

MRS. TAFT AND HER SON.

Mrs. Taft, Posed for The Journal. Her Son Charles Is at Her Side.

MAINTAIN CONTINUE Institution May Be Kept Up by People—Board Is Divided.

(Salem Bureau of The Journal.) Salem, Or., July 1.—Hearing that the people of the state would rise up and by initiative procedure abolish the entire normal school system of Oregon, the state board of regents yesterday afternoon voted to recommend to the legislature that the school at Drain be discontinued. The action was taken in the face of the Secretary of State Benson's delegation from Drain consisting of C. A. M. Bassett, banker, N. D. Cool, merchant, and W. C. Edwards, packer. W. B. Ayer of Portland was in favor of maintaining only two normal schools, one in the eastern part of the state and one in the western part and made a motion to that effect. He was supported by Governor Chamberlain and two other members, the board voting five to four in favor of maintaining three normal schools. Mr. Ayer would not designate any location. He said that the patronage at either Monmouth, Drain, Weston or Ashland was not sufficient to warrant the maintenance of a permanent school. Legislature to Be Petitioned. Mr. Ayer intimated that he would submit a minority report to the legislature next winter and it would be his endeavor to prevail upon that body to maintain but two normal schools in this state. The governor was in hearty accord with Mr. Ayer. Mr. Ackerman was the strongest advocate of a three-school system and made the motion that Weston, Ashland and Monmouth be maintained hereafter by the state. Mr. Ackerman said that the people of Oregon were tired of the political tomfoolery over the normal school question and that somebody must take a stand in favor of cutting out one normal school. It was argued by the superintendent that the action must be taken to satisfy the people or they will initiate a bill two years from this time that may be dangerous to the whole system. Governor Chamberlain and Mr. Ayer argued in favor of only two normals on the ground of greater efficiency. The report of the board of visitors showed that one third of the instructors in the normal schools are poor, one third are fair and one third are good. Governor Chamberlain maintained that the condition was caused by poor salaries paid to instructors and that the only way to raise the standard of instruction as well as other standards in connection with the schools was to maintain only two schools. No Faculty for Drain. E. Hofer stood in favor of four schools. He said he believed in appropriating a fixed sum for the education of each teacher for a year and allowing the teacher to choose the school which he wished to attend. The Drain school will probably not reopen next fall. There is a possibility that the people of Drain will continue to maintain the school. The state board of regents will meet Thursday to elect a new faculty for the school and keep it under favor as a state institution if the people of Drain cared to maintain it. For the present the annual budget will not include any provisions for the Drain institution. President Chamberlain of the Cheney, Washington, normal school was elected to the vacancy at Ashland with a salary for the year of \$2,000. Mr. Spence of Carus was reappointed member of the board will continue unchanged.

STOCKHOLDERS WANT MORE DIVIDEND Investigation to Be Ordered Into Affairs of the Snowstorm Mining Company.

(Special Dispatch to The Journal.) Wallace, Idaho, July 1.—An investigation into the affairs of the Snowstorm Mining Company is about to be demanded by a number of independent stockholders through the Couer d'Alene district and an attempt to get proxies from stockholders all over the country is being made. The mine is one of the big dividend payers of the district and has been working full blast since April. During March about 250 tons of copper ore a day were shipped and since that time shipments are said to have been made at the rate of from 500 to 600 tons daily. Taking returns on this ore at the low figure of \$6 a ton and allowing liberal margins for the low market price of copper, the stockholders claim that the daily profit is not less than \$2,000 or \$3,000 a month. It is claimed that this money is being received and the stockholders think that they can legally demand examination of the books and a statement as to the application of the money.

EDITOR SHORTRIDGE WEDS MRS. MARTIN

(United Press Leased Wire.) San Jose, Cal., July 1.—Charles M. Shortridge, former state senator, newspaper publisher and politician, and his bride started on their honeymoon trip today. Shortridge was married to Mrs. Deimas Martin, a daughter of the late Carrie Stevens Walker, writer and journalist. Mrs. Shortridge and her daughter accompanied her mother to the altar. The late Mrs. Walker was formerly city editor of Shortridge's paper here and did much to make it a success. She died from a cold contracted at her death and Shortridge shortly afterward became engaged to her daughter.

DEFENDANTS WIN IN LIEU CASES

Judge Cleland, in the circuit court, has given judgment for defendants in two mechanic's lien cases brought by the Standard Box & Lumber company against the Union Store & Fixture company. Thos. Greas & Co. and Kelly, Thorsen & Co. The testimony showed that one of the houses was occupied in the month of April, but the plaintiff claimed that the work was not completed until May 5. One of the tenants testified that a man came to the house one Sunday and varied the lock of the doors. This gave rise to the charge by the defense that a man was sent out to do the Sunday morning job in order to support the claim that the work was not finished until that date and thereby lay the foundation for filing the lien. Otherwise the time limit under the law would have expired.

Excursion to the Beach.

For the convenience of holiday travelers the O. R. & N. excursion steamer T. J. Potter will leave Portland Saturday morning, July 4, at 8:30 o'clock. Instead of 2 p. m. for North Beach. This will enable passengers to arrive on the beach early in the afternoon, Saturday to Monday round trip excursion tickets \$2.00. On sale at Third and Washington streets.

CAPTAINS ARE ON THE ANXIOUS SEAT Two Now With the Fleet Must Submit to Compulsory Retirement—But Which Two?

Washington, July 1.—Two captains with the battleship fleet in San Francisco will probably be retired by the board of rear admirals next Friday. The board will meet Thursday to decide upon the highest grade to be placed upon the retired list and will forward its report to the secretary of the navy the following day. The report will be published once to relieve the anxiety of the officers. Upon compulsory retirement under the personnel act, March 3, 1909, officers are allowed three quarters sea pay of the next rank above.

An Anti-Climax.

From *Washington*. Sir Henry Irving was frequently a victim to the interjections of walloos. When playing "Macbeth" one night he had reached that oration in which the banquet scene when in dreadful fear he bids the ghost of Banquo to vanish. "Hence, horrible shadow! Unreal mockery, hence!" he exclaimed, and, slumbering convulsively, dropped to his knees, covering his face with his robe. As the ghost vanished a shrill voice in the gallery broke the momentary silence; "It's all right, now, 'Henry,' he's gone."

Compare These Methods of Washing.

The method on the right is the right one. The other is not. If you use ordinary laundry soap: 1st. You soak the clothes over night, or for a couple of hours. 2nd. You rub soap on the soiled parts. 3rd. You rub the clothes up and down the washboard—to get rid of the dirt. Hard work! And it takes time. 4th. Rinse in one, two or three waters. 5th. Boil and hang out to dry. The worst thing about this way of washing clothes is that you have to do the work in a hot room, filled with steam. Furthermore, it is expensive because you must keep a fire going for the greater part of the day.

PROHIBITION AT INDEPENDENCE? Complaint Entered Against Carrying Out of the Dry Order.

(Salem Bureau of The Journal.) Dallas, Or., July 1.—J. R. Cooper, an Independence saloonkeeper, yesterday filed complaint in the circuit court against the Polk county court asking that the court be prevented from carrying the prohibition order into effect at Independence. The complaint states that the charter of that city was made after the passage of the local option law. This is a similar case to Medford. Saloonmen in Dallas are preparing to go out of business at midnight.

The Only Chance.

"I want to make some moving pictures of life on the farm." "Want to ketch my hired man in motion?" "That will help." "Then you'll haffter wait until the dinner horn blows."
