# TEAMS BLANKED

Garrett and Harry Sutor Allow No Runs in 13 Innings.

Rollicking, fellicking, breezy Jess,
Just from the Lone Star plain;
Frollicking, trollicking, handsome Jess;
My, what a likely swain.

Airy, fairy, dainty Harry
How we wish you'd ever tarry.
Pretty, playful, petted boy
You're the one to bring us joy.
—Girlish Giggles.

Seasons may come and go, but it will he a long time before a greater game is played than that 13-inning, no-run and few-hit contest that delighted scores of men and hundreds of women at Vaughn Park yesterday. Jesse Garrett, late of Texas, and Harry Sutor, same state, engaged in a pitcher's battle, the like of which has not been seen in the coast league in years. Honors

in the coast league in years. Honors were even, for while two less hits were made off Garrett than off Sutor, two swats of the Seal batsmen were for better than one base.

Not a costly error was made and brilliant fielding cut off several runs, notable of which was Ote Johnson's work around the initial station. Bassey's long running catch of a foul fly from Williams' bat in the ninth was one of the prettiest things seen on the field.

Tom Raftery caught six pretty flies in teh center garden and broke even in the center garden and broke even off the same number of runs. Both catchers were working grandly and aspiring baserunners were compelled to stick around the bags.

Garrett Was Great.

Garrett Was Great.

Garrett Was Great.

Garrett pitched the best game he has been seen in on the local grounds this season. The modest little fellow, who has been convalescing for the last week from a three weeks' illness with mumps, had everything. Garrett has a great heart, and he was pitching just as good ball in the thirteenth as he was in the early innings, although his face went white from the unusual exertion. Forty-five times did the Soals face Pitcher Garrett, and the Beavers were up against Sutor one time more. This is an average of about 3½ men to the inning, a remarkable showing.

Right at the start the visitors looked threatening. Mohier hit and was sacrificed to second by Hildebrand. He went to third on Zeider's infield out and died there, when Raftery took care of Williams' long fly. No other Seal got past first until the fourth, when Williams drove a beautiful three-bagger to the center-field fence, after two were out.

Johnson's Pielding. Melchoir hit the sphere to Ote Johnson and then the two began a race for the bag. Both sild at the same time, but the Viking touched it first. It was the first time the play has been seen locally this season, and Ote got a protracted hand from the ladies. Had Ote been less quick, the southerners would have scored.

During the rest of the engagement. During the rest of the engagement of a Mohlerite got past the first cush-

In the eleventh things looked good for Portland. Madden reached third on his hit and an eror by Sutor in handling Garrett's sacrifice. Cooney let him die there by going out, McArdie to Williams. Again in the thirteenth the liams. Again in the thirteenth the suite of the women's tender of the world, is

PORTLAND MAN CHAMPION ANGLER.

Al Beebe of Portland, Or., and William Hunt Jr. of Avalon, Cal., recently hung up a record for light tackle deep sea fishing off San Clemente island, near the coast of southern California that is likely to stand for many years to come. Of course, there may be some who have beaten the catch, but they certainly never landed the fish. The prize packages were in the shape of two gold button yellowtain, hooked at the same time, one weighing 48 1/2 pounds, the world's record, and the other tipping the beam at 43 Never before have two such specimens been taken at the same time and place. The photograph shows A. L. Beebe at the right and William Hunt Jr. at the left with the world's record hung up.

Contest for California

ling Garrett's sacrimed distance of scoring. Bassey was walked, went to second on McCredle's infield out, and took third on Berry's error. Sutor tightened up and fanned Groom, who batted for Garrett, and Casey, retiring the side.

There was considerable disapproval on the part of the fans when McCredle to call the game at Mohler decided to call the game at Mohler decided to call the game at models.

Whise Sutton, two ones championship of the matched against Miss Hazel Hotchkiss for the state championship at San Rafael courts this afternoon. Although she has been very ill, which caused her to allow the world's championship to go to Mrs. Sterry by default last month, it is predicted that Miss Sutton will have no difficulty in outclassing her opponent.

nent.
Tomorrow Miss Sutton will appear in mixed doubles with Coast Champion Maurice McLaughin, against her sister, Mrs. Orlando Bruce, and Carl Gardner. L. R. Freeman, ex-champion of the oast, accompanied Miss Sutton and Irs. Bruce to this city from Los

finished second in the other two, while Wilkes Heart, the only other competi-tor, was only able to finish second in the second heat, coming in a poor third in the other two

the second heat, coming in a poor third in the other two.

