## PORTLAND CREWS ARE OFF TONIGHT

### Confident of Winning Senior Four Hands Down—Loomis Well.

Portland will take the senior four race at the Lake Washington regatta at Seattle Saturday hands down. There is probably not a faster crew in the United States today than the local rowers. Last night over the mile and a half course Coach Murphy and several others held the watch on them and they covered the distance in 3:16, the average time on the Schuykill regatta course. The Portland boys leave for the sound tonight.

Dr. Loomis, who was ill for several days last week, was in his seat and stroked the four, as he also did this morning. Captain McMicken stated that Loomis would be in splendid shape by the end of the week and able to pull as well as if he had not been in the grip of a severe cold.

With competition to spur them on the crewmen could probably shove the prow of the shell across the finishing line in close to 3:10, which is about record time on the Schuykill. The crew is much faster than the one which took second place in the national regatta two courses ago. Coach Murphy is confident that the men under him could make a better showing against the eastern crew than his old wards.

### Confident of Junior Four.

Portland is also pretty confident of taking the junior four. Since Gloss took a seat in the boat he has added materially to the strength. The junior crew is about half a minute behind the senior four in speed, which is about the same proportion as the present senior crew was to the senior crew that went east when it was in the lower ranks.

If Portland takes both of the big races it will be satisfied. Captain McMicken figures on the local club taking three out of the six races of the regatta. He is somewhat of the opinion that Ed Gloss in the senior singles will have a much harder time than Art Allen in the junior sculls. Gloss will have to meet the men of Vancouver, the present champion, and DeBrisay, the Nelson wonder. This trio fought it out last summer. DeBrisay started off in a lead, but was going like the wind when something happened to his boat and he had to stop. Lain beat Gloss out about the end of this year. Gloss is in much better condition and should beat Lain. There has always been a suspicion that DeBrisay was pretty tired and was glad the accident happened to his boat.

Sinclair of the Vancouver club is the man who will worry Allen in the junior race. Sinclair is a good one and has had considerable experience in racing. However, Allen is no mean oarsman and if Sinclair does beat him it will be after the hardest race the Canadian has ever rowed.

### May Withdraw from Doubles.

Unless there is a good chance to win the junior doubles, Captain McMicken will withdraw Conant and Allen from the race. Victoria has a pair of oarsmen who have been rowing together for several years and under ordinary circumstances they should win. Conant is anxious to limit to win, but that would severely tax their strength for the big race the next day. Rather than run the risk of being pushed to the limit, he will withdraw them. If the race looks easy, of course, the pair will enter.

The local oarsmen who go to Seattle tonight are: A. C. McMicken, Dr. B. E. Loomis, Rex Conant, Art Allen, Ed J. Gloss, J. G. Sterling, R. G. Tully and V. Dams. Coach Murphy will accompany the crew and several local enthusiasts will witness the regatta Friday and Saturday.

## BALDWIN DRAWS WITH CHAMPION

(United Press Leased Wire.)  
New York, June 30.—Abe Attell fought a six-round, no-decision contest with Matty Baldwin here last night. Both men were on their feet at the end of the sixth round, but Matty had a distinct advantage at first, but Matty came through the second round with colors flying. It was very even during the remainder of the contest.

## WINNER OF ENGLISH DERBY AND CLASSIC OAKS.

This picture is one of the first received in this country of Chevalier Ginstrell, the Italian sportsman, and his great mare, Signorinetta, which won the Epsom Downs Derby, that blue ribbon event of the English turf, and later captured the rich Oaks. Chevalier Ginstrell was on the verge of poverty when his beloved racehorses through her winnings placed him in a position of comparative affluence. She defeated the Richard Croker entry, Rhodora, in the Oaks and romped away from Vanderbilt's Sensick II in the Derby.

## GANS SAVING HANDS TO PUNCH AT NELSON

### Durable Dane Bets Negro's Manager on Result of Coming Fight.

(United Press Leased Wire.)  
San Francisco, June 30.—Neither Joe Gans nor Battling Nelson did much work today. The negro champion was on the road early this morning in the fog and after his customary run, did a little gymnasium work.

Following his custom, he eliminated boxing from his program of training. "It won't do me any good to box," said Gans. "If I wanted to put on the gloves to prepare for this fight, I would have to knock out a sparring partner several times a day. You can't box Nelson, you have to fight him. So I am saving my hands."

The negro weighed 134 pounds and looked in perfect condition. Nelson appears to be in better condition than he has been this near a fight for several years. He is confident of victory.

Last night the Dane bet \$500 on himself to win against \$1,000 put up by Ben Selig. The prevailing odds are 2 to 1 today and there is plenty of Gans money in sight. Selig also bet \$500 on the national regatta. Dane bet Gans would win in 20 rounds.

Jack Welsh paid a visit to Nelson's camp at Colma today. He will visit Gans tomorrow.

## MAY SUTTON PLAYS TENNIS IN FRISCO

Woman Champion Will Disregard Advice of Physician to Retire for Time.

(United Press Leased Wire.)  
San Francisco, June 30.—It was announced today that followers of tennis here will have an opportunity to see May Sutton, the world's champion woman player, in action, notwithstanding the fact that her physician advised her to retire from the game for a time.

