SOME INCREASE IN SALMON RUN

Blueback and Steelheads Come Faster—Chinooks Are Rather Backward.

There is every indication at this time that last year's run of fish in the Columbia will be fully equalled this season.

Latest advices are to the effect that the run of bluebacks is the greatest in many years. Master Fish Warden McAllister received word from Astoria this morning that there was quite an improvement shown there of late.

It is stated that some of them have only offered half of their prospective pack this season because of their expectation that higher prices would be obtained after opening values had been named.

There is a very liberal increase in the wholesale district. Fourth of July business is booming, every storekeeper in the country seemingly being in need of great supplies all at once.

Since the warm weather started there has been much improvement in the fruit trade, but demand for heavy and sellers have little cause for complaint.

Some fine Royal Ann cherries are being received from local points and are selling around 80 a ton, but range from 31 a crate downward, some going as low as 60.

There is excellent call for cantaloupes, and trade at this time is very satisfactory to receivers. Receipts are quite heavy, but demand is holding up and prices are ruling unchanged.

Some fine Royal Ann cherries are being received from local points and are selling around 80 a ton, but range from 31 a crate downward, some going as low as 60.