The mare walked away with the first heat in the fast time of 2:06%, but lost the second heat to Delmar. Wilkes Heart ran well in this heat up to the stretch, where he seemed to lose strength and fell behind. The time was 2:08%. Ewest Marie picked up the third heat after running third most of the way, finished with a flash of speed and won. Major Delmar and Wilkes Heart ran well up to the stretch, but here the Major broke and Wilkes again weakened and the mare beat them out. Time 2:07%.

### AMERICAN MARKSMEN BEAT ALL COMPETITORS

London, July 11.—American marks-men retained their lead today over all competitors in the international shoot-ing tournament which is being held at Bisley, but England is a close second and there was more heavy betting than and there was more heavy betting than marked yesterday's contests, when several enormous wagers were posted. England was the favorite yesterday in the betting ring but today even money is the rule. is the rule

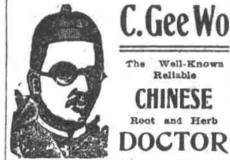

The American team won the 800-yard shoot today and defeated every contestant on the 900-yard range. This makes the American total score, 2.132 while England has 2,113.

## On Eastern Diamonds

Manager Murray of the Philadelphia Nationals is having more trouble than a judge at a baby show in trying to keep his "Quakers" awake.

Word from St. Louis has it that 'Iron Man' Jos McGinnity hopes Monager McGraw will trade him to the St. Louis Nationals. That's an awful hope.

Major league scouts are getting fussy. A majority of the scouters say they haven't seen a minor leaguer this sen-son worth a tryout with the big fellows.

Boston has another Tom McCarthy. The original Tom was a star fielder, while the present Thomas is a pitcher who has made good with the Boston Nationals.

Just when Manager Chance had every-hing nicely arranged for his Chicago ubs to lead the procession all season hose horrid Pittsburg Pirates stepped in and spoiled it all.

Several youngsters have been doing

nice work on the diamond this season, but when it comes to the genuine star performers on the slab be sure to place an X opposite the names of William Dineen of St. Louis.

Navin had flashed the coin," says Jim "and in a fit of reckless abandon had taken him on, O cracky!"

This Date in Sport Annals. 1866-At Albany, N. Y.: Atlanta Boat club of New York beat the Mutuals of

club of New York beat the Mutuals of Albany in six-oared race, for champtonship of the Hudson river.

1874—James Slagle, outnetder of the Chicago National league club, born at Northville, Pa.

1885—At Lawrence, Mass: E. F. Richardson, 260 yards, off hand, 35-caliber Maynard rifle, scored 31 bullseyes successively.

1885—C. D. Graham went through the Niagara rapids in a barrel.

1885—At Lancaster, Pa.: Dr. W. F. Carver broke 1,000 glass balls out of 1,018 in 48 minutes 30 seconds, 1896—At St. Paul: Elmer Smith made three home runs for the Kansas Citychub in a game with the St. Paul team, 1893—At Denver: George Dixon defeated Tommy White in 29 rounds, 1903—At Philadelphia: Jim Jeffords and "Philadelphia Jack" O'Brien fought six rounds; no decision.

six rounds; no decision. gerald won from Martin Canole in flyd rounds. At Portland, Or. Robby Lundia knocked out Frank Douglass in second round.

Telephone Line Work Pushed. (Special Dispatch to The Journal.)

Eugene, Or., July 11 .- Work on the government telephone line from Lowell, 20 miles east of Eugene, toward the summit of the Cascade mountaing west Manager McGuire of the Boston Americans says he is mighty glad President Navin of Detroit refused to give a nickel for "Old Cy" Young. "Suppose" branching out of Princeville or Shanko.

# Cure Men!

"I claim to know a great deal about a few ailments, rather tha a little of human ills."

