

ROADS DELAY MANY TRAINS

Passengers Stalled at Spokane and Points in Montana by High Water.

(United Press Lined Wire.) Butte, Mont., June 9.—It will be at least a week before traffic is resumed as the result of the great damage done to railroad tracks by the floods in this section.

The Northern Pacific has again succeeded in opening its service to the east, but the trains have been stalled to some extent by a landslide 10 miles from this city.

To the west it is hard to say when the tracks will be repaired. Miles of ties and rails have been torn out and in Hell Gate canyon some stretches of tracks three miles in length, which apparently are intact, cannot be found.

Many new station buildings will have to be reconstructed along their lines, and the reconstruction of the bridge at the mouth of the Boulder river to save the town of Boulder from being swept away.

(Special Dispatch to The Journal.) Spokane, Wash., June 9.—The floods in Montana continue to rage to a great extent. Many people who bought tickets in Seattle and other western points thought they would be able to go direct east, but found out when they arrived here they would have to lay over or go around via the Oregon Railroad & Navigation company's line.

A ten-car passenger train started for Montana via the Oregon route early Monday morning.

The large crowd of east-bound passengers delayed here are being fed by the Northern Pacific and Great Northern and are said to be living high. The N. P. has averaged 50¢ per meal so far. The trains via the Oregon Railroad & Navigation company go from here to Walla Walla and are there turned over to the Harriman line operating department and run to Butte by way of Huntington and Pocatello. Tickets east over the Northern Pacific and Great Northern are not on sale yesterday. Superintendent Beamer of the Idaho division of the Northern Pacific returned to the city yesterday after a visit to the flood and said that the company would require about six days to repair the damage. The Spokane and the Walla Walla, Pacific and International are still in operation and are making connections with the east. The Seattle-Floco circuit has been suspended and the advance agent is here now trying to arrange to take the show into Montana via the Oregon Railroad & Navigation company's lines.

Kansas City, Mo., June 9.—There is little improvement in the flood situation, according to latest advices received here. The Missouri Pacific and Santa Fe railroads are refusing to accept freight shipments pending developments.

TWO RIVERS ARE ON THE RAMPAGE

Kansas City, June 9.—The Missouri and Kaw rivers continued to rise here yesterday a little more than an inch an hour, but the crest of the flood in both rivers is in sight and will pass on Wednesday. The weather observer says that the Kaw will rise six or seven feet higher, and the Missouri will rise nearly three feet more to 26 feet.

Weather conditions in Kansas are fair and apparently the rains are over the tributaries of the Kaw and the upper section of the Kaw itself are falling and will continue to fall. The Kaw river is discharging its water into the Missouri at great speed, which means that there will be no backing up as in 1903 and 1904, when all the low bottoms were flooded. In those years the Missouri river was higher than the Kaw.

Some of the lowlands about Kansas City are submerged, but no damage has been done. All the bridges are safe, the only little driftwood running. The banks of the Kaw river are higher than in 1903, and the railroad tracks are higher. The packing-houses and wholesale establishments in the Kaw bottoms have removed the contents of their basements to higher ground.

People in the Armourdale district of Kansas City, Kansas, continued to move from their homes today, in spite of the assurance of the weather bureau and drainage board that there was no serious danger.

Train service over the Union Pacific and Rock Island railroads between Kansas City and Topeka has been abandoned. Trains are routed over the Denver train of the Rock Island and the Burlington to Lincoln, Nebraska. On the branch lines of the various roads in the Kaw valley traffic is practically suspended.

WOMAN TAKES PLACE IN HUSBAND'S PULPIT

Seattle, Wash., June 9.—Mrs. Winfield Scott Smith filled the pulpit of the Rational church Sunday night, taking the place of her husband, the regular minister, who is recovering from an arduous operation. The congregation agreed that she filled all requirements. Her sermon was mainly a comparison of Christianity and Buddhism, and a criticism of the local and foreign missionary societies of the orthodox churches. In expounding his message to the congregation Rev. Mr. Smith sent a characteristic message by his wife, who called the attention of the Rational church, which is now assembled in Seattle. Rev. Mr. Smith's charge is a credentialed minister, whose belief is along Universalist lines. It numbers among its members some of the most prominent citizens of Seattle.

At the conclusion of the appointment of committees the convention took a recess until 1 o'clock, when the real work of the day was taken up.

