

S. P. SUSPENSION IS TEMPORARY

Official Says the 3,000 Men Laid Off Will Soon Be Taken Back.

(United Press Leased Wire.)
San Francisco, July 2.—Temporary lack of work, a condition which will not exist more than a few days, is the reason the Southern Pacific shops at Sacramento were closed Tuesday, according to a statement made today by General Superintendent E. E. Calvin. The 3,000 men who were laid off Tuesday will soon be allowed to return to work. The action of the railroad in closing the shops was not due to re-employment of men, but to the fact that the work at Sacramento has been completed up to date and there is not enough to do to keep a full crew busy. Because it does not pay to keep the shops open when the full crew is not at work they were closed Tuesday.

Employees Kept on Books.
This policy was adopted by the Southern Pacific about three months ago, since which time the shops have been closed every Saturday. The present close down is similar to the regular Saturday layoff, except in the fact that it will last a longer time. The men kept on the company's books will step into their former positions and association as the shops reopen. The force of 500 men at the Los Angeles shops returned to work Wednesday after a layoff which lasted nearly six weeks. The shops there were closed for the same reason that applies at Sacramento. Superintendent Calvin says the lack of work is a direct result from the crippled condition of the railroad business since the recent financial flurry.

500 Men Return to Work.
Los Angeles, July 2.—Work has just been resumed in the big car shops here with a full force. The local car shops were closed some time ago, but Wednesday the 500 men who had been temporarily dropped from the payroll returned to their old places in the locomotive and repair buildings at the regular schedule of wages. The reopening of the shops is taken as a significant indication of the return of normal industrial conditions.

PARROT TESTIFIES FOR ITS MISTRESS

(United Press Leased Wire.)
Cincinnati, July 2.—Miss Bertha Saunders is today the possessor of a parrot which she declares is the smartest bird in the world and to prove the assertion cites the fact that it was able to go on the witness stand and testify in a case involving its ownership which was heard by Judge Harris at the court yesterday. The bird when the case was called in court Wednesday. She refused to give it to Miss Saunders and the latter appealed to the courts for aid. When her reply suit was called yesterday Justice Maus ruled that the bird be produced. Miss Saunders then gave the court a list of phrases which she alleged she had taught it and started her pet on its recitation. The court decided in favor of Miss Saunders.

To Meet at Asheville.

