamhill, from East Eighth to East Ninth; on Linn, from East Ninth to East Thirteenth; on East Ninth, from Linn to Marion; on Marion, from East Ninth to East Tenth; on Mississippi, from Killingsworth to Simpson; on Michigan, from Killingsworth to Simpson; on Jessup, from Mississippi to Michigan; on Simpson, from Mississippi to Michigan; on East Ankeny, from East Twenty-eighth to East Twenty-ninth; on East Twelfth, between Linn and Ochoco; East Eleventh, between Linn and Ochoco; East Tenth, between Linn and Ochoco; East Clay, between East First and end of East Clay; East Market, between East First and end of East Market.

FIRST STEP TAKEN TOWARDS "AMALGAMATION OF THE RACES"

(United Press Leased Wire.)

New York, May 29.—The first direct result of the activities of the Cosmopolitan club, which gave the famous dinner last month at, which white women and negro men were seated alternately at the tables, came today in the wedding of Joseph Antonio Maceo, a negro, and Isabel Mackey, a beautiful American girl and a decided blonde.

Maceo is a son of General Maceo, the Cuban patriot, and has been a student at Syracuse university, where he says his expenses were paid by the Cuban government.

The couple were not participants in the Cosmopolitan dinner, but each of them has been interested in the movement, which has as its lofty aim the brotherhood of all the races of the world.

The wedding ceremony was performed this morning in the First Baptist church by the Rev. C. A. Fulton, the pastor, and was attended by many of the Cosmopolitan club members, who look upon it as a great event, in the "amalgamation of the races."

The bride considers Maceo to rank with the princes of the world and looks upon his parentage as the highest and most to be desired inasmuch as his father was a soldier and a patriot.

Young Maceo is a negro of considerable attainments and, if he takes his bride to Cuba, she will have an excellent position in the best society of the island, it is said.

WORLD'S TEMPERANCE CONGRESS WILL BE NOTABLE GATHERING

(United Press Leased Wire.)

Saratoga, N. Y., May 29.—Advices that are being received daily indicate that the World's Temperance Centennial congress, which assembles here next month, will be the most notable gathering of its kind ever held. The first temperance society in history was organized in 1808 in the town of Moreau, in this county, and it is in celebration of the centennial of this event that the coming congress is to be held.

The sessions of the congress will be held in Convention hall and will last nearly two weeks. They will be participated in by representatives of temperance societies in the United States, Canada and Europe.

Governor Hughes has consented to deliver the address of welcome, and the responses will be made by Oliver W. Stewart of Illinois, former chairman of the Prohibition national convention, and Seaborn Wright, author of the prohibition law in Georgia.

WAINWRIGHT NOW COMMANDS SECOND DIVISION OF BIG FLEET

(United Press Leased Wire.)

Tacoma, May 29.—The booming of 13 guns at 8 o'clock this morning signalized the promotion of Captain Richard Wainwright to the rank of a rear admiral with complete command of the second division of the battleship fleet. The admiral's flag was hoisted over the Georgia and due naval honors paid the new and popular admiral. The promotion was given by President Roosevelt yesterday and included not only Captain Wainwright, but also Captain Seaton Schroeder, who ranks even above Wainwright.

When the fleet left the Atlantic ocean Admirals Evans, Thomas, Emory and Sperry were aboard in command of the four divisions. Evans and Thomas were retired, leaving the commands in the hands of the ranking captains. The president has now promoted both to the honor of rear admirals.

CONSTRUCTING AN AEROPLANE FOR UNITED STATES GOVERNMENT

(United Press Leased Wire.)

Springfield, Ohio, May 29. — The Wright brothers, most successful of all aerial navigators, today began preparations for the construction of an aeroplane which they expect to turn over to the United States government at Fort Meyer September 28.

The new machine will be practically an exact duplicate of the aeroplane which was smashed in the recent accident at Kill Devil Hill, North Carolina, when the operator pulled the wrong lever and sent the flyer diving to the ground.

The Wrights say the accident was unimportant and that they are confident the machine they will present for the test at Fort Meyer will fill the bill.

DIRECT UPON STOMACH

Possibility of Administering Local Treatment to That Organ.

After a series of experiments covering a period of many years, a well-known specialist in stomach disorders discovered that to administer local treatment to the stomach was a possibility.