Miss Sutton will arrive at San Rafael July 5 and two matches have been arranged for her on July 20. She and Miss Hazel Hotchkiss will play one match of singles. Miss Sutton and Maurice McLaughlin, coast champion, will play partners in a doubles match against Mrs. Bruce. Miss Sutton's sister, and Carl Gardner. The coming matches are looked forward to with great interest by all followers of the game here.

## SQUEEZE PLAYS.

We are with the Seals today.

Let us break even on the series and we come home leaders still.

Oh, splash! Cupid Dugdale has hired a trainer for his Seattle ball team. Dug needs one more than anybody else.

The Monmouth and Macomb teams are settling the race in the Illinois and Missouri league.

The Roanoke team has started with a rush to gain the top of the column in the Virginia league.

In Taffee, the Jacksonville team of the South Atlantic league seems to have the genuine candy kid.

With the accession of Birmingham, which looks to be weak, every club in the Southern league has a chance to nail the pennant.

Bert Sincock, who pitched wonderful ball for the University of Michigan, will be given a trial by Manager Gansel of Cincinnati.

Jimmy Jones, the Montreal player, is out for the Republican nomination for sheriff in Laurel county, Ky.

When Eddie Goes of the Oklahoma City team walked on the field at Topeka recently, he was hooped and biased to a turn. The cause for the unfriendly demonstration was Goes' unwarranted assault of Empire Guthrie in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly 40 years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at Skidmore Drug company's drug store, 500 and 511, trial bottle free.

## SAILOR CHAMPS FIGHT FOR TITLE

### Naval Officers of Atlantic Fleet Will Watch Fights for Belts.

(United Press Leased Wire.)  
San Francisco, June 30.—Sport fans here are anticipating with pleasure a series of three bouts that is to be pulled off tomorrow night at the Colma pavilion for the heavy, light and featherweight championships of the navy.

The fights are to be handled by Billy Roche's Colma club and Admiral Sperry has directed that all sailors be granted a five-hours' shore leave in order that they may see the battles. Lieutenant Weavre, director of athletics of the Atlantic fleet, has been put in charge of the three navy belts and will award them at the conclusion of the fights.

The main event will be a 20-round fight between Phil Schlossberg of the New Jersey and Mike Neely of the Ohio navy. The heavyweight championship of the navy and Frank Mayers of the Ohio and George Garen of the New Jersey will fight for the lightweight belts.

These two bouts are scheduled at 10 rounds. Hitherto navy belts have been limited to six rounds and tomorrow night's fights are expected to bring out some good fighting. Four special cars will carry the officers of the fleet to the pavilion.

## CLIFFS TEAM DEFEATS WASCO BASEBALL NINE

Cliffs, Wash., June 30.—The Cliffs baseball team went to Wasco today to decide which team was made up of the most scientific players. The game was a hotly contested game throughout the nine innings the score stood 6 to 5 in favor of Cliffs. Many visitors witnessed the game; the greatest interest prevailing. Batteries: Cliffs, Braughton and Abbott; Wasco, Myers and Hutchinson. The Cliffs boys are all workmen, but they certainly play good ball. Next year will find them ready to compete for state honors.

## HIS PH. D. ROBE GONE; CHAMBERMAID IN JAIL

Pretty Servant Stays Out All Night and Master Gets Suspicious.

New York, June 30.—Miss Elby Olsen, a former chambermaid of J. Bruce Chittenden, was arrested today, accused of stealing a Ph. D. robe from Mr. Chittenden.

It is possible that Miss Olsen's alleged offense would not have been discovered for a long time if she hadn't made the mistake of staying out all night.

When your pretty new chambermaid goes away early one evening and does not reappear until the following morning after breakfast you naturally begin to worry about your Ph. D. robe. At least this is what J. Bruce Chittenden did. He also began to worry about his Ph. D. robe.

Miss Olsen was held for further examination, for hope has not yet been abandoned that she will yet tell what became of that Ph. D. robe.

## HARD TIMES DUE IN SUMMER LAND

### Returning Travelers Say No Escaping General Financial Depression.

(United Press Leased Wire.)  
San Francisco, June 30.—Americans who have just returned from Japan today expressed the belief that the midday's country is on the eve of a great financial depression. They say that the wave which recently swept this country is just reaching the orient and the Chinese boycott is having a marked effect on business.

Fred A. Gardner, chief engineer of the Union Iron works, and Rev. H. Brokaw, who returned to this country on the Tanyo Maru, hold the same views on this subject. They agree that there is little chance of Japan escaping serious results from the pending depression.

## DAME FASHION A HUSSY, SAYS HOBOKEN PASTOR

Rev. Dickinson Thinks Climax Has Been Reached in the Shocking Sheath Gown.

New York, June 29.—The Rev. M. G. Dickinson, pastor of the Second Baptist church of Hoboken in a letter to the newspapers of Hudson county relative to women's dresses, says: "A few years ago it was the low neck. More recently it has been the 'peek-a-boo' waist, the subject of coarse jokes and low conversation. The country over, fashion this year has her slaves shuffling their dresses at the other end of the street, making themselves the objects of side glances and unclean talk on the part of low-minded men everywhere, especially on a windy day. "And now to cap the climax, fashion has decreed the sheath gown, a dress making so immodest an exposure of the wearer's form that any respectable woman ought to be most heartily ashamed to be seen wearing it. In the name of God, I ask—yes, in the name of purity and morality—what are our women coming to? I believe that the way our women are dressing themselves today is immodest, impure and immoral in its tendency."