Delegate Aspirants Busy. During yesterday evening and this morning the different aspirants for position on the Oregon delegation to the national convention were busy at the hotel and at the convention hall lining up their friends for their support.

This morning the leading candidates for the delegation were R. D. Inman of Portland and Senator M. A. Miller of Lebanon, Linn county, who were at large, and D. M. Watson and C. K. Henry of Portland as delegates from Multnomah county. J. O. Booth of Josephine county was practically conceded a place from the First district, while W. F. Matton secured sure election as one of the delegates from the Second district. L. M. Travis, D. J. Fry and W. H. Wehrung were prominent candidates for place from the First district, while W. F. Butcher of Baker City and A. S. Bennett of The Dalles were strong candidates from the Second district.

Afternoon Session. At the opening of the afternoon session the temporary officers were made permanent. Unqualified indorsement of the initiative and referendum and of the direct primary law, pledges of support to the Oregon delegation, and hearty indorsement of the administration of Governor George E. Chamberlain, were the order of business. The United States senators by direct vote of the people; unanimous support pledged to William Jennings Bryan for president. There are some of the points in the platform adopted by the Democratic state convention this afternoon.

Text of the Platform. The text of the platform as adopted by the convention is as follows: Resolved, That the Democratic party of Oregon, that it congratulates the people of Oregon on its successful and intelligent operation of the initiative and referendum, by and through which they have enacted a direct primary law, and indorsement of the initiative and referendum by direct vote of the people; Resolved, That the Democratic party pledges itself to reform the existing laws relating to the initiative and referendum, and that hereafter the United States shall pay no more for the transportation of mails than express

GOOD NEWS FOR CHAUTAUQUANS

S. P. Agent at Gladstone This Year, and Baggage Handled Right—Rates.

(Special Dispatch to The Journal.) Oregon City, June 9.—The Chautauqua baseball diamond at Gladstone park has been plowed and harrowed, and now a heavy diamond roller is being run over the ground to level it, and it will be in first-class condition when the Chautauqua season opens next month. Four ball teams are now entered: The Oregon City Aces, the Portland Spangos, the Lebanon Cubs and the Mount Tabor Climbers. There is still an opening for another team.

Secretary Cross has made arrangements with the O. R. & N. and Southern Pacific railway officials, for round-trip tickets from all points for a fare and a third on the certificate plan. General Passengers agent McKurray of the Southern Pacific has notified Mr. Cross that there will be an agent of the company at Gladstone station during the sessions. Under this arrangement baggage can be checked to and from Gladstone. The four regular Southern Pacific trains will stop at Gladstone during the sessions, and it is probable that special trains will run from Portland to the park, and special cars will connect with the O. W. P., carrying all Chautauqua passengers from the O. W. P. station to the park.

Mrs. Leona M. Lake, the famous Catholic temperance lecturer of Chicago, and Alfred Montgomery, the famous temperance lecturer of Waco, Texas, will be here July 7. The price of season tickets is fixed at \$2.50. The first night will be at the Oregon City bank in blocks of 10 for \$20.

SECOND DREYFUS TO BE DEGRADED

Lieutenant Ullmo Will Be Disgraced Before Men He Formerly Commanded.

(United Press Lined Wire.) Paris, June 9.—Lieutenant Ullmo, the traitor, who was convicted by court-martial of having tried to sell documents descriptive of the defenses of Toulon, and of a code of signals, is to be publicly degraded before the men he commanded here next Monday.

Ullmo's sword will be broken in front of him, his uniform will be stripped of all honorific decorations and he will then be compelled to pass in front of his men.

delegates at large and fourteen district delegates, be divided, both of the contending delegations being seated and each delegate being allowed half a vote. The surprise was in the fact that the suggestion came from a member of the committee in the Taft ranks. It is believed he changed his mind over night.

Senator Dick of Ohio arrived here today and took charge of the presidential boom of Senator Foraker. Dick insists that Foraker's fight for the nomination is serious and says that he will be a strong factor in the contest before the convention.

John C. Montgomery, leader of the vice-presidential boom of John Hays Hammond, opened headquarters today. Hammond is the only real working candidate for the second place now officially on the ground.

Wormouth was excluded from the meeting of the national committee as soon as he had completed his presentation of his case. As he left the building, he said:

"I would rather bolt the convention than accept a compromise. The delegation from Louisiana was fairly won for Taft and I will not see a single vote surrendered."

