BOAT CREWS MAKE READY FOR RACES

Poughkeepsie Regatta No Cinch to Any College—Yale and Harvard.

(Special Dispatch to The Journal.)
 New York, June 22.—Nearly all the boat crews have arrived at Poughkeepsie to put on the finishing touches for the great intercollegiate regatta, which is scheduled for June 27. This week the river presents a busy spectacle with 100 or more oarsmen all working like beavers to get into condition for the great event of the year in college athletics. Every indication points to a most probably the most open regatta ever held at Poughkeepsie. Cornell seems to have had a sort of cinch on the varsity eight in previous years, but this year it looks on the surface at least as though the Yale crew was to be considered along with the others. There have been discussions in the rowing squad, and Coach Courtney has applied the rule of discipline ruthlessly. As a result six veteran oarsmen who would have added much strength to the crews have been dropped from the squad. Jack Dods, who for two years has held a seat in the first varsity, in the latest election failed to fall under Courtney's displeasure. The others who have met like fate are Koerner, Frost, Sanger, Wurst and Beyer.

It was not to count too much on the loss from Cornell's rowing force. Courtney is perhaps the slickest fox in the business, and can generally be depended upon to have something up his sleeve when the day of the regatta comes. It is not at all improbable that when Courtney let these men go that he had other men just as good, if not better to take their places.

However, the other coaches will convince one that at least four of them are convinced that they have a chance to win the big event. Within a few days now, it is possible for an outsider to form an intelligent opinion as to how the cat is going to jump.

It is to be regretted that Jim Pilkington and Julian Curtis found it impossible to get together a credible crew of American oarsmen to go to London to represent the United States in the Olympic regatta. Lack of cooperation and a variety of excuses have made it impossible to get together a crew within the prescribed time which would have a chance to make even a creditable showing.

Old Rivals Work Hard.

(United Press Leased Wire.)
 Gales Ferry, Conn., June 22.—Harvard and Yale crews are fast rounding in shape for the annual regatta. The varsity eight and pleasure and freshman eights are taking daily spins over the course. Owing to recent disqualifications Harvard's crew has been weakened.

Everybody who has seen the Harvard crew this year has been impressed by the apparent ease with which they row. In other years the Harvard men have struggled with their oars as though they could not get a certain amount of smoothness which has hitherto been the distinguishing mark of Yale crews exclusively. Whether there is anything to be detected in this case may be questioned, but at any rate it improves the form of the eight.

The Yale crew has a certain amount of ease in the smoothness that has been one of the smoothest that has been on the river in many years; hardly a ripple can be detected in the rowing in the individuals, or in the crew as a whole.

Kenney may be satisfied that the crew is fast enough, but one who has had an opportunity to tell much about its speed. Reports that the crew is fast are not so far from the truth as these statements have been reliable in the past. It is assumed that they can be depended on this season.

BAKER'S HORSEY SET WANTS RIDING CLUB

(Special Dispatch to The Journal.)
 Baker City, Or., June 22.—A number of horseback riders are agitating the idea of forming a riding club. The object of this club will be to promote good horsemanship among the city's enthusiasts who enjoy the sport.

Paper chassis will be held once a month during the riding season. Meetings will be held weekly when road drills and other military and academy maneuvers are to be practiced.

It is the purpose of those interested to call a special meeting at Elk's club at 8 p. m. next Monday and get all the riders, both local and outsiders, out to consider the proposition.

ORMOND BEAN AGAIN MANAGES TRACK TEAM

(Special Dispatch to The Journal.)
 University of Oregon, June 22.—The athletic council of the university yesterday appointed Ormond Bean track manager for the season of 1908, to succeed himself. Bean managed the track team this year with a record of 15 wins and 10 losses. He has done for several years what has not been done for many years in the past. Judge Bean of the supreme court, at the same time, was appointed as assistant football manager, which is equivalent to an appointment as manager two years hence.

This Day in Sport Annals.

1869—At Eclipse course, L. I. Prince beat Flora Temple, return trot, 1:40.2.

1888—At London, A. A. Jordan of New York Athletic club won running 100 yards, 1:28.5.

1890—At Buffalo, H. Vaughn of the New York club, of the Players' league, is said to have thrown a ball 134 yards, 7 1/2 inches.

1892—At New York, Joe Walcott won from Dan Creedon in 20 rounds.

1893—At London, Sam Jordan knocked out "Kid" McFadden in 15 rounds.

1894—At St. Louis, Abe Attell won from Johnnie Regan in 10 rounds.

