TOWBOAT SHAVER JOINS THE FLEET

Powerful Towboat Launched at Early Hour This Morning.

MANY WATCH CRAFT TAKE FIRST PLUNGE

After Launching, New Boat Proceeds to Company's Moorings at East Couch Street for the Finishing Touches.

The Shaver Transportation company's new towboat Shaver was launched from the yards of the Portland Shipbuilding company in South Portland at 9 o'clock this morning. A large number of friends of the company witnessed the launching from the decks of the steamers Wauna and Sarah Dixon of the Shaver fleet.

Shortly after taking the water the Shaver started down the river with the Sarah Dixon and Wauna, under her own steam, and went to the moorings at the foot of East Couch street to receive the finishing touches and necessary equipment.

The slide from the ways was not very long owing to the high water in the river, but it was long enough to make it interesting, especially since it was made without a hitch. Charles Nelson of the shipbuilding firm released the blocks that held the cradle exactly at the appointed time as always, and a moment later the boat was sliding gracefully on her way.

The dimensions of the Shaver are: Length, 155 feet; beam, 30.8 feet; depth of hold, 7 feet. She is equipped with 18½-inch engines with a six-foot stroke. The boiler is 25 feet long and has a 76-inch shell, carrying a pressure of 200 pounds of steam.

The Shaver will be engaged in towing log rafts on the Columbia and Willamette rivers as are the Sarah Dixon and Wauna and she will go into commission in a few days.

POLICE BACK DOWN.

Captain Spencer Tells Them a Few Things and They Listen.

Captain E. W. Spencer, owner of the steamer Charles R. Spencer, much real property, mining stock and piles of money in hard, cold cash, was arrested last night for running a wharfinger's business without a license. But he was released on very short order after having threatened the city with a damage suit for false imprisonment. And he did not put up bail either. He did not have to.

This morning Captain Spencer called at the police station again and asked to be arrested on the warrant sworn out against him, but he was denied the privilege and will probably have no opportunity to see the inside of the jail. But the matter is being discussed this afternoon by the city's legal lights.

Captain Spencer, who is also ex-chief of police of Portland, was arrested at his home, 161 Broadway street, last night after having returned from an inspection trip to his mines in southeastern Oregon. The warrant had been sworn out by City License Collector M. A. McEachern, charging him with conducting the business of a wharfinger at the Washington street dock without having secured a license. Patrolman Van Overn served the papers and Captain Spencer went with him to the police station without offering any objections. Although disliking to be disturbed after having made himself comfortable in his cosy corner he realized it was no fault of the patrolman. He could not help it.

But at the station, in the presence of Chief Gritzmacher and his captains and clerks, Captain Spencer delivered some private opinions of his own in very plain language. Chief Gritzmacher listened and then said it would not be necessary for him to put up bail for his appearance if he would promise to show up at 9 o'clock in the morning.

"I will not. I have been falsely arrested and you lock me up, but the city shall have to pay for it. I merely pay $150 a month rent for the dock for my steamer to-land there and have nothing to do with the wharfinger business."

Chief Gritzmacher then refused to lock him up at all, saying: "It would only please you, so you may go."

Captain Spencer went. He returned this morning but was not wanted. He has not yet decided whether or not to bring suit against the city. Possibly he will.

ASTORIA MARINE NEWS.

New Equipment for Life-Savers at Point Adams.

(Special Dispatch to The Journal.)

Astoria, Or., June 27.—Captain Wicklund of the Point Adams life saving station today received two launching carriages for the life boats and the results obtained from their use will add wonderfully to dispatch in answering alarms of distress. Captain Wicklund says the department will replace the present 12-horsepower gasoline lifeboat with a new up-to-date 36-horsepower boat, which is expected at the station shortly. During the present season the crew has saved five fishing boats from destruction and the lives of the men who operated them and has saved many nets that were lost by fishermen.

Captain A. F. Pillsbury, surveyor for the San Francisco board of marine underwriters, returned today from Tillamook where he went to inspect the wrecked schooner Lea Schnauer, which went ashore near there last week. He reports that the vessel is a total wreck and recommends that she be abandoned.

