

OSMAN MOB KILLS MANY

Attacks Hebrews in Town of Darbian on German Fron- tier—The Mob Destroys Two Synagogues.

(United Press Lined Wire.)
Berlin, June 13.—News was received here today of a terrible Jewish massacre at Darbian, a Russian town near the German frontier. At a preconceived signal, Russian mobs attacked the Hebrews in all portions of the town. Eighty houses were burned in the ghetto and 600 men, women and children rendered homeless.
The mob burned down two synagogues.
In the fight which was in reality nothing less than a slaughter, 28 Jews were badly injured and 3 killed. The police stood by and watched the massacre but did not interfere.

BELIEVES UNIVERSITY HAS GREAT FUTURE

New President of Willamette University Meets With Only Kind Words.

Dr. Fletcher Homan, the newly elected president of Willamette university, who with his family went from Portland to Salem yesterday afternoon, talked to a representative of The Journal on the prospects for the denominational college, saying that it holds its own with the state institutions, and that he believes that Willamette has a great future.

Dr. Homan, "can feel no antagonism toward a state institution, nor can he believe that it is not doing a large part of the work that is being done by the denominational college, and there is a growing conviction that its influence far reaches beyond its immediate sphere."
Methodism has its 54 denominational institutions in this country. President Homan said that the college is spreading the spirit and the teachings of Christianity.

"From the college with which I was associated in Iowa, between 125 and 150 preachers, some 25 missionaries and 100 teachers and other Christian workers have gone out, all of them influenced by the college. I have been impressed with the beauty and the possibilities of your state since I have been within its borders, and I believe that the college will continue to do its part in the development of the state. For I have a keen conviction, said Dr. Homan with a smile, that the first business of a Christian college is to make men and women of broad culture, of clean character and earnest purpose, and these men and women are what really make cities and states great. The college of liberal arts is the very heart of our Christian educational system. It is the nucleus of the whole."
On the subject of the revision of the creed of Methodism regarding amusements, Dr. Homan said that he is not a subject into which I care to enter at this time, he said, but he added with a meaningful smile, "Charles Wesley had a very good conception of morality. It is the business of the denominational college to teach the religion of Christ, and when that is lived in its entirety the world gets on very well."
"I mean to call Oregon our home from this time on," concluded Dr. Homan. My family and myself will go to Salem this afternoon and take up our residence with you. I shall be through the state more or less during the summer."
Dr. Homan possesses a strong and forceful personality and a fine earnestness of manner which will be certain to win young people. A central directness and that large simplicity of manner which is the strongest mark of culture and breadth, sits easily upon him.

ON SOLID BASIS DESTINED TO GROW

Reorganization of Dresser's Af- fords Ample Capital and Means Increased Usefulness.

As announced in the advertising columns today Dresser's grocery has been reorganized, bringing to the firm unlimited capital. It is the intention to enlarge and more thoroughly systematize the business which has grown to the largest by far in its line in the city of Portland. Carpenters will be at work on the premises at Fifth and Stark streets next Monday morning and it is the aim of the management to work a complete transformation.
Mr. Dresser will still be at the helm which will be a source of satisfaction to the numerous patrons of the establishment and his associate accord him the honor of building up an immensely popular grocery, market and confectionery enterprise.
The success of this great concern now run to most every section of the city and it will be the aim of the new organization to extend this service to include other and new neighborhoods.
Herman Klaber, president of the reorganization, comes to the Dresser establishment well equipped to strengthen the big store and greatly increase its efficiency. Mr. Reinstein, one of the managers of the establishment, needs no introduction to the buying public of Portland. The scope of his authority in the new concern will afford him opportunity to increase its usefulness.
Having the best possible organization, Mr. Klaber a man of acknowledged business ability will have no difficulty in making the business of Dresser's a pronounced success, so that it may fulfill the high mission planned for it from the very beginning.

