SIXTEEN SWATS HELP PORTLAND

Ruby Randolph Knocked Out of Box by Heavy Hitting Northerners.

(United Press Leased Wire.)

Los Angeles, June 25.—Fifteen singles and one double coupled with three errors gave Portland the game with Los Angeles yesterday, 8 to 4, and brought the champions down a peg in the percentage column. Ruby Randolph was batted so hard that Captain Dillon yanked him out of the game in the sixth when three hits brought the northerners' total off the auburn one up to ten. Koestner was substituted but he fared as badly before the Oregon sharpshooters, for they tapped him for six safe ones.

Marshall was sent to the firing line for the Beavers and McCredie used excellent judgment in chasing him to the bench in favor of Groom, when the Seraphs gleaned three hits for two runs off the attenuated one. As long as his strength holds out Marshall is a good one and capable of twirling great ball.

HESSEMER GOES TO BECOME A DIRECTOR

Portland Y. M. C. A. Athlete Will Have Charge of Roslyn's Physical Health.

This week will see the close of the series of conferences held under the auspices of the Y. M. C. A. at Breakers, Wash., and will be entirely devoted to the physical men of the northwest and those having aspirations to take up that

John Hessemer.

line of life work. John Lamb, physical director of the Salem Y. M. C. A., who received his training in the Portland association, is one of the notable figures in pushing things along. Lamb has already made himself known in the capital by his engineering of the baseball league for professional and business men.

The conference will devote a large part of its time to physical work under Physical Director Grilley and different phases of the work of a physical director are being handled by various speakers. Dr. Harry Start of Portland speaks on physical examination, at the same time embracing kindred subjects as the restoration of life to the apparently drowned. His classes are marked with a considerable amount of enthusiasm owing to the encouragement he gives to the men to express their own ideas, whether in agreement with his own or not.

Several members of the Portland Y. M. C. A. are preparing for immediate work in outside Y. M. C. A.'s, among them John Hessemer who has consistently been one of the most popular and best known men in the association building. He goes to take up work at Roslyn City, Wash., July 1. His loss will be one felt at the association, for while Hessemer has never been unduly prominent in athletics he has been one of those plodding, consistent men that have helped to hold things together when they got to frayed edges.

When asked about his work, Hessemer said, "My ideal is work for men. A man should take up the line of work for which he is most fitted whatever it be. Work among men of whatsoever age they be is my hobby and I go to Roslyn City determined that through the physical work I shall get a grip on some of the men there whether they be boys, or young men, or old men and I think that together we will be able to make the Y. M. C. A. a factor in a man's work there. I want the association to be the center of everything that stands for the best."

GUARDSMEN WILL TRY FOR MEDALS

General Finzer Issues Rules for Rifle and Revolver Tournament.

The annual rifle and revolver competition of the Oregon National guard will be held on the rifle range near Salem during the week of July 20 to 24 inclusive. General orders No. 9, from the office of Adjutant General W. E. Finzer, just issued, gives full instructions to regimental, battalion and company officers as to how the competing guardsmen are to be selected, as well as a complete program of the four days' shoot. The commanding officer of each regiment will send a team of four men and one alternate to be selected from the regimental and battalion commissioned and non-commissioned officers; from each company a team of four men and one alternate to be selected by the company commander, all to be selected by previous competition on some outdoor range in such manner as each commanding officer may deem necessary to secure the best shot of his command for his team. No guardsman will be allowed to participate in the state contest unless he shall have performed not less than 75 per cent of all military duty since joining the National guard.

The following marksmanship contests will take place during the four days' competition:

State trophy match—company championship; prize, silver cup to become the property of the organization winning it three times, not necessarily in succession.

State medal match—Competing for state trophy; prize, a gold medal, to become the property of the officer or soldier winning it three times, not necessarily in succession. The highest individual score in the state trophy match will be awarded the prize in this contest.

State individual match—Open to all members of the national guard competing for the state trophy; prizes, (1) gold medal, two silver medals, five bronze medals and a silver medal to be awarded to the following: The guardsman making the highest aggregate score in slow fire, the one making the highest score in rapid fire and to the one making the highest score in skirmish fire.

Governor's trophy match—Regimental championship, open to teams of 8 men from each regimental organization in the state. This trophy is to be competed for annually.

State pistol match—Open to all commissioned officers of the national guard and to all non-commissioned officers present on the range during the state competitions; prizes, a gold medal to the competitor making the highest aggregate score, and a silver medal to each of the two competitors making the highest aggregate scores after the gold medal scores.

At the same time of the national guard shoot the annual matches of the Oregon branch of the National Rifle association will be held on the same range. There will be two principal events, the trophy match and the national marksman's reserve match. The usual rules will cover the two events.

