CHAUTAQUA BEGINS AT GLADSTONE PARK

PLAN TAFT CLUB TO SWELL THE MAJORITY

Contestant for Last Year's Journal Scholarships Urges Young Men and Women to Dig Right in and Win Prize.

More than half as many more as on any previous opening day, is the record-breaking enrollment of the 15th assembly at Gladstone park of the Willamette Valley Chautauqua association.

A veritable city of tents has sprung up over night, and "the woods is full of them." Literally speaking, and yet they come! Until a late hour last night

paring for the musical programs to follow.

Forum a Feature.

Mrs. Eva Emery Dye opened her Forum this morning with an address on "Morality and Literature" by President H. M. Cook of Albany college, and a reading by Mrs. Allen Brown of Jennings Lodge. The forum is held from 11 to 12 m. in the large auditorium and if today's attendance is an indication, this will be one of the most popular features of the Chautauqua.

Mrs. Eva Emery Dye, Who is Conducting the Forum.

Fine weather, many ground improvements and more than an opening day audience all conspired to make the opening of the assembly notable for enthusiasm and inspirational effect.

At 10 a. m. the gong sounded and the popular Indian band heralded the fifteenth assembly with suitable music. The invocation was pronounced by Rev. R. C. Blackwell and then Congressman Hawley, who is president of the association, made the opening address, which was impressively responded to by Rev. Paul Rader.

A New Speaker.

For the first time an Oregon audience listened last night to Mrs. Lenora M.

Congressman W. C. Hawley, Who Made the Opening Address Today.

Lake, who for 13 years has been honored with official position in the Catholic Total Abstinence Union of America. Mrs. Lake does not need to be introduced on the matter of nationality. Her first sentence announces her an Irish woman and her second tells you she is proud of it. She has all the wit and versatility of her race combined with deep conviction and a heart tender to the world. Her subject was "My Neighbor and I."

Study Classes Organize.

While a number of headquarters are being maintained for the purpose of entertainment and exploitation, the greater number are prepared to do earnest and even strenuous work.

The afternoon will be given to the forenoon full. Rev. Paul Rader, Professor F. G. Broughton and Mrs. Ellen R. Baker will be the lecturers.

Study Outlines Announced.

Dr. R. J. Hoadley, who for eight years has conducted the literature department, yesterday announced the following English—The Chaucerian, Elizabethan, Puritan, Restoration, Augustan and Victorian periods.

Naphtha Won't Do It All.

The soap must be good. P. & G. Naphtha Soap IS good.

Possibly you do not know how P. & G. Naphtha Soap does its work.

The way of it is this: The naphtha in it has an "affinity" for dirt. It breaks dirt into tiny particles, which are easily removed by soap and water.

In other words, naphtha loosens the dirt. Water carries it off. Soap and water, together with fresh air and sunshine, restore clothes to their original freshness and beauty.

Naphtha, then, is valuable. It helps to make washing easier, because it loosens the dirt. But the real work of making clothes clean must be done by soap. The better the soap, the easier the work.

Right there is where P. & G. Naphtha Soap's superiority is proven. Clothes washed with "P. & G." are whiter, brighter, cleaner, sweeter than when washed with any other soap. The reason is simply this: P. & G. Naphtha Soap is better soap.

MRS. THOBURN'S LAST TIME IN THE CHAIR

The third quarterly meeting of the Columbia River Branch of the Foreign Mission Society of the Methodist church was held yesterday afternoon at Grace church, and was largely attended. The church was prettily decorated and the program, which was interesting and forceful throughout, was under the charge of the young women of the society.

Mrs. Crawford Thoburn presided. Devotional services were led by Rev. Carl Parlans. The music was under the charge of Mrs. Nettie Greer-Taylor. Echoes of the Baltimore conference were given by Miss Nettie Holbrook; Mrs. J. T. Abbott gave an interesting account of the recent Y. W. C. A. conference at Seattle; Miss Beattie Adams of the Central Methodist church read a paper on medical missionaries. Miss Bertha Vandermere of University Park sang. Even the wife of the streets; The report of the corresponding secretary, Mrs. A. M. Fisher, was concise and most encouraging. At the close of the program an informal reception was tendered to Mrs. Crawford Thoburn, who has presided over the July meeting for many years, and who soon leaves for her new home in the east.

POTTER MUST PAY OR KEEP THE PEACE

E. S. Potter has been bound over to the peace under \$100 bond by Judge Van Zante. B. F. Courtwright charged him with promiscuous shooting from his residence, 1115 East Twenty-seventh north. A bullet from Potter's rifle had struck the Courtwright house nearby.

The case was an outgrowth of the case wherein Potter's 13-year-old daughter charged Union Barrett with assault and battery. She was defending her father from Barrett's blows. Barrett was fined \$25, and Courtwright, one of his witnesses, at once brought the new charge against Potter, who is an expert machinist but reckless in his cups.

HUSBAND STINGY, MRS. LONG DECLARES

That she was obliged to keep books on herself and submit itemized accounts of her expenses to her husband is one of the grievances recited in a suit for divorce filed in the circuit court by Mabel L. Long against Ralph H. Long. She says he was too economical to buy necessary clothing for her and also saved doctor bills by not having a doctor. She alleges that he has threatened to kill her, and has asked an injunction to keep him away from her home, 408 Twenty-third street north. They were married a little less than three years ago.

Broke Marriage Vows.

Salinda Baker has caused a warrant to be issued for the arrest of Allen Spragins on a statutory charge. According to the complaint issued from the district court, Spragins has broken his promise of marriage.

Down on the diamond they are always sure of a rough game. Yesterday's game between the Cubs and the Giants was well played and interesting. The score stood 1 to 3 in favor of the Cubs. Today an interesting game is in progress between the Oregon City Aces and the Spantons.

FOR TENDER SKINS

A Home Preparation That Protects Against the Burning Sun.

The perfect enjoyment of summer outings and vacations is marred for many because the hot sun causes their faces to burn, peel and swell. A simple preparation that can be made at home affords protection for tender skins and will also prevent or remove freckles or sunburn. Any drugstore will sell you the ingredients for this excellent face wash. All that you need is 1 ounce of Goss Water, 1 ounce of Cologne, 1/2 ounce and 4 ounces of Epsothone (skin food) and 1/2 pint of Rose Water in a pint of hot water (not boiling) and after dissolved strain and let cool. Then add the Rose Water and Cologne Spirits. Another good result of the daily use of the preparation is that it takes off the embarrassing "shine" of perspiration. This simple wash is far better than rouge and cosmetics. For it is absolutely harmless. It will not rub off or chafe and it should be remembered that there is nothing so cooling or grateful in application to the face as Rose Water. If you want to see this recipe on your own skin, cut it out now so that you will have it with you.