FIVE PERSONS BITTEN BY RABID CANINES

(United Press Lined Wire.)
Chicago, June 13.—Rabid dogs bit five persons and threw the entire south side into a state of terror this evening. One dog was killed and four are at large. The section experienced an epidemic of rabies and many of the schools are almost deserted because parents are afraid to send their children to them.
The Main Trouble.
From the Chicago Record-Herald.
Most people would be satisfied with the kind of a living they are making if other people were not living better.

WASHINGTON COUNTY WEDDING

Mr. and Mrs. Albert Lamont of Dilley, Oregon.

(Special Dispatch to The Journal.)
Forest Grove, Or., June 13.—The marriage of two popular young people of Washington county took place Wednesday evening at 8 o'clock, when Elsie Maury became the bride of Albert L. Lamont at the home of Mr. and Mrs. F. W. Maury of Dilley, Rev. Crocay officiating.
The bride was beautifully gowned in cream silk and Irish lace and carried a bouquet of bride's roses. She was attended by Miss Bessie La Mont as maid of honor and Miss Marie Maury as bridesmaid, both in pretty gowns of pale blue and carrying pink roses. Harry Giltner of Portland, was best man.
After a trip to Portland and sound points, Mr. and Mrs. La Mont will reside on their farm near Forest Grove.

MISS ADELE CASE SINGS SO SWEETLY PARIS TAKES NOTICE

Paris, June 13.—A young girl from the far west, Miss Adele Case of Oregon, who has been studying singing in Paris for the last year, made a remarkable debut at a musicale given by Mrs. Frank H. Mason, wife of the American consul-general. The guests included some of the best known people in society and the world of art, Bishop Countess d'Hauterive, Lady Lange, Countess Esterhazy and many others were present. Miss Case, who sang songs of the American composition, was received with enthusiasm. She has an extremely sympathetic voice of unusual compass. After being many times re-

MURDERS MAN; WOUNDS WOMAN

Unknown Negro Slays Van- couver Fisherman and Fa- tally Injures Wife.

Bellingham, Wash., June 13.—A special from Vancouver, B. C., says: Fred Mullin, a fisherman, is dead and his wife is dying as the result of a horrible cutting affray in which an unknown negro figured as principal.
The murder took place, it is supposed, about midnight last night, but the bodies of the dead man and the dying woman were not found until today.
Mullin owns a sloop which lies anchored off the docks during the night. Last night passers-by heard him quarreling violently with the negro, who was aboard the sloop. Mrs. Mullin cannot talk, so the particulars of the tragedy cannot be learned.
Mullin was found this morning with his throat cut from ear to ear, with some sharp instrument, probably a razor. As there are no other marks of violence on the body it is supposed he was attacked unawares probably while asleep.
Mrs. Mullin evidently put up a hard fight against the murderer. In addition to a badly cut head which will cause her death, she is cut about the hands, showing that she must have grasped the weapon before she was mortally wounded.
The police have been unable to obtain a trace of the negro.

THE HUMAN TOUCH

From the Cleveland Plain Dealer.
"Janie had a doll that would say 'papa' and 'mamma.'"
"What became of it?"
"Janie's mother is an advanced person and she said the doll was an inexcusably childish reminder of a grossly benighted period."
"And what did she do?"
"She threw it in a dark closet where Janie didn't dare to go. And then a day or two later she happened to step on it in the dark and it shrieked 'mamma' as naturally that she fell over in a faint and bumped her head and her two buckets of water poured over her before she recovered consciousness."

Selz Footform model in the Royal Blue shoe

ONE thing we can offer you in Selz Royal Blue shoes that you won't find in any other shoe made. It's the Footform model. This last is the product of many years of scientific study and experiment; many shoes were made for many different feet, before a shape was finally fixed upon as most perfect. It was called Footform; it is a Selz shape exclusively, with many imitators, but no equals.

Every Selz model today is made on the lines and measurements of the Footform; we can fit your feet in Selz Royal Blue—\$3.50, \$4, \$5.

LIE PASSED AT RAILWAY SESSION

Directors of Alaska Central Hold Red Hot Meeting at Seattle.

