NEWS LETTER FROM CHILE

Bubonic Plague Terrorizes Port of Antofagasta—Six Million Salmon Eggs Received From Columbia River Fisheries.

(Special Dispatch to The Journal.)

Valparaiso, June 19.—The bubonic plague has declared itself in an alarming manner at the port of Antofagasta; the authorities are adopting active measures for its repression. The government has comisisoned Dr. Cadiz to make a voyage along the coast in the corvette Baquedano and study the ports with reference to the establishment of sanitary stations and hospitals for the protection of commerce against infectious diseases.

Six million salmon eggs have been received from the Columbia river and will be distributed by the government among the ports of the republic.

This government is making a new schedule of duties on tobacco in its many forms, by which it is expected to increase its revenues about $5,000,000.

The aggregate capital in the banks of Chile on the last day of last year was $127,000,000. The money in cash on hand was $88,000,000 and the securities $478,000,000.

Don Julio Zegers has published a long series of articles on the economic situation of the republic and declares that what is demanded by existing circumstances is more devotion to work, and economy in expenditure. Referring to the international commercial question with Peru, he says: "The arrangement is necessary because it imports positive and great advantages for both countries. The marked difference in our products obliges us to be fraternal in exchanges, permitting us to send Peru our wheat, so superior to that of the United States, and receive from them sugar and many other articles with profit to both countries, close neighbors."

The secretary of the navy has been in conference with the expert Subsecretary Prieto and Captain Garin concerning the renovation of the armament of the navy. But the republic finds itself hampered by want of funds and credit. The minister of war, also, has been studying a method of improving the condition of the mountain artillery.

The country has lost by death one of its most brilliant naval officers, Captain Naptali Molina, maritime governor of Antofogasta.

A dispatch received here from a mountain station says that a party of Turkish gypsies met a band of Hungarian gypsies in the hills and robbed 17 families of $50,000, or, as some report, £50,000. The Hungarians, arriving at a town, have wished to take revenge on the Turks and have only been prevented by the police, who have disarmed all the men of both parties.

SNOW STILL LIES DEEP ON TACOMA

(Special Dispatch to The Journal.)

Tacoma, Wash., June 20.—Parties just returning from Paradise valley, on the south slope of Mount Tacoma, say the heaviest snowfall in more than a decade fell on the mountain during last winter and the long cold spring. Due to the backwardness of the year, there is still a great deal of snow on the slopes of the mountain, and at the Camp of the Clouds, which is a favorite spot with tourists, there is still estimated to be 20 feet of snow. A week's hot sun will do much toward dissipating it. A trail has been cut from Longmire springs to Indian Henry's hunting ground, or Huckleberry valley, the name given to the park-like western slope of the mountain, and this part of the mountain will be exploited for the first time this season. Heretofore it has been reached by a trail so rough that comparatively few ever visited it.

Pleasant Coolness.

It was strawberry and vanilla,
And it melted soon away.

A Typical Case of A Marvelous Result

A lady called at the office of the IMPONDERO-THERAPY CO., 508 Merchants Trust building, in this city, who had been suffering from severe nervous headaches which nearly drove her to distraction at times, and, after explaining her case to the physicians, she commenced their treatment, and inside of 20 minutes she was free from all pain, she was properly fitted with glasses, removing the eye strain, and at the present time she reports that she has never lost a night's sleep or a meal, and all symptoms have subsided.

ANOTHER:

A young man who had been treating with all the available methods, as well as those recommended, and met with nothing but failure at every hand, he said that some one had spoken of the Impondero-Therapy treatment to him, and he thought that he would at least investigate it and see what it was. After a thorough investigation he concluded to take a 60-day course of treatment, and by that time there would be sufficient time to show whether there would be any efficiency in the treatment, but at the end of three days he was so much better that he could eat, sleep and enjoy the pleasures of life as other men.

We wish to state that we are glad that there are some who advertise, can and do just what they say.

BACK FROM WORK IN MISSION FIELD

Rev. Robert McLean to Return to Old Church at Grants Pass.

(Special Dispatch to The Journal.)

Grants Pass, Or., June 20.—By the unanimous voice of the membership of Bethany Presbyterian church, this city, Rev. Robert McLean, who has had charge of the missionary work of Porto Rico for the past eight years, has been called to serve the pastorate here. Rev. McLean will succeed Rev. Evan P. Hughes, who recently resigned, but who has occupied the pulpit of Bethany church for the past two years, and under whose leadership the church has enjoyed a splendid growth.

Mr. McLean was pastor of Bethany church from 1887 till 1899. He brought up the church from a little village charge to one of the leading organizations of southern Oregon. He left here under protest of both the church membership and the citizens in general, as he had not only proved himself a fearless and powerful preacher, but a wide-awake, progressive citizen. But there was urgent need of his services in the mission field, particularly in Porto Rico, because of the fluency with which he spoke the Spanish language and his ability to deal with Spanish people. This he had learned from previous experience as a missionary in Chile. So he was taken from Bethany church, and after a short term of pastoral work in Portland went to Porto Rico. He has advanced the work there to such a degree, and has perfected such an excellent system that it is now possible for him to turn it over to others. Thus he is free to accept his old and favorite charge at Grants Pass.

