On Suits and Overcoats Made to Your Order

The Greatest Sale of Made to Order Suits and Overcoats Ever Made in the History of Portland—Over \$3000 in Profits Sacrificed

Sale Commences Tuesday, June 2, 8 A. M.

We throw our entire stock of over \$7,000 worth of foreign and domestic woollens to the public at strictly one price. We are going to close our store for five or six weeks and put in a double-front window and also make some very extensive interior alterations to our store, and if possible we would like to sell every piece of cloth in the house. Furthermore we have just placed an order for one of the largest fall stocks that ever came to Portland and are therefore willing to sacrifice all suitings and overcoatings now on hand at one popular price. We take our loss and take it quickly.

We always buy directly from the mills, paying spot cash on receipt of invoice and thereby take advantage of all discounts, middlemen and jobbers' profits.