The San Francisco board of marine underwriters have rejected all the bids received for floating the steamer Minnie E. Kelton and authorizing Captain E. C. Genereaux, salvor for the underwriters, to take entire charge of raising the vessel, and he will make another attempt to float her.

CARRIES RECORD LIST.

Harriman Liner State of California Leaves for San Francisco.

The steamer State of California, Captain Nopander, left Ainsworth dock at 9 o'clock this morning with 333 passengers and a full cargo of freight bound for San Francisco. It was the largest list of travelers ever carried out of here by that steamer. She was taxed to capacity excepting for a few vacant berths in the steerage.

The State of California came on the run to take the place of the Senator, which was sent to Nome, and has been keeping up with the schedule in fine shape. It is possible, however, that the fine steamer Queen will be sent north next trip in place of the State, the Queen now being on the State's former run between San Francisco and San Diego. The Queen is of about the same dimensions as the State and is equipped with wireless telegraph apparatus.

ALONG THE WATERFRONT.

The schooner Oliver J. Olson has completed loading grain for San Pedro, and is expected to leave down today with about 1,000 tons.

The steamer Alliance is scheduled to sail for Coos Bay this evening.

The warm weather east of the mountains has caused the Snake river to rise again, and as a result the fall in the Willamette will be slow for some time. The river is gradually receding at this point, however.

Captain George C. Conway's condition shows no change. He had a very bad night, but rested somewhat this morning. The doctors hold out no hope of his recovery.

May Robson Tomorrow Night.

The charming actress, May Robson and her splendid company of players, will present the fascinating comedy, "The Rejuvenation of Aunt Mary," at the Heilig theatre, Fourteenth and Washington streets, tomorrow (Sunday) night. Seats are now selling at theatre. This will prove one of the greatest treats of the season and should not be overlooked.

Collier at Heilig Tonight.

The attraction at the Heilig theatre, Fourteenth and Washington streets, tonight at 8:15 o'clock, will be the favorite comedian, William Collier and his excellent supporting company in the delightful comedy, "Caught in the Rain." This will afford your last opportunity of seeing this brilliant star and laughable play.

"Charley's Uncle."

"Charley's Uncle" the present attraction at the Star theatre, will close the engagement of the Armstrong company in this city. Those who want to see a bright and energetic chorus, with songs, comedians and dances in the musical comedy, should not miss the few remaining performances of "Charley's Uncle."

Chinese Magicians.

Chinese magicians have the headline position at the Grand this week. The Okito family of illusionists are on their first tour of America, having traveled through Europe with success. The La Ween Cross company of muscular men, reviving the pastimes of Rome, is another act of especial interest.

Hoyt's "A Bunch of Keys."

Now comes the last week of the season for Baker Stock Company and also its last week in the Baker theatre. Tomorrow afternoon Hoyt's "A Bunch of Keys" will open for the week. The play, however, is nothing but one big laugh from start to finish.

Last Time Tonight.

"The Henrietta" will be presented by Baker Stock Company for the last time tonight. The play is one of the best known in stage lore, and was written by Bronson Howard and first presented by Stuart Robson and W. H. Crane.

No Rain at the Oaks.

June showers do not trouble the patrons of the Oaks, where the big free Airdome furnishes shelter for all those who wish to listen to the afternoon concerts by the Band of White and Gold or the evening musical comedy performances by the Allen Curtis Comedy Company.

MAN SHOT BECAUSE HIS NOSE WAS LONG

Troubles of an Everyday Cyrano Culminate in Astounding Attack.

Paris, June 27.—Charles Bertrand, a mechanic, aged 25 years, yesterday lost an eye, and is now lying in a hospital because nature has bestowed on him a nose of phenomenal dimensions.

He was walking along the Rue Croix-Nivert when a man approached him, and walking by his side, continued to take an offensive interest in his facial appearance. Bertrand is accustomed to annoyance of this sort, but in this case it was so pronounced that he turned into a cafe to escape it.

But the man followed him, and, accosting him peremptorily, demanded what he meant by going about with such a monument on his face. The owner replied sadly that he was irresponsible, but the man declared that he was an artist, and would not stand it.

He thereupon drew a revolver and fired at the object of his hatred, but aimed so badly that he shot the unfortunate Bertrand through the left eye. He was at once arrested, and his victim was removed to the hospital.