As a result of his study of the diseases of digestion and nutrition, he prepared a prescription called Mi-o-na stomach tablets that acts directly upon the stomach and bowels, increasing their strength and power to digest whatever food is eaten and quickly restoring health to these important organs.

Headaches, giddiness, palpitations, heart-burn, sleeplessness, flatulence, bad taste in the mouth, irritability, drowsiness, coated tongue and full feeling after eating, are but a few of the many distressing results of indigestion. Mi-o-na never fails to dispel all these troubles, and all disorders of the stomach soon disappear when the remedy is used.

If you ever have the slightest symptom of indigestion or weak stomach, check its progress at once with Mi-o-na. The remedy is scientific, yet simple, and is fully guaranteed to be harmless under serial No. 1419 of the United States Pure Food and Drugs Law.

Woodard, Clarke & Co. believe so strongly in the curative powers of Mi-o-na in all diseases of the digestive organs that they give a guarantee with every 50-cent box to refund the money if the remedy does not do all that is claimed for it. They take all the risk and you lose nothing but your indigestion when you buy Mi-o-na, and that is a good loss.

WHAT PARDONS HAVE DONE

(Continued from Page One.)

of the inhuman brutality of publishing to the world a list of names of these men, as was done by the Evening Telegram. As political capital it has failed, but it has condemned to perdition and blasted the souls of these men who were trying honestly to do right."

Regarding Statement No. 1.

In taking up the political issues, Governor Chamberlain repeated his unequivocal position on Statement No. 1, declaring that no man, whether Democrat or Republican, should be elected who refused to harken to the voice of the public in its insistent demands of popular rule.

"In this connection," said the governor, "I am accused of being a non-partisan. They say I show no party preference in appointing to office. I don't. I have appointed, I dare say, more Republicans to various offices in the state than I have Democrats. Their politics cut no figure with me. I appointed them because I believed they were honest, straightforward and particularly fitted to carry out the purposes of the people. If that is non-partisanship I am willing to accept the verdict for the people themselves have sanctioned these appointees by returning them to the office to which I appointed them when election came around.

Line With No Party.

"Again my opponents say I cannot accomplish anything as a Democrat when I get back to the senate, because I will have to line up with the minority party. In answer I want to say, and I promise it, that I shall not line up with any party in the United States senate, or with any clique, faction or set of men who oppose the policies in the interests of the people advocated by such men as Roosevelt, Bryan, La Follette and other men of their caliber."

Governor Chamberlain referred to Cake's unstable position on Statement No. 1, then took up the measures he advocates to open the Willamette and Columbia rivers, improvements, he said, blocked and opposed by the railroads. He spoke in behalf of postal savings banks, tax on national banks to provide a reserve fund to pay depositors in case of bank failures, an income tax and other measures of vital interest to the welfare of the people.

Other Candidates Speak.

Governor Chamberlain was given thunderous applause at the conclusion of his remarks. Preceding his address, Mayor Lane introduced W. C. Farnham, senatorial candidate from this district; A. King Wilson, candidate from the Seventeenth representative district; Oglesby Young, candidate for railroad commissioner; Judge O'Day, who is seeking reelection; Tom Word and John Manning, all of whom spoke in behalf of their candidacy for office.

District Attorney Manning referred to the ludicrous attack made upon the governor for his prison reforms and exhibited a slip of paper, thousands of which, he said, were being distributed in Salem. The circular recommended that the reader commit murder, arson, robbery or any one other of numerous crimes, then apply for executive clemency which would be freely given.

Mr. Manning spoke of his own work while in office, reviewing briefly the difficult fight he had made to bring the wreckers of the Title Guarantee bank to trial with the resultant conviction of its president.

"I pledge you," he said, "if you return me to office, the rest of those connected with that bank, and who are now under indictment, will be convicted for looting the purses of the thousands of men and women who could ill afford to lose their money." The speaker declared that he was being opposed by the vicious element of the city and county. "I do not want their support," he said. "I am in office to enforce the law and they are the ones most likely to feel its sting."

The evening's program was opened with a recitation by Mrs. Sylvia McGuire, and the Oregon Male quartette brought many rounds of applause in its rendition of several humorous songs.
