

# WINE FACE SUSPENSION

### Willamette University Students Who Toured Sound Country Playing Baseball May Lose Full Year's Credits—Lost All Games.

(Salem Bureau of The Journal.)  
Salem, Or., June 2.—Nineteen students of Willamette university stand to be suspended from the institution and will lose a full year's credits because they toured the sound counties last week and played baseball against the abominable wishes of the faculty. The Willamette university players strengthened by three Tri-City leaguers went to Victoria and Seattle last week and played four games under the name of Willamette university. They returned Sunday and are now awaiting the verdict of the discipline committee.

### Those Who Went

Those who went from the university were: John Moore of Klamath, Lloyd Wesley of this city, Reuben Boege of Clatsop, Washington, E. Farah of Salem, Dan Powers of Spokane, Arch Jerman of Salem, Carl Wimbler of Drain, James Jeffries of Belt, Montana, Harry K. Spaulding of Sunnyvale, Washington, manager, Denny Paul and Porterfield, two Tri-City league men accompanied the team, lent their moral support and assisted in the games. Incidentally, the team lost every game in which it played, but the players had a royal good time for their advent into Seattle was coincident with the entry of the fleet.

### Where They Played

The first game was played with Victoria, Monday, May 25, Queen's Day. Willamette university lost, score 10 to 3. The second game was played Tuesday, May 26, also with Victoria. Willamette university lost, score 5 to 2. This was a 10-inning game and Willamette almost won. The third game was at Seattle with the Seattle high school. Willamette lost, score 7 to 3. The last game was played with Ballard on Saturday and Ballard did not lose, score 7 to 0.

Some of the students, in fact all had finished their work but three, John Moore, Lloyd Wesley and Reub Boege are undergraduates and may be compelled to suffer the consequences of the team's act. Permission of the faculty was asked but refused; thereupon the team decided to go anyway. The faculty committee holds that no sufficient time was given them for the consideration of the proposed trip. They were in favor of a trip into the inland empire where there would have been more opportunity to profit by the tour of a baseball team. There would be little chance of attracting students from the sound country to Willamette.

# AWAIT RESULT VERY QUIETLY

### If Appropriation Carries, University Students Plan Monster Demonstration.

(Special Dispatch to The Journal.)  
University of Oregon, Eugene, June 2.—Everything was quiet at the university, although excitement is intense and the results of the election are being closely followed. So far the reports are favorable and the appropriation is expected to carry by a safe majority. Plans are already being made for a monster demonstration by the students should the appropriation be safe by that time. This demonstration will take the form of a rally such as is held during the football season, with a great number of speeches, music and a big parade.

# HUNTING PARTY TAKES BEAR DOGS INTO HILLS

(Special Dispatch to The Journal.)  
Klamath Falls, Or., June 2.—A. G. Mahme, who is in this section in the interests of various timber companies, has gone with a hunting party back in the hills with seven bear dogs that were aimed here for that purpose. The dogs are Airdale terriers and the party expects to get several bears, as a number have been seen this spring.

## The Modesty of Women

Naturally makes them shrink from the delicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispensed with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. E. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. E. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

# OLD VET GIVES TAFT HOT SHOT

### Thinks Secretary's Reference to General Grant's Drinking an Insult.

(United Press Leased Wire.)  
Washington, June 2.—James M. Dellsell, aide de camp to the commander in chief of the G. A. R., today undertook to express the attitude of the veterans toward Secretary of War Taft as the result of his reference to General Grant being addicted to drink.

"How Secretary Taft could think it necessary to go back into Grant's early career and rake up the only fault Grant's worst enemy ever named, surpasses all understanding. I cannot possibly by the greatest straining of the imagination see any reason for it. To put it mildly, the G. A. R. is not only amazed but is badly hurt by this speech. "Would Taft have made the unsavory reference if Grant had been alive and present at the exercises? That is a test of the propriety of the secretary's words. "It was a bad break for a presidential candidate. "In all my reading I don't recall any parallel to this astounding departure from the proprieties of a great occasion. "In his address at Grant's tomb in New York, Saturday, Taft said that Grant left the army before the civil war on account of hard drinking. When later asked why he said it, he explained that he supposed it was a well known and accepted fact; that it was to Grant's credit, rather than discredit, because he afterward overcame the habit.

# BIDS REJECTED ON CLEAR LAKE DAM

### Secretary of Interior Holds That Figures Are Too High.

(Special Dispatch to The Journal.)  
Klamath Falls, Or., June 2.—The secretary of the interior has rejected the bids on the Clear Lake dam, a part of the Klamath irrigation project, on account of the high figures. The fact that land owners in that section have still five per cent more land to sign up to bring the total up to the required \$0 per cent. The two bids submitted were by Mahoney Bros. of San Francisco, \$115,770, and Maney Bros. of Minneapolis, \$118,280. The government may readvertise for bids, or do the work by force account.

# ENTER CHERRIES FROM MARION

(Special Dispatch to The Journal.)  
Salem, Or., June 2.—The Marion County Horticultural society will enter Marion county cherries in the cherry fair to be held at The Dalles sometime during July, and an effort will be made to carry away all the awards, or a big majority of them. This decision was arrived at at a meeting of the trustees of the society held last Saturday. Andrew Verrier, E. I. Ferguson, L. T. Reynolds, J. R. Shepherd and Enoch Pressnell were appointed a special committee to prepare a cherry exhibit for the fair. It has not been learned when The Dalles fair is to be held, but it is hoped it will not be held too late for exhibitors to make a good showing. A committee was also appointed, including G. A. Park, county commissioner, W. W. Powers and H. S. Gile, to cooperate with the Northwest nurserymen's association in the effort to hold a big cherry and fruit fair at Salem, July 9 and 10.

# LONDON NOW FACES "YELLOW" PROBLEM

### Asiatic Labor Problem the Cause of Serious Trouble to English Shippers.

(United Press Leased Wire.)  
London, June 2.—The problem of Asiatic labor, which has been a source of great trouble recently in Canada, Australia, South Africa and other parts of the empire, has now been brought closer home. At the present time there is serious trouble in the east end of London, owing to the engagement of Chinese crews for British ships, and within the last week or two desperate riots have been prevented with the utmost difficulty. The difficulty has arisen over the action of several shipping firms in engaging Chinese crews, to the exclusion of British and other European sailors, some hundreds of whom have not had a ship for months. The National Seamen's and Firemen's union has taken the matter up and is picketing every shipping office where Chinese are dealt with. In the House of Commons, Mr. Havelock Wilson, one of the labor members and himself an officer with the Seamen's union, asked the government for particulars in regard to the recent disturbances. Mr. Churchill in reply said that the recent unusual increase in the number of Chinese seamen shipped in the United Kingdom ports was receiving prompt and searching attention, and must be regarded as a matter of serious concern. Any case in which sufficient evidence was available of a boarding-house keeper having supplied a crew, Chinese or otherwise, would be considered with a view to his being prosecuted. The object of shipowners in shipping Chinese crews, the leaders of the union assert, is to have men serving whose accidents are not likely to lead to compensation claims. To this it is added that the Chinese on an average accept a lower rate of wages than the Europeans, as well as a cheaper dietary scale.