(United Press Lined Wire.)
Seattle, Wash., June 13.—The directors of the Alaska Central railroad held a red-hot meeting today, the word "lie" was hurled back and forth and two of the directors nearly came to blows. The meeting was called to consider the appointment of a receiver which took place several weeks ago. John P. Baine, one of the directors, alleges that President A. C. Frost of Chicago has mismanaged the affairs of the road.
The receiver was appointed by Judge Reid of Fairbanks, Alaska. Today Baine attacked Frost's honesty and ended up by saying that he was surrounded by a bunch of stool-pigeons and former United States Senator George Turner of Spokane was one of the pigeons acting as counsel. Turner was on his feet in an instant and called Baine many names and was about to pounce upon the later when the friends stepped in. The meeting ended with the adoption of Frost's report and a resolution that the chamber of commerce of Seattle investigate the affairs of the road.

WASHINGTON SOONERS FACE LOTTERY PLAN

(Special Dispatch to The Journal.)
Olympia, Wash., June 13.—To avoid a scramble for first places on the primary ballot, likely to occur in every county in the state, Attorney-General Atkinson has advised the county auditors to file declarations of candidacy by lot in certain instances. He suggests that all applications delivered by mail or in person at the auditor's office at the opening moment on the first day for filing be considered as filed simultaneously and that the order of the ballot be then determined by lot. If declarations of candidacy are received thereafter they should be filed in the order received and given that order on the ballot, unless they are received simultaneously, when the lot scheme should again be used. The plan, it is claimed, is fair to all and would avoid the standing in line likely to occur under other conditions.
The same plan might be followed by the secretary of state in preparing the ballots for the state ticket. But as the adoption of the plan is discretionary it is possible that he may not accept it, as he does not wholly approve of it.
The attorney-general has ruled that the first day for filing is July 10.

No More Guess Work.

David M. Holbrook, the merchant tailor, has just received a machine which will prove a great help to the tailoring fraternity in aiding them to measure their customers accurately. This machine is called the Della Indicator and not only takes every conceivable measure with greater accuracy, but also shows all the deformities—round shoulders, stoop shoulders, etc. This is the only machine of its kind on the Pacific coast and is on exhibition at Holbrook's tailoring establishment, fourth floor Couch building, 109 Fourth street, between Stark and Washington.

Diplomas to Barlow Pupils.

(Special Dispatch to The Journal.)
Barlow, Or., June 13.—Those who received their diplomas this week upon the eighth grade examination taken in May are Hjalmer Erickson, George Berg, Dave Auvae and Ionia Andrews.

WARSHIPS WILL GUARD PANAMA

American Naval Officers De- termined to Prevent Riot- ing on Election Day.

(United Press Lined Wire.)
Washington, D. C., June 13.—Following the receipt of information that the situation in Panama is growing worse hourly, the government has decided to keep two warships in communication with the isthmus until the election feeling has subsided.
The Albatross will remain at Panama on the west coast and the Tacoma will go to Colon. It is believed that unless something is done quickly, to convince the natives that the United States government will not brook any disorder in Panama, a revolution will break out and retard the work on the canal by throwing the whole isthmus into a state of chaos.

PRESIDENT HOLMAN VISITS WILLAMETTE

(Special Dispatch to The Journal.)
Salem, Or., June 13.—Rev. Fletcher Holman, recently elected president of Willamette university, visited Salem yesterday afternoon for the first time since his election, returning to Portland the same evening, and left a very favorable impression among the citizens he met while here. He was sized up by Salem business men as a good mixer and he will be given a hearty welcome to his new post here.
Rev. Holman will be tendered a reception at the university Monday morning. He was not in the city this time long enough to meet all the instructors or any of the students, as they were just concluding the semester's examinations.
Next week will be commencement week at the university, during which time the new president will be able to grasp an idea of the work that lies before him here. It is realized that the position is a difficult one to fill, but an effort will be made to give the new president every assistance to improve conditions at the school.

Another Big Razor Sale