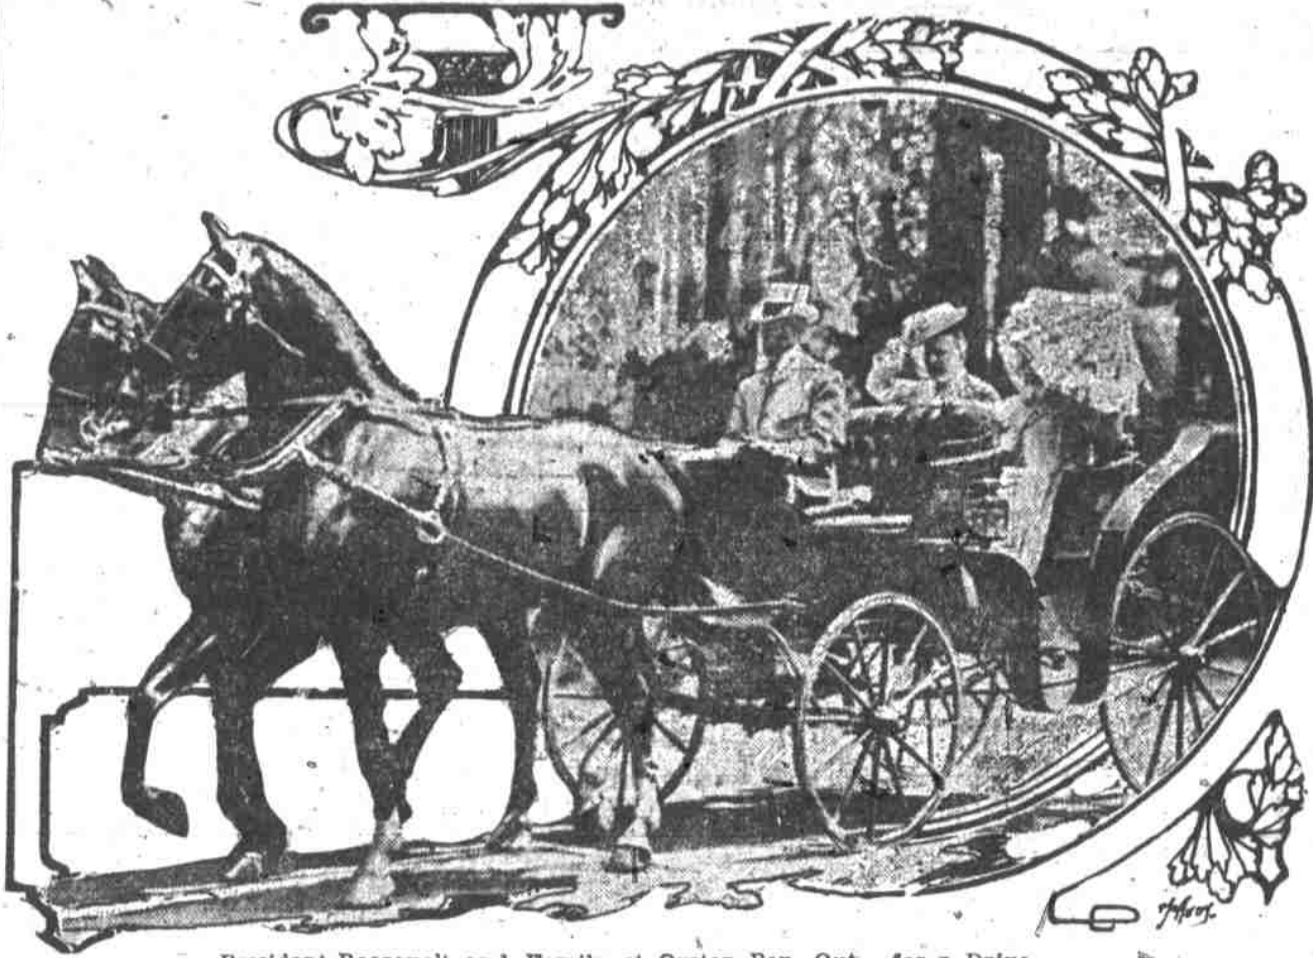

(United Press Leased Wire.)
Asheville, N. C., July 2.—Numerous delegates arrived at Kenilworth Inn today in readiness for the opening there tomorrow of the annual conference of the Young People's Missionary movement. The gathering will continue 10 days and will be attended by several hundred delegates from various parts of the country. The program prepared for the gathering this year is one of rare excellence. It provides for platform addresses, Bible lectures, mission study classes, life work meetings, music and various forms of recreation. A number of missionaries lately returned from foreign fields will be among the speakers.

HARD TIMES GRIP GERMANY

Berlin Has 315 Applicants for Bankruptcy—Creditors Lose.

(United Press Leased Wire.)
Berlin, July 2.—Figures given out today show that Germany is feeling the pressure of hard conditions. The same explanation which has been offered by other troubled countries in Europe is being made here—that it is but a backwash of the American financial stringency. There have been thousands of failures throughout the country. In Berlin 315 applications for bankruptcy have been made and 63 of the applicants were so badly involved that nothing could be saved for the creditors. In the first four months of the year 2,535 concerns were declared bankrupt, which is 500 more than in the same period last year. In addition to this number there were 554 firms which were not allowed to go into voluntary bankruptcy because their statements of affairs showed no available assets.

ELECTRIC RAILWAY FOR PENDLETON

(Special Dispatch to The Journal.)
Pendleton, Or., July 2.—The city council last night granted the eastern capitalists a franchise for a street railway system through Pendleton. Work will begin soon. Connection will eventually be made with Columbia river and different Umatilla county points. Montie B. Gwin, represented the company before the council. The capitalists back of the project are the same Pittsburg people who built the line from Boise to Caldwell, Idaho.

S.S.S. FOR BAD BLOOD

When Bad blood is caused from an infection of the circulation by the virus of Contagious Blood Poison, it usually shows in the form of ulcerated mouth and throat, copper-colored spots on the body, swollen glands in the groin, falling hair, sores and ulcers, etc. These general symptoms, affecting all parts of the body, show how deeply poisoned the blood becomes, and emphasizes the dangerous character of the trouble. If allowed to remain in the system the disease will finally wreck the health and break down the strongest constitution. No medicine can cure Contagious Blood Poison which does not rid the circulation of every particle of the virus. S. S. S. is the one real and certain cure; it goes down to the very bottom of the trouble, and by removing every trace of the poison, and adding rich, healthful qualities to the blood, forever cures this powerful disorder. S. S. S. is the most reliable of all blood purifiers, and its concentrated ingredients of healthful vegetable extracts and juices especially adapt it to curing this insidious trouble. Write for our home treatment book, which is a valuable aid in the treatment of the different stages of the disease, and ask for any special medical advice you wish. No charge for either.

OH, SCISSORS! COAL STAYS UP AFTER ALL

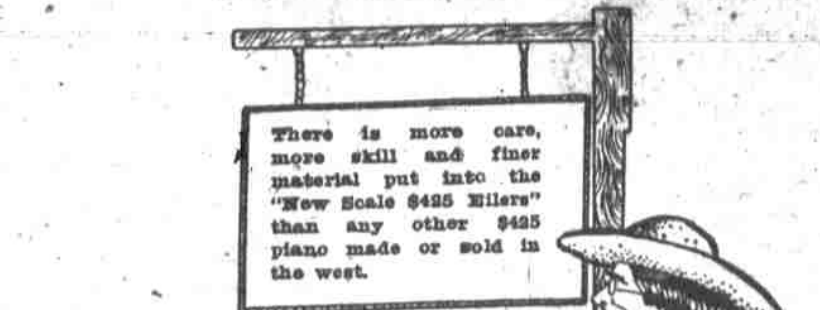

Reduction of Fuel in Frisco Market Does Not Affect Portland.

Portland coal dealers declare that the reduction of \$3 a ton on Australian coal announced for San Francisco by the Western Fuel company yesterday will have no effect on the Portland market. It is pointed out by the Portland dealers that the reason for the reduction in San Francisco was that there were 150,000 tons on hand, that the dealers there were overstocked and had to realize on their surplus. In Portland the condition is different, as the dealers here have no great surplus. Besides this the dealers say that coal is now cheaper, and has been since April, than the reduction in San Francisco makes the product there. Coal is being sold to the San Francisco dealers for \$9 a ton, while it is given to the consumer for \$12 instead of \$15, the price that has prevailed up to the time of the reduction. Portland dealers are paying \$5.50 for their Australian coal, and are selling it at \$11.50 a ton. Wyoming coal, the Rock Springs variety, is selling to the consumer for \$9 a ton. Dealers say that there will be no change in the price either of Australian coal or of the Wyoming. Neither do they expect a rise in price as the season advances, though they throw out the hint that rail conditions and demand may change their expectations and force the price up as the winter advances.