"Uncle Joe" Cannon, with his big black cigar and his usual smile, arrived today and conferred with his friends at the Union league club. It was said that Cannon has no idea whatever of withdrawing from the presidential race. His friends assert with apparent confidence that he is a strong contender.

The Taft delegates at large from Mississippi were seated this afternoon.

DRAFT OF PLATFORM

(Continued from Page One.) gansations against snap judgment by the courts in issuance of injunctions.

Chicago, June 9.—The first split since the Republican national committee began hearing contests was made today, when, after a hot discussion and much objection, it finally was determined to divide the Louisiana representation, but even this is considered a victory for Taft, as it leaves his men in control of the state.

The fight has fastened the name "illy whites" on the Taft men and the term "black and tans" on the allies, so far as the contests in the south are concerned.

Warmouth Furious. The decision means that Pearl Wight, a Taft supporter, will be the sole dispenser of federal patronage in Louisiana. Former Governor Warmouth of Louisiana is furious at the result. When the committee adopted the compromise resolution, he was asked to accept it.

"I will bolt the convention first," he declared. "There can be no compromise. I could accept it. It is impossible."

Warmouth says he will never enter an agreement with the "black and tans." The committee took an adjournment before going on with the contests in order to let Warmouth "cool down."

During the recess a number of the convention gathered around Warmouth and tried to pacify him. He was made all the more obdurate by their suggestions and shrewish in party.

"No, I won't accept. It means anarchy in the party!" "I could never go back to Louisiana and face my people if I agreed to such a scheme!"

"As long as I have a drop of blood in my veins I will never sit in a convention with a black man."

Finding it hopeless to induce Warmouth to agree to the compromise, the committee reconvened. A motion to amend the resolution so as to seat the whole Taft delegation was lost by a vote of 30 yeas to 10 nays. The compromise resolution then was unanimous.

Warmouth then immediately announced his intention to carry his fight before the credentials committee of the convention and if failing there, to fight it out on the convention floor. The credentials resolution was offered by Chairman New of Indiana, who is presiding over the national committee.

Committeeman Stevenson of Colorado offered a resolution requesting the incoming national committee to appoint "former Governor Warmouth of Louisiana, and it was adopted."

Mississippi Contests. The contests in Mississippi then were taken up.

When the Louisiana fight commenced this morning former Governor Warmouth of that state spoke for the Taft leaders and declared:

"We must go into the convention with a full vote or not enter. We must rule or get out. There can be no compromise."

It had been suggested that the Louisiana delegation, consisting of the four

About a Third Actual Value

Terms will be made very reasonable to reliable people, and all the instruments are guaranteed to be free from hidden defects and are exchangeable at any time during one year from date of purchase for any higher-priced piano we handle.

The famous Eilers guarantee, "Your money back if not satisfied."

When a bargain or a group of exceptional offerings is made by the "Piano Exchange and Bargain Room" corner Park (Eighth) and Washington streets, consideration of profit is not a factor; even first cost is seldom considered—it's what will an instrument sell for today—at once? A \$400 piano may have been out on rent two or three months, used just enough to bring out the singing-tone quality, and wear the action down to perfection, but in handling, the case may have been marred—possibly a scratch—chip of the veneer has been knocked off—replaced, of course, but value depreciated thereby for regular selling—at least, the way Eilers Piano House sells pianos.

Such pianos are turned over to the publicity department, to advertise and dispose of, at a price made by them, as before mentioned, to sell quick—and you can rest assured that price, taking quality into consideration, will be made to cause immediate purchase by some one, and we have bargains here to suit anyone that doesn't object to slight blemishes or a little-used instrument.

One customer yesterday bought two—one for each of his daughters. He got two for less than the usual price of one. Another saw a bargain here that caused him to purchase and present to a little niece; others who called out of mere curiosity were interested on sight of the values offered and bought. One lady came here from an inspection of a stock offered at "wholesale cost" elsewhere, which, by the way, did not seriously impress her as being a dollar less than regular prices. It took her about 15 minutes to select the piano at the P. E. and B. R., and she saved considerably over a hundred dollars.

After all, it's the dollar that counts, and the man who earns the dollar wants it to buy as great value as possible. What we advertise, we have, and here for immediate sale—can send it home at once. Better come today for best choice, and besides, a fine lot of strictly high-grades go in the bargain room this morning.
