Carpets

We have the theatre and hotel trade of Portland. We have carpeted and furnished every theatre in the city, and it has been conceded that the house of Gevurtz & Sons furnishes the great majority of the hotels and lodging-houses of Portland. You can hardly name a prominent hotel not furnished by this firm. We have just completed the furnishing of four big hotels. In catering to this great trade we sometimes buy the entire carpet output of a mill, and, together with shipping in carload lots, we obtain prices and rates equal to the wholesalers. That is why we do preëminently the carpet business of Portland. This being the mid-season between spring and fall trade, when usually there is a slackening up of business, we shall offer extreme purchasing inducements for July in an endeavor to keep our carpet forces and furniture salesmen together. We do not wish to "lay off" good men. It will prove a money-saving time to the purchaser who heeds our advertising.