Rev. Robert McLean.

He will probably arrive here with his family, in July. He will find the church much bigger than when he left it. Also he will find a splendid edifice, which has lately been overhauled, repaired and newly carpeted. The church also has a commodious manse, in which the minister will make his home.

CROSS RAILWAY AT THE RISK OF LIFE

Yamhill County Complains of Sheridan and Willamina Road.

(Salem Bureau of The Journal.)

Salem, June 20.—Yamhill county, through County Judge R. P. Bird, has entered with the railroad commission an informal complaint against the Sheridan & Willamina railroad. The main track of the Willamina road crosses the county road in Yamhill county three times, and at each crossing the condition of the road is so bad, according to Judge Bird, that it is dangerous and almost impossible for loaded wagons to cross the tracks.

Efforts to prevail upon the railroad company to remedy the bad crossings have been in vain. The railroad commission is asked to take the matter up and see what can be done to compel the railroad to repair and reconstruct its crossings.

The coffee industry flourished to some extent in Cuba a good many years ago, but has been allowed to lapse into a state of comparative inactivity, and there is now no special culture except on large estates where coffee for the consumption of the owners and tenants is grown. Cuba does not grow enough coffee for its own use.

WEDDING OF JEAN REID

Elaborate Preparations Are Made for Marriage of Englishman to Daughter of Ambassador From United States—Costly Presents.

(Hearst News by Longest Leased Wire.)

London, June 19.—The greatest social event of next week will be the wedding of Jean Reid and John Ward m the royal chapel at St. James on Tuni. The court's return from Windsor on Monday is chiefly due to the desire of the king and queen to attend the American girl's wedding.

The king and queen, the prince and Princess of Wales, Duke of Connaught, and Princess Patricia will be present at the ceremony and the reception at Dorchester house afterward. Outside of royalty there will be 85 guests, representing the most notable families of American and English aristicracy.

The bride will, following the English custom, have children attendants instead of bridesmaids. The only deviation from English traditions will be in having a maid of honor, Miss Jennie Crocker of San Francisco.

Miss Crocker's gown will be a transparent white muslin with a large pale blue sash falling to the hem of the skirt. She will wear an immense Merry Widow hat of white, wreathed with June roses and forget-me-nots.

The bride's gown will be a splendid Paris creation of soft satin, a rich cream color with a long satin train bordered with sprigs of roses and orange blossoms. The dress is shrouded with superb old rose point lace, an heirloom of Miss Reid's mother's family, worn by her grandmother when she was married to D. O. Mills.

Wagonloads of presents have landed at Dorchester house. The king and queen and others of the royal family sent many costly gifts. D. O. Mills' regal gift was bought to match a splendid necklace of emeralds and sapphires with an antique pendant of diamonds sent by J. P. Morgan. The Mills' gift is a wonderous corsage ornament of emeralds and diamonds connected by a series of scrolls from which depends a roll of huge emeralds and diamonds. President Roosevelt's gift has not yet been disclosed.

Kidney-Cure Tea

NOT MEDICINE.

Mr. W. J. Van Damme, 185 Morrison street, city—Dear Sir: I have had kidney trouble for several years, and of all the remedies that I used none of them helped me. Noticing your ad in The Journal I tried one bottle of your tea, and felt better, and have since used two more bottles and I now feel completely cured.

I think your "Kidney Cure Tea" is wonderful, and I heartily recommend it to my friends and the general public. Your grateful friend,

FARMERS' CONVENTION; FINE HORSE SHOW

(Special Dispatch to The Journal.)

Pullman, Wash., June 20.—The biggest horse show in the history of the Palouse country was held here Wednesday. It is estimated that there was in the neighborhood of $100,000 worth of fine horses on the streets. The parade was eight blocks in length. It was headed by M. C. Gray and Ivan Ashworth on two fine Kentucky saddle stallions.

There were 21 carriages in line, of which 14 were driven by ladies. Two driving stallions, nine saddlers, two Shetland ponies, 13 draft stallions and 58 mares, colts and driving horses formed the parade. This show was gotten up on only two weeks' notice. The representation of fine horseflesh might have been doubled. The exhibition was got up for the entertainment of the visiting delegates to the Farmers' union, who held their state convention Monday and Tuesday.

There were 205 delegates to the Farmers' union in the tri-state convention. It was voted unanimously that the panhandle of Idaho join with the farmers of Washington in this organization, which will give a membership of 5,000.

In the state of New York there are 12,000 abandoned farms, representing an area of 12,000,000 acres, and capable of caring for a population of 250,000.

