

WEDDING

The First Presbyterian church was the scene of a beautiful wedding last night, when Miss Helen Katherine Brigham, the daughter of Mr. and Mrs. P. E. Brigham, was married to Norris B. Gregg, formerly of St. Louis. The church was filled with friends and presented an attractive picture with its simple decorations of green and white, with marguerites in baskets about the chancel. Dr. William Hiram Foulkes read the service of their flocks. Elizabeth and Ruth Bremer were the flower girls, dressed in white, the one with pink and the other with blue sash. They carried baskets of flowers decorated each with her own color, and strewed marguerites in the path of the bride. Gilbert Durham was the best man, and the ushers were Fred Chapman, Lester Hodson, Walter Smith and Howard Roberts of New York. Mrs. Walter Reed sang and Mr. Courson was at the organ.

At the home of Mr. and Mrs. Brigham a large reception followed the ceremony. The house was beautifully decorated in the reception-room the walls were lined with roses, with baskets and inverted hats full of them. Over 200 guests attended. Mrs. Brigham was crowned in handsome crepe de chine of oyster white, with garnitures of white duchess lace and touches of silver embroidery. Assisting in the receiving-room were Mrs. Edward King, in Dresden silk, and the Misses Jennie and Mollie Smith, in white. In the dining-room Mrs. David Jordan in a pretty embroidered lingerie frock, poured tea, and Mrs. Curtis Sargent, in her wedding gown of white satin and lace, assisted. Miss Grace Dalrymple, in white crepe gown, served punch in the library, and Miss Helen Krause assisted her.

Mr. and Mrs. Gregg have gone east on a month's trip and will visit Mr. Gregg's parents in St. Louis. Thence they will go to Detroit and Milwaukee, where the bride attended school at Miss Sabin's school for girls, to Chicago and the great lakes, and on their return

PORTLAND HIGH GRADUATES 110

Exercises Held Last Night by Students at Heilig Theatre.

Graduating exercises of the Portland high school were held last night at the Heilig theatre, at which time diplomas were awarded to 110 students who had completed the course of study with honor and credit.

The exercises at the theatre were under the direction of Professor T. F. Davis, principal of the school, while the address to the class was delivered by R. K. Warren, formerly a member of the board of education of the city. The diplomas were presented by Horman Wittenberg, chairman of the board of education.

In his address to the class Mr. Warren urged them to be earnest, to possess industry, economy, integrity, to be prepared and to know the value of concentration of effort in making their way through the world. He called attention to the lives of the great men of the world, who used often to visit here with Mrs. Bert Ball and Mrs. Warren Houghton and others. They are here this week as the guests of Mrs. and Mrs. J. Wesley Ladd. The bride wore handsome white lace over satin, with trimmings of silver, and carried a bride's bouquet of pink and white roses. The bridegroom's gift, a diamond and pearl pendant, and a diamond and pearl pendant, the gift of the bridegroom's parents, were her ornaments. Mrs. Appleby wore a wedding gown of white lace and net over satin, and carried pink roses. Weber's orchestra played throughout the evening. A reception followed.

Mr. and Mrs. Howard have gone to the sound on a short trip and on their return will be at home at 726 Northrup street.

Mrs. David C. Lewis is entertaining with a tea this afternoon.

Mr. and Mrs. Jay Smith entertained last night with a charming musicale at their Portland Heights home. Julius V. Seyler, pianist, gave the program and William Wallace Graham, violinist, assisted with two numbers. Tuesday evening, too, the Smiths gave a musicale, and Miss Helen Barstow, soprano, was assisted by Mr. Seyler.

Several of the women interested in the local Y. W. C. A. dined Miss Abbie McElroy last night at the new Parkine building. Covers were laid for 30 of those who were associated with her in her work when she was general secretary in Portland. She is now state secretary for California and Nevada, and is to have charge of the city department at the northwest conference to be held at Seattle, August 1-2. While in Portland she is the guest of Mrs. W. J. Honeyman.

The charity baseball game to be played Saturday afternoon at Multnomah field by the lawyers and doctors against the bankers is exciting the usual amount of interest and promises to be well attended. Several prominent society women head the patroness list.

MAN HAS GOOD LUCK ON FRIDAY 'CAUSE IT IS OTHERS JONAH DAY

"Well, well, here it is Friday again, my lucky day," said Graham B. Nichol, an eastern traveling man at the Cornwell hotel this morning, as he looked over himself and prepared to start out on his day's work.

"Some people have a horror of Friday," Mr. Nichol explained further, "but I don't mind it at all. It is not always so, but there are, but few Fridays during the nine or 10 months that I am on the road, that I do not find a better business than on other days of the week."

"It is history that Friday—just an ordinary, everyday day like any other day—is now transpiring—has been the date of some events which shall be remembered by the people of the world until the last of the lastarian are gone. I know traveling men who won't start on a journey on a Friday. And there are so many persons who, by superstitions believing that to start on a trip on Friday would bring them bad luck, sure, that Friday has become known among the railroad men as the poorest paying day in the line of passenger travel of any other of the six days of the week."

"But just think of the historical events which have materialized on Friday. For instance, and the first that comes to my mind, I being a Friday man, having been born on that day, is the fact that our forefathers on the Mayflower landed on a Friday. This, of course, was some years ago, but it was a Friday just the same."

"And then the battle was burned and destroyed on Friday. Not exactly in the one day, but the principal damage to the city was done on Friday. Did you know that America, this great land in which you live and prosper, was discovered on Friday? Whether you know it or not, nevertheless, it is a fact."

"Washington—dear old George Washington—was born on Friday. Shakespear also saved the first light of day on the day which by so many is considered their bad-luck day. Queen Victoria was married on Friday. Charles I. was beheaded, the battle of Waterloo was fought, Julius Caesar was assassinated, the battle of New Orleans was fought, and the Declaration of Independence was signed, all on Friday. And there are numerous other events of various kinds and importance to
