

DAUGHTER OF RICH CALIFORNIA RANCHER CARRIED OFF BY TWO MEN, FOR RANSOM, BEFORE EYES OF PARENTS—POSSE PURSUES.

Fresno, June 30.—A telephone message received from Coalinga this afternoon stated that a party is hot on the trail of the kidnapers and that they are supposed to be heading for the town of Dudley. The character of the country is low and rolling and those pursuing may catch sight of the hunted at any moment. Sheriff Chittenden has left this city and will lead the chase in a high power automobile.

Fresno, Cal., June 30.—"If you don't pay us \$5,000 for your daughter before tonight, we will come back and kill you."

This is the threat that two masked desperadoes hurled at Adolph Domengine as they carried away his beautiful 18-year-old daughter, at the point of a revolver early today.

Domengine lives in a ranch house near Coalinga and he hurried to town today with a story that has thrown the whole oil district into excitement.

Two kidnapers rode up to the house in the early hours of the morning and set fire to the barn and outbuildings. The members of the family frightened by the crackling flames rushed from the house in their night clothes. The men were waiting with their revolvers ready. They forced Domengine to throw up his hands and told his wife she would be killed if she moved.

Then one of the robbers went into the house and took all the firearms. There he discovered Edna, the 18-year-old girl, and pointing his revolver at her, forced her to walk before him into the yard. By the light of the blazing barn they forced the girl to get into a ranch wagon.

The mother wept and bitterly implored them to stop, but to no avail. They spoke gruffly and told her if she did not stop "sniffing" they would shoot her. The father was enraged but could not defend his daughter, for fear he would be killed if he made a move.

The girl was forced to sit in the middle of the wagon seat. Then one man sat on each side of her and held her. With curses they hurried the parting threat at Domengine, who had no weapon and feared to follow. The mother swooned as she saw her daughter in the hands of the ruffians and heard her screams as the wagon rolled off down the road.

The father hastened to the nearest house, and securing aid and firearms set out in pursuit, but all trace of the bandits had been lost.

All business throughout the big oil district is practically at a standstill today and posesses are following every clue to find the kidnapers.

Domengine is wealthy and the kidnapers evidently knew he could afford to pay for the release of his daughter.

One theory widely accepted is that the crime was instigated by someone who had a private grudge against Domengine.

CAMERON NAMES HIS STAFF OF DEPUTIES

George J. Cameron, district attorney-elect, has announced his staff of deputies. They are as follows: J. J. Fitzgerald, chief deputy; Thaw W. Yeck, J. H. Fag, Frank D. Hennessy and David N. Mossesoin.

Judge Cameron will take his new office July 8 and will be located in the Chamber of Commerce building. He has engaged a suit of offices large enough to accommodate him and all his deputies. Cameron will have charge of the juvenile court work to succeed H. M. Katerly, and Page will be assigned to the municipal court. Hennessy and Mossesoin will do general work. The latter, so it is said, will serve without pay, desiring the position as a means of securing experience in the practice of law.

Cameron says that his policy will be to enforce the law fairly and impartially to all. He will not employ a special detective as Manning has done, but will rely upon the sheriff's office to do his special detective work.

ONE MORE DAY OF GRACE FOR BARNETT

(United Press Leased Wire.) San Francisco, June 30.—Bills and broken down in health, Walter J. Barnett, former promoter of the Western Pacific railroad, and banker, who was convicted of embezzling \$1,000,000 from the assets of the company's vaults, today appeared in court to learn his fate from Judge Cameron. Barnett's attorneys secured a day's arrest of judgment for their client and he will not learn until tomorrow what fate awaits him.

Today's session was prolonged by Attorney Geary, who raised a host of objections to the passing of sentence on the convicted banker and showed that he intended to appeal the case. All the objections were overruled by Judge Cameron, but Barnett was granted an arrest of judgment for one day.

Assistant District Attorney Cook says if Barnett persists in appealing his case to a higher court he will have to stand trial on other indictments that the grand jury will return against him for his alleged crimes. An attorney and director of the wrecked bank.