BE A MAN OF VIGOR

DR. TAYLOR,
The Leading Specialist

There is no longer any excuse or reason for you to be a weak, puny or debilitated man—a mere wreck of what nature intended you to be. I have cured thousands of men who thought themselves beyond all hope, who had been treated by antiquated methods and grew steadily worse under treatments, or who were persuaded to try electric belts or some other equally worthless devices. That I cured them readily proves the efficiency of my direct method of treatment. I do not dose the system with powerful drugs, but apply remedies of my own DIRECT TO THE AFFLICTED PARTS, thus producing quick and permanent CURES.

I Cure Men's Diseases

I have treated hundreds of men who have long suffered a gradual decline of physical and mental energy as a result of private ailments, and have been interested in noting the marked general improvement that follows a thorough cure of the chief disorder. My success in curing difficult cases of long standing has made me the foremost specialist treating men's diseases. This success is due to several things. It is due to the study I have given my specialty; to my having ascertained the exact nature of men's ailments, and to the original, distinctive and thoroughly scientific methods of treatment I employ.

To those in doubt as to their true condition who wish to avoid the serious results that may follow neglect, I offer free consultation and advice, either at my office or through correspondence. If your case is one of the few that has reached an incurable stage, I will not accept it for treatment, nor will I urge my services upon any one. I treat curable cases only, and cure all cases I treat.

In Uncomplicated Cases My Fee Is ONLY $10 YOU PAY WHEN CURED

Weakness

You've probably been treated for so-called weakness and helped temporarily or not at all, and the reason is very apparent when cause of loss of power in men is understood. Weakness is merely a symptom of chronic inflammation of the prostate gland, which my treatment removes, thereby permanently restoring strength and vigor.

Specific Blood Poison

No dangerous minerals to drive the virus to the interior, but harmless, blood-cleansing remedies, that remove the last poisonous taint.

VARICOCELE

Absolutely painless treatment that cures completely in one week. Investigate my method. It is the only thoroughly scientific treatment for this disease being employed.

FREE

My colored chart, showing the male anatomy and affording an interesting study in men's diseases, will be given free upon application.

Contracted Disorders

You can depend upon a quick and thorough cure by my treatment. A quick cure is desirable because a slow cure is apt to be no cure at all, and a chronic development will come later. I cure you beyond the possibility of a relapse and in half the usual time required.

Reflex Ailments

Often the condition appearing to be the chief disorder is only a reflex ailment, resulting from some other disease. Weakness sometimes comes from varicocele or stricture; skin and bone diseases result from blood poison taint, and physical and mental decline follow long-standing functional disorder. My long experience in treating men enables me to determine the exact conditions that exist and to treat accordingly, thus removing every damaging cause and its effects.

I know the disease and weaknesses of men like an open book. I have been curing them for years. I have given my life to it, and thousands upon thousands of men, restored to VIGOROUS VITALITY, are today living monuments to my skill, knowledge and success. I never hold out false hopes. I never take a case I cannot cure. I have made so thorough a study of all the diseases of men—of VARICOCELE, STRICTURE, CONTAGIOUS BLOOD POISON, HYDROCELE, NERVOUS DEBILITY, GENERAL WEAKNESS, LOSS OF VITALITY, and have cured so many cases that if there is a cure for YOUR disease you will find it here. When I take a case there is no such thing as failure. I CHARGE NOTHING FOR CONSULTATION, and my knowledge, skill and experience are at your service. I will explain to you HOW and WHY I CAN CURE YOU (why the diseases of men require the knowledge and skill of a specialist).

Stricture Acute or chronic, cured quickly, safely, surely, without pain or loss of time or inconvenience. No matter how long standing or how complicated. I cure. I don't cut. My treatment removes every trace of the effect of early follies. My cures are simple, sure and permanent. It removes all obstructions and cures for all time to come.

Blood Poison I cure contracted blood poison. My record of past years, eradicating from the system and curing to stay cured afflicted men. Tainted blood, pimples and copper spots, patches and sores in the mouth, swollen or softening gums, tumors and ulcers of the skin, rheumatism, pains in the legs, chronic ulcers or tumors anywhere I cure in all stages.

Varicocele I CURE Varicocele quickly, safely, without danger or detention from business. MY METHOD is the safest as well as the most certain and satisfactory.

Nervous Debility I have cured thousands of cases of Lost Vitality, Physical Debility, Despondency, Pimples, Loss of Energy, Failing Memory, Palpitation of the Heart and Stunted Development. MY METHOD makes a quick, permanent and radical cure, without discomfort or detention from business.

Private Diseases I cure all diseases of a private nature about which most people dislike to consult their family doctor, such as discharges, drains, eruptions and all contracted troubles. I cure them quickly.

Prostatic Troubles Some of the notable successes of my professional career have been in the radical cure of enlarged and inflamed conditions of the Prostate Gland. My treatment acts directly, reducing inflammation and irritation; it heals the gland, removes the obstruction and establishes free passage of the natural secretions, without pain or discomfort.