Paris underground railways now open for traffic have a length of 32 miles, out of a total authorized of 57 miles, work being in progress on all lines which are not yet in operation.

BUTTERWORTH WINS CAMPAIGN OF SILENCE

Portland Man Elected President of Association Through Mails.

As the result of the annual election of the Railway Mail association of the eighth division, composed of the clerks of the Pacific coast states and which contest is conducted by ballots sent by postage, John Butterworth of Portland has been elected president of the organization for the ensuing year.

Mr. Butterworth lives at 386 Catlin

John Butterworth.

avenue, Mount Tabor, and for 11 years has been on the Southern Pacific run between Portland and Dunsmuir. He came originally from Ohio.

All the votes were sent to the headquarters of the division in San Francisco. His opponent for the honors was W. C. McGregor of San Francisco. Mr. Butterworth received 199 votes and Mr. McGregor 177 votes.

Mr. Butterworth succeeds George H. Addleman of Spokane as president of the association.

Not only is the election carried on by mail, but the candidates do their campaigning by a similar system. For instance, this year Mr. McGregor had pamphlets printed bearing one of his pictures and setting forth various other reasons why members of the association should cast their votes for him. Mr. Butterworth wrote circular letters urging his brother mail clerks to help him win.

The election is always by mail owing to the fact that it would be almost impossible for the mail clerks to hold a convention and have any number in attendance.

LET OUT OF PRISON TO MURDER SWEETHEART

Rome, June 27.—Giuseppe Serao, a working man, 25 years old, was arrested some weeks ago at Bari for a burglary in which he was implicated, and sentenced to four months' imprisonment.

He spent the first part of his imprisonment in counting the days until his release, when he would be married to his sweetheart, who had sworn that she would never forsake him.

But one day the jailer told him that the marriage banns of the girl and another man had been published.

Serao was terribly upset, and declared that he would rather see the girl dead than married to any one else.

The jailer agreed that he was right, and after some hesitation he yesterday acceded to the prisoner's request to let him go and kill her.

Serao returned to prison a couple of hours later. He had stabbed the girl dead, and was content to await his own further punishment. The jailer has been arrested.

WEATHER REPORT

A high pressure area of moderate strength is central over western Oregon and the Montana disturbance has moved east to the Dakotas. The high pressure area yesterday over the lake region now overlies the Atlantic states, with its crest over the Virginias. During the last 24 hours light showers have occurred in Oregon, Washington, British Columbia, Montana and the Canadian northwest. Elsewhere throughout the United States fair weather generally prevails. It is much cooler in the northern Rocky mountain states and correspondingly warmer in the interior of California. The temperature changes elsewhere have been unimportant. In the southern states it is slightly cooler than usual and in the northern states temperatures as a rule are slightly above normal.

The indications are for fair and warmer weather in this district Sunday.

Lists of said supplies will be furnished by the clerk of the board upon application. Samples can be seen at the asylum, and goods must be in accordance therewith. Where samples are required and not furnished by bidders, the articles must be equal to samples to be seen at the asylum, and bids will be assumed to have been made on basis of samples. All goods must be in strict accordance with sample in original package when possible, and delivered at the state insane asylum within 20 days after contract is awarded, and bids must be in blank forms, which will be furnished, together with instructions to bidders, by the clerk, upon application. Each bid on flour or meat must be accompanied by a certified check for $300, and each bid on fish by a certified check of $75, and all other bids by certified checks equal to 10 per cent of the amount bid. Checks of unsuccessful bidders to be returned immediately, and those accepted when the contract is completed. Bids must be inclosed in sealed envelopes and directed to the board, care of the clerk, and plainly marked "Bids for asylum supplies," and the class of goods should also be inscribed on the envelope. Price, fitness and quality being equal, preference will be given to articles manufactured, grown or produced in this state. When a particular article is specifically called for, bids for other kind or manufacture or brand equally as good will be entertained, but to insure recognition of such bids samples of the articles it is proposed to supply must accompany them.

The board reserves the right to reject any or all bids, or to accept or reject any part of a bid. Bids will be opened at the capitol at Salem at 10 a. m. Monday, June 29, 1908.

By order of the board of trustees, Oregon state insane asylum.
W. N. GATENS, Clerk.