Marquam Beats Monitor.
 (Special Dispatch to The Journal.)
 Marquam, Or., June 22.—One of the most interesting games of the season at this place was played today between the Marquam and Monitor teams, resulting in a score of 7 to 4 in favor of Marquam.

The battery work of the two teams was about even, but superior fielding was the cause for the home team. White, the pitcher for the home team, was steady at all times and pulled out a score very much in his favor. The famous southpaw, now playing center field, made a long run and caught a fly ball that seemed almost sure to be a two-base hit.

The Best Pills Ever Sold.
 After doctoring 15 years for chronic indigestion, and spending over \$300, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold," writes Dr. A. C. Atwood, of Indianapolis. North Carolina. Sold under guarantee at Skidmore drug company's drug store, 15c.

STANFORD STAR WILL NOT GO TO LONDON

Miller, California's Great Half-Miler, Can't Afford Trip—Finance Offered.

(United Press Leased Wire.)
 San Francisco, June 22.—When it became known here today that John O. Miller, of Visalia, Stanford's star half-miler, who made a brilliant winning of that event at Chicago recently, and for that victory was placed on the American team to go to London, for the Olympic games, had returned to this city because he could not afford to make the journey, scores of persons, many of whom did not know Miller at all, offered to finance him on the trip.

There is deep regret here today that California should lose the opportunity of having this star runner to represent her in London and an effort is being made to have Miller change his decision and start immediately for the east. Miller says that the sweltering heat of Chicago was responsible for the defeat of western athletes.

HALF-MILE CHAMPION REJECTED FOR POLICE

(Special Dispatch to The Journal.)
 New York, June 22.—In going over the rejected applicants for patrolman the other day 25 of the 30 candidates were rejected for physical incapacity. The name of Melvin W. Sheppard was among those rejected.

There were 400 in the list. The civil service examination for patrolmen is severe.

A striking feature is the rejection of Sheppard, who is a record-holder in athletics, and a member of the American team that is to compete in the Olympic games at London next month, and who broke a record in the 500-meter run at Philadelphia two weeks ago.

Asked as to the matter, Chief Medical Examiner Dr. J. P. Warshawski stated that the surgeons found several reasons for rejecting Sheppard, among them being heart trouble and a tendency to faint. To use the words of one of Sheppard's friends:

"He had Mel all in and practically a dead one, regardless of the fact that he is expected to make a new world's record next month in London and beat some of the best athletes in the land."

SQUEEZE PLAYS.

Los Angeles today.
 Portland goes into the fray crippled.

There may be some new positions this week.

After a week in the far south the team plays in Frisco and then the jaunt homeward.

Dan Brouters thinks that Tad Jones, the great Yale catcher, is the best backstop in the country, barring Bresnahan and Kling.

The long sweep of the base ball pendulum is moving westward. The Giants are now the only team club of either league in the first division.

Wait till the bankers' game if you want to see classy ball. The United States National Bank team from Portland plays the Seattle bank two games. One at home and the other abroad.

Portland fans remember the Kraits who played four innings here in 1905, catching the late Virgil Garvin. It was a pitiable exhibition and the red-haired one, was chased after allowing every man that reached a base to steal second and third. He flew by night. He is now playing a creditable game for Butte.

When they get to throwing eggs at the umpire it's time to hold up every man or boy that enters a ball park with a search warrant. Umpire Black was egged in Seattle the other day.

GUARDSMEN TO SHOOT IN SALEM THIS YEAR

(Salem Bureau of The Journal.)
 Salem, Or., June 22.—Adjutant-General Finzer was in Salem yesterday making preparations for the annual state shoot of the Oregon National Guard, which will take place this year at Salem.

The Salem range, which is on the west side of the river in Polk county, is one of the best equipped in the state and therefore has been selected by the general for the scene of this year's contest.

General Finzer has announced that the list of competitors is larger than ever before. It will include about 20 teams and the camp will consist of nearly 200 men and officers of the Oregon National Guard.

About 12 or 15 days' work will be required to get the range ready for the tournament.

July 20 is the date set for the beginning of the shoot. It is expected, however, that the competing teams will be on the range several days before that time in order to get used to it before the actual contest begins. Two years ago the shoot was held at Roseburg.

Doubled Merchants and Brewster yesterday that the Oregon National Guard would take their annual outing and field drill this year at American lake in Washington. The exact date will not be known until a few days before the order is made.

