Fifteen hundred members of the United Artisans, who came from all parts of the northwest, to attend the Rose Carnival, assembled in Arion hall last night in response to an invitation from the local United Artisans. The occasion was for the purpose of bringing together the visiting members of the order in a social session. A good literary and musical program had been arranged for the evening. After the program was completed, dancing was indulged in until a late hour.

STRAW HAT SEASON.
 Its Traditions Now Less Rigidly Observed—Straws Seen Early.
 In this city the straw hat season is supposed to open formally on May 30, Decoration day, but within recent years there has been evidence here a departure on the part of wearers to trot out their straw hats earlier if the weather warranted, paying less regard than formerly to the straw hat season's traditional limits, and so there is now to be seen here from year to year a somewhat increased sprinkling of straw hats worn in advance of the regular opening day.
 Thus on May 15 of the present year, which was a hot day with the thermometer up to 81, three independent observers reported seeing in the streets four straw hats.
 One of these hats was worn by a man who was walking down Broadway at Pearl street, one by a man who was walking up upper Broadway at One Hundred and Forty-fifth street, one by a man seen walking across Brooklyn bridge, and the last was seen downtown, below Canal street, but with the locality not remembered by the observer.
 Of these four straw hats the one seen at Broadway and Pearl street was not new, though whether it was a last year's hat or one of the present year that had been lamed by previous wear in Florida or Cuba could not so easily be determined.
 The straw hat seen going up Broadway at One Hundred and Forty-fifth street was brand new, but the one seen going across the bridge was not, nor was the fourth hat, seen in the unremembered downtown locality.

Columbia Lard

IS THE NAME OF OREGON'S MOST RELIABLE SHORTENING
 Dr. H. S. Grindley, D. Sc., of the College of Science, Chicago, Illinois, in his article on the relative values of meat products and vegetable foods, says: "Meat foods are more nutritious and easier to digest than any other food products."

When EXPERIENCE and CHEMICAL ANALYSIS tells us that meat foods are more reliable and contain more nutrition—why be tempted to try an uncertain shortening that is no cheaper?

Columbia Hams, Bacon and Lard are wholesome, mild and of even grade. When ordering specify COLUMBIA brand.

A New Departure
 The cost of interments has been greatly reduced by the Holman Undertaking company.
 Heretofore it has been the custom of funeral directors to make charges for all incidentals connected with a funeral. The Edward Holman Undertaking company, the leading funeral directors of Portland, have departed from that custom. When casket is furnished by us we make no extra charges for embalming, hearse to cemetery, outside box or any services that may be required of us, except clothing, cemetery and carriages, thus effecting a saving of \$25 to \$75 on each funeral.
