WEATHER REPORT

Extensive high areas overlie the Pacific northwest and the upper Missouri valley this morning and clear skies prevail in consequence over the entire western portion of the country, except along the immediate coast. A disturbance of energetic character overlies the lower Missouri valley and light to heavy rains have fallen during the last 24 hours over Kansas, Nebraska, Oklahoma, Missouri and Minnesota. Clear skies prevail over the entire eastern seaboard due to a high area overlying the middle Atlantic coast. Temperatures over the upper Missouri valley were much lower, while over the Great lakes and the Ohio valley they were correspondingly higher than yesterday morning.

The indications point to a continuation of the present fair weather over this forecast district tonight and Sunday.
