DURING VACATION

Repair and refinish the piano during the vacation while the family is away and the teachers are on their vacation. In order to keep the Eilers Piano House repair shop running all summer, thereby retaining the full force of expert and competent workmen, we will send for your piano, give it the necessary repairs—just as you want—finish the case over like new if you like—take care of it during the time you're away and place it back in your home when you return, about, if not just as good as new—and the best will be very reasonable, especially if we can do the work during the summer months. Think this over—examine your piano—how about the action? Do your people complain of its being too hard or uneven? Strive to be a diligent case scratched and mended? If so, call us up—we'll do the rest. If you merely want it moved, stored, tuned, Eilers Piano House, 252 Washington Street, are better prepared to do your work than any house on the coast.