WINNERS IN TENNIS TOURNAMENT FOR TROPHY

Mac Snow, the University of Oregon tennis player, beat Walter Goss, the veteran racketeer, in the singles of the Multnomah tennis tourney for the cup yesterday.

Following were the results yesterday: Wickensham beat McMillan (receive 15), 6-2, 6-4, 6-3; Brierley beat Wakeman (receive 4-6), 6-1, 6-0; McKenbie (receive 5-6) beat Knight (receive 15), 6-2, 6-3; Nunn (receive 15) beat Zan (receive 6-8) 7-5, 6-0; Snow (receive 4-6) beat Goss (own 4), 6-2, 6-4; Warriner (receive 15) beat and executed 15 2-6, 6-1, 6-3; Alexander beats Forbes by default. Alexander beat Hughes by default.

Doubled Merchants and Brewster (receive 15) beat Warriner and Dunne (receive 3-6), 6-4, 4-6, 6-3.

The schedule for today follows: Singles—Wilder vs. Don; Morris vs. Nunn; Snow vs. Ames; Ladd vs. Hubbell; Warner vs. Alexander; Hellingier vs. Kate and Andrews vs. Brewer.

Doubles—McAlpin and Goss vs. Farrell and McMillan.

NATIONAL LEAGUE GAMES.

At New York.

R.H.E.	
Chicago	1 19 8
New York	7 11 0
Batteries	Lundgren and Kling; Witale and Bresnahan.

At Brooklyn.

At Cleveland.

R.H.E.	
Cleveland	2 4 4
Philadelphia	0 4 0
Batteries	Chech, Rhoades, Hess, N. Clark and Bemis; Coombs and Schreck.

Sherwood Is Winner.

(Special Dispatch to The Journal.)
 Sherwood, Or., June 22.—In what was considered a very poor exhibition of ball the Sherwood White Sox defeated the Wilsonville team on the latter's home ground by a score of 9 to 5. Thornton, who covered the slab for Wilsonville, pitched excellent ball, and had pitched alone counted the game would have been of a different type. The White Sox play Wabash of Portland here, next Sunday.

HAWAIIAN YACHT IS READY FOR BIG RACE

Will Try to Beat American Flyers From San Pedro to Honolulu.

(United Press Leased Wire.)
 Los Angeles, Cal., June 22.—The schooner yacht Hawaii, which is to be a contestant in the great trans-Pacific yacht race from San Pedro to Honolulu July 4, was put in drydock today to prepare for the race. The little vessel is the object of much interest among the sporting fraternity and a crowd went out to see her today. She arrived here last night after a voyage from Honolulu, starting June 2.

The Hawaii represents the Hawaii Yacht club of Honolulu, and was designed by B. B. Crowninshield of Boston, for this race. She was paid for by a fund raised by popular subscription. Two other yachts which will strive for the cup and honor of winning the race are the Lurline, owned by H. H. Sinclair; L. E. Johnson's yawl, Gwendolyn II, and John Kyle's yawl, Lady Maud.

Arrangements have been completed for a great send off for the boats on the national holiday, Los Angeles county, the fastest ever played in Washington county.

The Beaverton Beavers defeated the Oak Grove team of Portland Sunday at that place, 13 to 5. Good battery work and fine fielding won the game for Beavers.

The Willamette Iron & Steel Works team added one more victory to their list by defeating the North Pacific lumber company team by a score of 19 to 6 last Sunday morning, at the Vaughn street grounds. The game was full of ginger and very few errors were made, both teams playing a good game. Batteries—Willamette, Coghlan, Hirschel and Fape; North Pacific Lumber company, Berry and Jones.

MINOR BALL GAMES.

Montavilla defeated the Portland opticians on their home grounds Sunday morning, 33 to 4. The game was very poorly played. The Villas met Beaverton Sunday.

The Newsies beat the Portland Jun-

Important to Every Man WITH DISEASE

Progress in the study of contracted disorders in the past few years has resulted in my advanced methods of securing permanent results. In my practice I use special methods of irrigation and a method of my own devising for installations that cure gonorrhoea PERMANENTLY in from 3 to 10 days. I make frequent inspections of the canal by means of a small electric light, which enables me to see and to treat each inflamed part separately; and I am also enabled to show the patient himself the conditions that actually exist. Following my treatment there are no evil after results. There is no stricture to fear nor the slightest chance of a chronic condition (sometimes called gleet), but there is COMPLETE healing of the inflamed and poisoned tissue. Never use harsh injections or drastic internal remedies to stop the discharge, for if you do it is certain that in the future you will find your state worse than ever. I guarantee you a PERFECT AND PROMPT CURE, and as well as that,

YOU PAY WHEN CURED

My Fee for a Thorough Cure of any Ailment is **\$10** in any Uncomplicated Case. You Pay when I Have Cured You.

