JOHNSON'S HIT TALLIES THREE

Viking Makes Three-Bagger With Bags Populated—Kinsella Unsteady.

Ote Johnson is a likely lad,
Mostly good and rarely bad.
A Viking who's the best on tap,
Always ready with the rap
When the bases fairly groan
With their weight of Beaver bone.
—McCredie's Murmurings.

Ote Johnson was all the candy with the willow yesterday and his long drive through Oakes' straddled legs in the third inning, with the bags bulging with Beavers, gave Portland the second game of the series from Los Angeles, 5 to 2. Johnson did some tall sprinting and stretched the hit into a three-bagger. The Angels put two over during the disturbance, although it looked mighty dangerous during several cantos, when the erratic pitching of Kinsella allowed the cushions to become inhabited.

Things started off with a rush and it looked as if both teams might register. During the opener the Angels shoved two around to third and the Beavers got one to that coveted station. The second was quickly disposed of, but there were things doing in the third for the locals.

Kinsella fattened his batting average on one of Nagle's best, moved to third on Ryan's single and scored on Danzig's one-bagger. Bassey got a pass to first, which filled the pillows. Then Johnson came up and rapped one to deep center field, the sphere skimming between Rebel Oakes' twigs and continuing to the fence. Although Cooney got a base on balls and continued on to second while Happy Hogan nonchalantly held the sphere, there was nothing more in the bag for the homers. Whalen was ozoned, making the third out.

Portland's other score came in the succeeding inning. After Kinsella fanned and Casey went out, Wheeler to Dillon, Ryan pulled a single. Raftery followed with another single, which placed Buddy on third and a moment later the brace executed a double steal. Ryan's run was the last, for Danzig was an easy infield out.

Los Angeles got one in the fourth inning on a pass to Dillon and successive singles by Brashear and Jud Smith. Their other run was earned. Kinsella commenced fooling along and Rube Ellis biffed one that the bridegroom lobbed over. It was a beautiful line drive that sailed past Raftery and was good for three bags. Delmas was an easy out, but Easterly, who succeeded Happy Hogan after the fourth inning, rapped out a pretty single that permitted Ellis to trot home. Nagle went out on a fly, but Kinsella passed Oakes and Wheeler and things looked bad. Little Cooney saved Kinsy's bacon by scooping up Dillon's hot grounder and heaving it to first just in time.

A Grand Family Medicine.

"It gives me pleasure to speak a good word for Electric Bitters," writes Frank Conlan of No. 424 Houston street, New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. KETCHEL-PAPKE MILL AROUSES INTEREST

Battle at Milwaukee Will Be Seen by Great Many Fight Fans.

Milwaukee, Wis., June 4.—This city is keenly interested in the big fight tonight between Stanley Ketchel and Bill Papke, whose ring achievements during the past year placed them in the front rank in their division.

There have been many notable pugilistic encounters in the Cream City during the past few years, but none has ever aroused more public interest than the battle to be pulled off in the Hippodrome tonight. The Milwaukee Athletic club, under whose auspices the mill is to take place, expects a record-breaking crowd at the ringside. Chicago is sending a big delegation of Papke rooters and numerous other out-of-town points will be represented.

The articles of agreement call for a ten-round go, the men to weigh in at 3 o'clock at 154 pounds. Malachy Hogan of Chicago has been selected to referee the bout.

Both fighters have been in constant training ever since the match was made. Realizing that the result of the fight will either make or mar their onward strides towards the championship, neither fighter desired to take any chances on condition. Reports from their respective training quarters today are to the effect that both men are in the very best of condition. While both fighters have about an equal number of well wishers, it is a different thing when it comes to the betting. Ketchell rules the favorite, though there appears to be no lack of Papke admirers ready to take up the bets at the odds offered.

STANFORD BOYS AT CHICAGO MEET

(United Press Leased Wire.)

Chicago, June 4.—The Stanford university athletes arrived here today confident and in excellent condition for the western championship meet which will be held Saturday.

The Stanford boys took up their quarters in the Del Prado hotel and were the objects of much attention by field sport enthusiasts. They held their first "limbering up practice" after their long trip and made a good showing.

Coach Stagg of Chicago university looked the western lads over and said that he was confirmed in his belief that they would carry away first honors in the contest.