THE WORK OF A SPECIALIST IS THE DOING OF A PEW THINGS BEST

There is not a physician living who can claim to be proficient in the treatment of all human ailments and diseases. To attain the highest possible degree of proficiency in all departments of medical science would require half a dozen lifetimes of study and as many more of practical experience. The regular practitioner is proficient in a large number of the commonest and most easily conquered diseases. The specialist must first become proficient for general practice, and must then go on to proficiency in a few of those conditions and diseases more difficult to understand and more difficult to cure.

My Fee for a Cure is

In Uncomplicated Cases WHAT WEAKNESS IS AND

"Weakness" is merely a symptom of chronic inflammation in the prostate gland, brought on by the improper treatment of some contracted disease. A complete and radical cure is, therefore, a question of restoring the prostate gland to its normal state, and this I accomplish promptly and completely without the use of internal remedies. My treatment is a local one entirely. It is original and scientific and has been proven absolutely effective by thousands of tests! I am convinced that by no other methods can full and permanent restoration of strength and vigor be accomplished.

FREE CONSULTATION HOW I CURE IT

FREE CONSULTATION Call at the office if possible or Free Advice, Examination and Diagnosis. If you cannot and Diagnosis.

## YOU PAY When Well! VARICOCELE

A thorough cure without pain or cutting. Every case of Varicocele I treat proves the superlority of my mild and harmless method, and the folly of resorting to surgery. In most instances it is even unnecessary to detain the patient a single day from his business. The treatment I employ is distinctively my own, and can be had at my office only. Do not submit to the knife and hospital expenses, when a complete and permanent cure can be had without the loss of time, and without pain or cutting.

SPECIFIC BLOOD POISON

Others dose the system with mineral poisons scarcely less dangerous than the disease itself. The best they hope to do by this treatment is to keep the disease from manifesting its presence upon the surface of the body. Under my treatment the entire system is cleansed. The last taint vanishes to appear no more. I employ harmless blood-cleansing remedies. They are remedies heretofore unknown in the treatment of this disease. They cure by neutralizing and absolutely destroying the poison in the system. Such cures cannot be other than complete and permanent. and permanent.

DRUGS

"Throw physic to the dogs," said Shakespeare long ago. "Feed it to the fishes," say the foremost doctors of today. Dr. Wm. Osler of "chloroform age" fame says:

"I believe that the best doctor is the one who knows the worthlessness of medicines." Dr. Alfred Leffingwell of the American Hu-

mane association says: "I do not believe that the average length of human life would be diminished by an hour if all the drugs of Christendom were dumped into the sea—barring, perhaps, balf a

dumped into the sea-parring, perhaps, barra dozen."

Sir John Forbes, M. D., fellow of the Royal College of Physicians, London, says: "Some patients get well with the aid of medicine, more without it, and still more in spite of it."

At last some of our eminent physicians are heginning to tell the truth about drugs. They have deceived the people just about as long as they can, unless they check the advance of science. It is science that has "shown them up." It has proved that electricity runs our bodies and produces what we call life. It has shown that most all sickness and chronic disorders are due to lack of electric energy. It has taught us the worthlessness of drugs that they are only poisons, and poisons don't cure.

leasness of drugs that they are only poisons, and poisons don't cure.

The reason drugs don't cure is because they do not help nature. Nature needs electricity, nourlahment, something that builds up. Drugs contain no nourishment—no 'electricity— just poison, which tears down.

My way of curing is to restore electricity where it is needed, and pain and sickness will disappear. That's because electricity gives strength, power to the body, enabling every organ to perform its work properly, and when every organ is in a strong, healthy condition there can be no pain or sickness. or sickness.
Wear Electro-Vigor while you sleep. It feeds

a constant stream of electricity to your nerves, and they earry it to every organ and tissue of your body, restoring health and vim.

Electro-Vigor is a simple electric appliance, constructed on scientific principles, and is the product

of my 20 years' experience in treating with elec-It is not an electric belt. It never needs charging, for it makes its own power continuously. Electro-Vigor is cheaper than a course of drug-

Your treatment has cured me of rheumatism and I am feeling like a new man. I certainly consider Electro-Vigor a good investment, and thank you for your interest in my case.

754 First St., Portland, Or. HARRY BATES.

Electro-Vigor has been a boon to me. It has cured no of insomnia and nervousness. I am very grate-ul, indeed, for what your invention has done or me. MRS. W. P. COCHRAN.
