# EAST'S TORRID TORTURE OVER

### Drop of 20 Degrees and Good Breeze Blowing—Six Deaths Occur Today.

New York, July 8.—Fully 75 dead, more than 200 prostrations recorded and misery such as the east never endured is the record of three days of torrid torture which the fresh breeze and lower temperature ended today. The temperature fell to 73 today at a drop of 20 degrees since yesterday. Despite the drop six deaths and several prostrations were recorded today but they were rather the effects of the long hot spell than the results of exposure today.

## DELEGATES LOOK

(Continued from Page One.)  
odist church of Denver, who offered the opening prayer as follows:  
**Opening Prayer.**

"Oh, Jehovah, God of nations, Father of all mankind, we look to thee. We walk and work and live for thee for the nation's ideals. We thank thee for the oncoming of victory and righteousness. We thank thee for the noble role which we as a nation have been permitted to play in these latter days of the world's development. Here assembled, give them wisdom for their labors. Save them from cringing and dodging. Fit us all to fight stiffly and hopefully for the square thing. Enable these delegates to act as God's stewards. Shape under their hands a platform step higher than any ever yet adopted. Direct the voting minds to a candidate who can stand squarely upon it and think and work and fight until our glorious nation steps up to its higher plane. We believe in God and in thy way. May we all be clean-handed and worthy of the work for humanity and the glory of God. Amen."

Dr. Kamenner's prayer was greeted with a round of applause as he finished. Immediately thereafter Chairman Bell gave the report and the Milwaukee Marching club, headed by Mayor David Rose, paraded the hall.

### Adopt Grady's Report.

State Senator T. F. Grady of New York presented the report of the committee on rules and order of business. It was adopted. Delegate Martin of Arkansas offered resolutions in memory of the late James K. Jones, former chairman of the national Democratic committee. They were adopted by the convention.

### Laugh on Hughes.

The convention was convulsed when the clerk read a notice addressed to John S. Whalen, secretary of state of New York, declaring that he was wanted on the long distance phone by Governor Hughes. That a Republican governor should want to talk over 2,000 miles of copper wire to a Democratic state official seemed a real joke.

### A PIANO FREE

For One Year—The Use of the Same Costs You Absolutely Nothing. Too Many Pianos.

It's one thing to write an advertisement telling of extraordinary valuing, but quite another thing to furnish Pianos that will back up such a statement. Before he could respond, however, someone signalled the cowboy band in the gallery to start up a melody which set fans and feet swinging. While the band was playing "Bob" Taylor started down the hall toward the exit. Delegates tried to retard him but he shook his head and forced his way through the audience to the ante-room.

### REPORT IS MADE ON PRISON MASSACRES

St. Petersburg, July 8.—A partial report was made to the czar today by the committee which, on the czar's recommendation was investigating the W. W. Keenan prison massacre on June 12. The report was practically foregone by this investigation by the activity of the douma progressives, who have developed the charge that the massacre was a bomb explosion of three innocent prisoners who had been condemned to death for supporting the progressive candidate at a by-election of the douma.

**A** MONG all the builders of this Nation none deserve more lasting gratitude than this stout old Quaker Champion.

Irish and English prisons could not conquer his spirit, and from a cell in the tower of London he conceived the idea of founding beyond the seas a state wherein Brotherly Love—Peace On Earth and Personal Liberty might become living facts. Thus Pennsylvania was founded.

When colonial governor he introduced vine-growing and brewing, and at Pennbury Manor he had a brew house.

Above middle height—well built and agile—William Penn in his early days was an expert swordsman, a courageous soldier, and a splendid athlete.

He died at 74, and the results of his life's doings bear eloquent witness that the moderate use of a good malt beer helps to create the noblest qualities of mind and soul.

## Food Foolishness

The druggist lives on your "food follies." If every one ate

# "FORCE"

the druggist would have to turn grocer. There's no stomach so weak that it cannot digest FORCE. Its thin, crisp flakes are quickly penetrated by the digestive

fluids and the barley-malt enables the intestines to digest the starch. FORCE helps Nature. Not a medicine, but a food.

"FORCE" is made of the best white wheat, steam-cooked, rolled into thin flakes, combined with the purest barley-malt and baked. Always "crisp" it before serving it by pouring into a pan and warming it in oven. Then serve in large dish with cream, piling the flakes in one side of the dish and pouring the cream in the other side, dipping the flakes as eaten.

Your Grocer sells it. No other Flaked Food is "Just as Good."