The California athletes, however, look with some question on the assurances from Stagg. It is a well-known custom of Chicago university to talk up its opponents previous to contests of all kinds.

EDMUNDSON COMING TO P. N. A. CHAMPIONSHIP

Assurances have been received at the Multnomah club that Edmundson, the crack distance runner of the University of Idaho, would be a competitor in the P. N. A. games on Multnomah field Saturday. Edmundson was late in sending in his entry, and there was fear that he would not be present.

There are now 224 competitors entered in the various events, which is about three times as many as ever before contesting in a P. N. A. championship meeting.

Los Angeles, Cal., June 4.—President Roosevelt will start the San Pedro to Hawaii yacht race on the Fourth of July provided he accepts the invitation of the chamber of commerce which was extended to him today by wire. The chief executive is asked to start the race by pressing a button in Washington which will by means of a through wire connection flash the signal to San Pedro harbor.

BELMONT WILL KEEP COLORS IN ENGLAND

Despite Derby Defeat, He Will Establish New Racing Stables.

(United Press Leased Wire.)

London, June 4.—In spite of the failure of his entry, Norman III, to make a showing in the Derby yesterday, August Belmont announced today that he had decided to go in extenaively for racing in Great Britain. He is looking for suitable stables in Ireland where he proposes to breed and train steeplechasers and his colors will be prominent in next year's meetings in Ireland and England.

Belmont disagrees with Richard Croker that Ireland is a better training ground for flat racers than England, and most of his flat racers will be trained at New Market, England.

James J. Parkinson, who was Richard Croker's first trainer, will have charge of the Belmont stables in Ireland Parkinson has been commissioned to find the best that money can buy in the way of young blood and begin preparing the horses immediately for the next season. Belmont is trying to secure the exclusive services of Danny Maher to ride for him. Maher wants $40,000 a year to ride only on the flat.

PACIFIC'S HIGH 1908 RECORD

Only Once Before Has Track Team Done as Well as This Year.

(Special Dispatch to The Journal.)

Pacific University, Forest Grove, Or., June 4.—After winning every meet and thus obtaining the championship of the smaller colleges of the state, Pacific's track team has disbanded. Only once before in its history has a track team of Pacific university established such a record, and that was in 1904, when the team, captained by A. C. Gilbert, the Yale pole-vaulter, won the state championship.

The team this year was not composed of stars, but was made up of a well-rounded aggregation of performers who always came in for their share of the second and third places as well as the firsts. Several new men have been developed who will be a tower of strength to the team next year. Mayfield, who has never had any experience on the track before this year, made good records in the discus and shot-put and will undoubtedly make marked improvement next year. Koch and R. I. Abraham also came out well in the distances and H. B. Ferrin in the jumps. All of this year's men, except S. B. Lawrence and Captain C. D. Mason, who will graduate, will be back next year and under Archie Hahn's coaching should develop into a very formidable bunch of athletes.

Reginald Robinson and Alexander Robinson were the stars of the team. "Reg" made the records of 10 1-5 in the 100-yard dash and 16 4-5 in the high hurdles, while his brother "Alex" covered the half mile in 2:02 2-5 and the mile in 4:45. H. P. Humphreys, captain of next year's football team, was also an exceptionally strong man, clearing 21 feet, 2 inches in the broad jump and running the 440-yard dash in 0:52 flat. He will represent Multnomah in those events at the P. N. A. meet next Saturday.

Great praise is given Coach Archie Hahn, the famous Michigan sprinter, for the fine record of his team. He has had charge of all the athletics of Pacific during the past year and is to fill the same position next year, which is a guarantee of a successful athletic season for Pacific next year.

Following are the results of this year's track team: Pacific college 30, Pacific university 97; Willamette university 54, Pacific university 63; McMinnville college 46, Pacific university 70, making a total of 210 points for the home team as compared with 120 points made by its opponents.

Ladies' Dog Show at Mineola.

(United Press Leased Wire.)

New York, June 4.—The annual show of the Ladies' Kennel association of America had an auspicious opening at Mineola today and will continue over tomorrow. In addition to 650 regular classes this year there is a long list of specials, including a cup for the best pack of five couples in foxhounds, to be shown by the master of the foxhounds or whip in hunting costume. Midgley Marsden and C. Houlker, two of the best all-around judges in England, have come over to pass on the various breeds.
