

WILL SEND MARINES

United States Determined to Preserve Order on Isthmus of Panama—Additional Guard Will Be Sent—Situation Closely Watched.

(United Press Leased Wire.)
Washington, June 3.—Publication of the United Press dispatch telling of the critical condition of affairs in the republic of Panama, aroused great interest here, and it was announced today that 300 additional marines have been ordered sent to the isthmus at once, with orders to protect American property and help keep order at the coming election.

It is also planned to detail on the isthmus a large body of sailors being transferred to and from the Atlantic coast if conditions do not improve before the elections.

Almost the entire time of the cabinet meeting yesterday was devoted to discussing the Panama situation. The possible necessity of the United States taking control of the country, it is understood, was talked over at length, though no statement on this subject was given out.

There is no doubt that appeals from business men of Panama to the government here have been received and seriously considered.

The danger to the canal works is of the utmost importance to the administration, and the situation undoubtedly will be watched closely.

MERCHANTS AID FREIGHT THIEVES

Alleged Conspiracy of Railroad Employes to Rob Freight Cars.

(United Press Leased Wire.)
Los Angeles, June 2.—Through the arrest of John Ritchie, who, the police say, has confessed, a conspiracy between railroad employes and merchants by which freight cars and grain mills have been looted of thousands of dollars' worth of property has been broken. Ritchie, it is believed, bought some of the alleged stolen goods, and following a statement he made to the authorities in R. Snellson and William Kane, employes of the Port Costa Milling company, have been arrested. The police say they also confessed. Several merchants bought the booty from the alleged thieves at low prices, and all parties involved in the conspiracy are said to have secured lots of money. It is charged that Snellson and Kane in one instance called to the attention of the police stole an average of 30 sacks of grain a day from their employes for several weeks. Wholesale arrests are expected.

NEW INSANE ASYLUM FOR WASHINGTON

(Special Dispatch to The Journal.)
Olympia, Wash., June 2.—The state board of control will be forced to ask the next legislature for an appropriation for establishing a new insane asylum in western Washington, according to Matt L. Piles, a member of the board, who has just returned from a visit to the two existing institutions maintained. At the western Washington hospital for the insane at Steilacoom the number of patients is now 1,200 and the institution will be taxed to its utmost capacity before the legislature convenes. A new institution was recommended instead of additions to the old asylum, because it is believed more than 1,500 cannot be cared for satisfactorily at this place and for the further reason that there is no farming land available near Steilacoom which can be utilized to make the institution self-supporting. A new asylum to be located in some farming section of western Washington will be recommended. No estimate of the cost has yet been made. Additions to the eastern Washington hospital authorized by the last legislature will make the situation sufficient facilities for several years.

NAVY OFFICERS' WIVES CAN SAIL ON THOMAS

(United Press Leased Wire.)
San Francisco, June 3.—It was announced today that permission has been received from Washington for the wives of the navy officers of the Atlantic fleet to sail to Honolulu and Manila on the army transport Thomas, which leaves here July 6, a day before the fleet sails for its trip around the world. The women have been separated from their husbands previous to the arrival of the fleet at this port and imported the war department to be carried as cargo on the transport so that they can be at Manila and Honolulu when the fleet arrives at those ports.

BABIES.

Absolutely of Most Respectable Parentage, Weaners.
We've got many beautiful, cultured babies—that must have homes. A sweet voiced, magnificent Chicksing baby, used just a little in one of Portland's best homes—not second-hand—merely used a little in the parlor before reverse came. It was the best value obtainable for \$1.00. We'll take less—give you quite a substantial discount if you will come down and see it.
They've got a beautiful roswood Steynway that is sold at about \$950—could not tell it from new and you keep \$350—give us \$600.
\$800 Hallett & Davis grand—one of the most reliable of the old makes, only \$475.
The Steek small grand sells in New York for \$900 and there are thousands in use—none made better. This one to close out at a third less.
We haven't the room—need more—will sacrifice on grands to secure floor space.
So now—this week—is the time to save a third to a half and send the "baby" grand home. We should have spoken earlier at prices named—but come and see us, we'll try and arrange liberal payments. Ellers Piano House, 255 Washington, corner Park.

STATE FUNERAL FOR PRINCE KAWANANAKOA

(United Press Leased Wire.)
San Francisco, June 3.—Arrangements were made today by cable to Honolulu for the state funeral of Prince David Kawananakoa, almost the last of the royal blood of Hawaii, who died in this city last night at the Hotel Stewart of pneumonia. The body will leave here June 9 on the steamer Manchuria. Solemn high mass will be celebrated at St. Mary's cathedral before the departure of the steamer.
Prince David was a brother of Prince Cupid Kawananakoa, son-in-law of Colonel Sam Parker of Honolulu, and territorial representative to congress. He arrived in this city May 22, accompanied by his wife and Colonel Parker and wife. He contracted pneumonia several days ago and when it was known that his life could not be saved, a priest was sent for and he received the last rites of the Catholic church.
He was 46 years old and leaves a wife and three children. He was nephew of former Queen Liliuokalani of Hawaii. His brother started from Washington for this city this morning.
