WELFARE OF YOUNGSTERS LOOKED AFTER BY STATES

For every great reform the first requisite is knowledge of the facts. Acting upon this belief, the National Consumers' league has, since 1902, issued annually a handbook of child labor legislation, in which an attempt is made to state accurately and in a form easily used by the general reader the laws currently in force throughout the country with regard to child labor and school attendance.

When the first edition of the Handbook - a four-page leaflet - was published in 1902, the hope was expressed by the Consumers' league that by the close of the present decade, in 1910, the uniform minimum age for beginning work would be fixed at 14 years in all the states and the District of Columbia.

No Young Girls in Mills. The legislatures of Georgia and Louisiana will doubtless remove their respective states from this blacklist within a few months.

North Carolina Laws. North Carolina sets the thirteenth birthday as the minimum for beginning work "except for apprentices."

COLEMAN'S... Do you get up in the morning tired, a weighty feeling deep in your head, heavy eyes, a general sense of weakness all over you? Dred your back, and you are perpetually tired, with disinclination either mental or physical activity? Do you experience hot and cold flashes up and down your spine, column palpitation of the heart, sleeplessness, extreme nervousness, and a constant craving for something that you are unable to identify? The cause of all these symptoms is a disease of the blood, and it is a disease that is pressed at times with a nameless dread - as if of some impending danger?

A SERIOUS CONDITION... If you have any of the above symptoms yours is beyond doubt a case of functional derangement, brought on by an excessive waste of nervous energy. The cause of this condition may be due to a congested, enlarged or inflamed Prostate Gland, an unvaricose condition of the blood vessels. Unless the damage is repaired and the tremendous waste of energy stopped, the entire nervous system becomes bankrupt - and this is the inevitable result. Therefore, sufferers should seek effective medical aid in the quickest possible time.

I Will Give You a Guarantee to Cure You and You Need Not Pay a Dollar Until You Are Cured

My Fee For a Cure Is Only \$10 In Any Uncomplicated Ailment

Don't Delay Treatment

Many a man, suffering right on the verge of nervous ruin, attempts to cure himself with some patent medicine, and advertised "Tonic" or private formula he has heard about. Oftentimes he tries a drug store treatment, or he experiments with such worthless devices as electric belts, or some other electric device which almost invariably tears down instead of building up.

Heed My Warning

My heart is filled with compassion for the man who is misled by the extravagant claims of incompetent doctors until his ailment has progressed beyond the limits of medical skill. Thousands of men are thus rendered hopeless wrecks, who, if they had come to me in the first place, would today be happy and contented.