RUMORED WRESTLER HACHENSCHMIDT DEAD

London, June 25.—It is rumored today that Hackenschmidt, the famous wrestler, is dead at Aix Les Chappelle, where he went several weeks ago to take a rest in an effort to recover from injuries received in his match with Gotch at Chicago this spring. The report has not been confirmed.

Hackenschmidt was suffering from water on the knee and some time ago his doctors announced that he would never be able to wrestle again.

SQUEEZE PLAYS.

A game won from the leaders is a game worth winning.

That new addition to the grandstand will be finished when the team returns home.

Charley Moore has lost his suit against the St. Johns club of the Tri-City league for $502 for unpaid salary.

* *

Coos Bay and the Inland Empire leagues are shooting holes into the Tri-City for players.

* *

Pitcher Howard refused $75 a month to play with La Grande. He thought the value placed on him too low.

* *

Marshall is getting a good workout for a busher. It isn't often an obscure youngster gets to pitch once a week in class A baseball.

* *

Seattle has had about 30 men since the team started training and still more coming.

* *

How would Eddie Siever, the twirler Detroit is going to let go, do for the Portland mound? Siever is a veteran southpaw and the team needs southpaws. Mac might make a center shot by going after Siever.

* *

Connie Mack is said to be after Jack Myers, the jolly Indian catcher who caught for Russ Hall's Butte team last season. What a savage battery with Bender and Myers working.

Old Solly Saulsbury may don a Coast league uniform again after several years' absence. He used to pitch for Portland years ago, being noted for his slow ball.

Thinks It Saved His Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly 40 years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. CLASH BETWEEN CITY AND NATIONAL GUARD

(United Press Leased Wire.)

San Francisco, June 25.—Some interesting developments are promised on July 1, when the employes and doctors of the health department report for duty garbed in an olive-colored uniform which has been prescribed for all attaches of the department.

Adjutant-General J. B. Lauck of the National Guard has notified the board of health that the uniform bears too close a resemblance to that worn by the National Guard and he has threatened to bring action against the board if the uniform is used.

The board has ignored Adjutant-General Lauck's demand on the ground that it is an aesthetic problem and permits of great difference of opinion as to how many stripes and brass buttons constitute a uniform.

MEN'S WEAKNESS MASTERED

MY FEE IS ONLY $10 IN ANY UNCOMPLICATED CASE

I cure all diseases of men by methods of my own devising. These methods are a radical departure from the ordinary medical practice, which attempts to cure every ill of mankind by stomach drugging and thus kills more people than are cured. In my practice, I do not drug the stomach at all, but I apply heading medicines of my own directly to the diseased region, and thus effect a complete and permanent cure in a very short time. My treatment never fails, as my unbroken record, covering a period of over 20 years, fully proves. Don't be practiced and experimented upon by physicians, druggists, electric belts and incompetent specialists. My large practice and quick, thorough methods enable me to cure Men's Diseases in half the time and about one-fourth the usual fees asked.

DR. TAYLOR, The Leading Specialist

My guarantee is:

NOT A DOLLAR NEED BE PAID UNTIL CURED

NO STIMULANTS FOR "WEAKNESS"

My success in permanently curing that condition commonly known as "weakness" fully demonstrates the absolute correctness of my method of treatment, which is a method employed by myself alone. I do not stimulate the functions to temporary activity by the use of strong internal medicines. This is the course commonly pursued by both general practitioners and specialists, and is a treatment that cannot possibly result in a permanent cure. "Weakness" is merely a symptom of chronic inflammation in the prostate gland brought on by excesses, early dissipation or by the improper treatment of some contracted disease. A complete and radical cure is therefore a question of restoring the prostate gland to its normal state, and this I accomplish promptly and completely without the use of internal remedies. My treatment is a local one entirely. It is original and scientific, and has been proved absolutely effective by thousands of tests. I am convinced that by no other method can full and permanent restoration of strength and vigor be accomplished.

CONTRACTED DISORDERS

The serious results that may follow neglect of contracted diseases could scarcely be exaggerated. Safety demands an absolutely thorough cure in the least possible time. I have treated more cases of contracted disorders than any other physician upon the Pacific coast. My cures are thorough and are accomplished in less time than other forms of treatment require in producing even doubtful results. I employ remedies of my own devising and my treatment is equally effective in both recent and chronic cases.

VARICOCELE

There is no necessity for surgical operations in the treatment of Varicocele. This disease yields completely to my mild and painless method, and results are far better than were ever attained by the harsh and dangerous practice of cutting. But one week is required, and seldom is it even necessary to detain the patient from his business.

CONSULTATION AND DIAGNOSIS FREE

I do not charge for advice, examination or diagnosis. If you call for a private talk with me, you will not be urged to begin treatment. If impossible to call, write.