If this announcement does not have particular reference to YOUR trouble, drop in and tell me what bothers you. I shall be glad to give you advice as to your condition that is sure to be of benefit to you. That will cure you nothing. It will save you an amount of nervous suffering and MAY greatly PROLONG YOUR LIFE. Be wise, don't delay. As I have stated frequently, all the very serious and so-called "incurable" diseases are due to delay and neglect.

WEAKNESS
 Functional weakness in men is in reality a comparatively simple ailment and is but a symptom of local disorder, a state of chronic inflammation of the prostate gland. No stimulating treatment, whether internal or locally applied, can do more than excite temporary activity. By my system of local treatment I restore absolutely normal conditions throughout the organs involved, which promptly results in complete and permanent restoration of strength and vigor. This treatment is original with me, and is the only radical and certain cure yet devised.

VARICOCELE
 Varicocele is a relaxation, knotting and twisting of the most vital blood vessels of the organic system. It stagnates the local circulation and interferes with the processes of waste and repair. Neglect brings derangement of functions and injury to the general health. Most physicians resort to surgical operations and hospital treatment.

CONSULTATION AND DIAGNOSIS FREE
 I state nothing in my announcements but the straight, square truth. It will cost you nothing to call and talk over your case. You can find out all about your trouble and you can later arrange to begin treatment any time you like. My offices, comprising 10 rooms, are the largest, most elegant and best equipped in the West. Office hours, 9 a. m. to 9 p. m. Sundays, 10 to 1 only.

Money-Making Ways of Using Want Ads

To Get a Stenographer or a Position as Stenographer

A neat, accurate, business-headed man or woman Stenographer pays any business. And it is as important for high grade Stenographers to become associated with firms of standing. Isn't it worth your while, then, you—Employer, or you—Employee, to use the most direct and sure method in the most economical way? Our "Help Wanted—Stenographers," or "Situation Wanted—Stenographers" column on our Classified page are open to everybody at the cost of but a few pennies—and they have found hundreds of top notch Stenographers, and placed hundreds of Stenographers in top notch positions. What our Want Ads have done for others, they will do for you. Employers—read and use our Classified columns to get the best Stenographers. Stenographers—read and use our Classified columns to get the best Positions.

EXAMPLES

WANTED—NEAT, ACCURATE, young woman stenographer; must have had at least a year of experience; good position in pleasant office; advancement to the right person; good salary to begin. Address in own handwriting. R. L. 55, this office.

SITUATION WANTED—AS STENOGRAPHER by young man 34 years of age; experienced and best of references; 15 to start. Address P. O. 45, this office.

JOURNAL CLASSIFIED RATES One cent a word an insertion. Seven consecutive insertions for the price of six.

One Line 1 month, \$0.10; 3 months, \$0.25; 6 months, \$0.40; 12 months, \$0.75 per line per month.

It is worth the while of ANY young man or woman to make a daily STUDY of the Classified Page of THIS paper. Just to keep track of the constant calls by employers for capable men and women is VALUABLE. But there are other CHANCES—to invest, to buy and sell, to get in touch with capital—and HUNDREDS of like opportunities. Get ACQUAINTED with them—TODAY.

Stop Drugging Get Back to Nature

Throw your half filled bottles of dope and poison into the garbage can—that's a better place for drugs than in your stomach. Electricity makes you feel good, puts an egg into him for a while. But when the alcohol stops working his nerves torture him. He is not whisky, every dose of drugs calls for another.

If you are nervous you can quiet your nerves with poison, but just as soon as the stupor wears off the trouble returns worse than ever. Works pretty much like whisky. A man will fill up on liquor because it makes him feel good, puts an egg into him for a while. But when the alcohol stops working his nerves torture him. He is not whisky, every dose of drugs calls for another.

Doping weak nerves, weak stomach, liver or kidneys with drugs won't restore them to proper working order. Nature must have new energy and you can get that only from electricity.

My method of curing is to feed the nerves and vitals with nourishing strength-building electricity, which enables nature to conquer the disease.

Electro-Vigor is a body battery that pumps electricity into your nerves and vitals while you sleep. It is entirely different from other electric appliances. The touch is gentle, soothing without shock or burn, yet so invigorating and powerful that you can feel the improvement after one application.
