

PLATFORM OF REFORM

That Is What Bryan Calls It and He Predicts That Its Sentiment Will Draw Real Reformers to Its Support—Praise Kern.

(United Press Leased Wire.)
Lincoln, Neb., July 11.—William J. Bryan publicly announced his opinion of the work of the Democratic party at Denver today in an address before the members of the Nebraska Traveling Men's club in state convention here. He said in part:
"I think the Democratic convention at Denver has left an impression far different from that which followed the convention at Chicago.
"In the Chicago platform did not represent what the reform element of the party wanted.
"But the Democratic party in this convention has given us a platform that I believe expresses the deliberate sentiment of that large and growing reform element in the country. I am satisfied that it is going to appeal not only to Democrats but to a great many Republicans. And I am sure that when people come to know John W. Kern as I have known him for years they will believe as I do, that he is in perfect harmony with the platform and can be trusted to carry out that platform to the letter if circumstances should place upon him the responsibility for its enforcement.
"Now we are going to commence our campaign, and with a publicity plank that announces an honest purpose and

proclaims an honest position, we will be able to appeal to the honest sentiment of the country.
"Condemning there has been great growth in politics in this country, and that plank illustrates one phase of that growth. For a quarter of a century the country has been seeing more and more of corporate domination in politics; for a quarter of a century the country has witnessed campaign after campaign in which predatory interests would secretly contribute enormous sums to debauch elections and then control the government in return for contributions given.
"Our convention marks a new era in American politics. Henceforth the idea that is going to grow is that elections are public affairs and that the people shall have a right to know what the influences are at work and I am delighted that our party has taken the initiative and when the Republican party, in its convention, by a vote overwhelming, turned down the proposition, the Democratic party, by a vote that was unanimous, endorsed it and made it one of the tenets of its faith.
"Now, we are going out to appeal to this awakened conscience and give to the country the assurance that if our party is entrusted with power we shall make this government again a people's government."

NAVAL UNIFORM IS A PASSPORT HERE

(United Press Leased Wire.)
Santa Cruz, Cal., July 11.—After having left Catalina island because they were not allowed upon the floor of a dance pavilion while in uniform, the soldiers of the state naval reserve encountered opposite conditions when they arrived here last night on the United States training ship Alert. After the militiamen had been officially welcomed to the city they were formally invited to attend a grand ball in their honor.

FUNERAL OF LATE P. L. CHERRY HELD TODAY

(Special Dispatch to The Journal.)
Astoria, Or., July 11.—The funeral of the late British Vice-Consul P. L. Cherry, will take place this afternoon at the Grace Episcopal church, Rev. W. B. Short officiating. After the ceremony the body will be taken to Portland on the evening train for cremation tomorrow.

TOOTH FISHER SAVES A LIFE

Billy Manning Grapples with Robert Munger's Swallowed Set.

(United Press Leased Wire.)
Los Angeles, Cal., July 11.—Robert Munger swallowed his false teeth at Fourth and Spring streets today. While he coughed and choked, Billy Manning, physical culturist, jammed his hand down the man's throat and pulled the elusive set back to where it belonged. Manning expects a Carnegie medal, as Munger nearly died before relief came, while a hundred gaping spectators laughed, thinking he was giving a little show for their entertainment.
Munger was walking along the street when his teeth slipped their moorings. He choked, then made motions like a chicken with the crop. The crossing officer hurried to his aid, thinking Munger a victim of the heat.
Then Manning happened along and after a hasty diagnosis, solved the problem in 30 seconds.

NAVAJO POLYGS FIGHT FOR WIVES

Gallup, N. M., July 11.—Five troops of cavalry from Fort Huachuca, Apache, Walapai and Wingate, with a machine gun, are in the field today to quell an uprising of Navajo Indians in New Mexico, who object to the ruling of the government forbidding a multiplicity of wives. The troopers have not yet come into contact with the rebellious reds, but a clash is believed to be imminent, as in their present temper the Indians are expected to offer armed resistance to the soldiers rather than submit to being disarmed.
The Navajos have a reservation of 8,000,000 acres in northern New Mexico and Arizona. The tribes number 20,000 and have always been peaceful.

OREGONIANS WASTEFUL OF STATE RESOURCES

People Should Be Educated to Need of Economy, Says Judge.

(Special Dispatch to The Journal.)
Ealem, Or., July 11.—"The primary work of the Oregon commission for the conservation of the state's resources," says Chief Justice Bean, "should be to educate the people to the need of economy in the use of our resources. It is my opinion that educational work is needed more at this time than legislation. Legislation that is enacted before the value of conservation of resources is fully realized, would irritate people and would probably be harmful at first."
Justice Bean is a close student of Oregon's industrial conditions. He is a member of the Oregon commission recently appointed by Governor Chamberlain and attended the meeting of that body in Portland this week.
"Oregon is getting a creditable start in this work, and the visit this week of Secretary Garfield has helped greatly," says the chief justice. "Of course the first thing to be done is to prepare reports to be submitted to the president. The president then will call another conference and the material will be prepared for its presentation to congress. The work of the commission is enormous, but the character of the membership is such that I do not believe the members will lose their enthusiasm for this great work."
Secretary Garfield gives Governor Chamberlain credit for proposing the conference of governors called last May by the president. According to Mr. Garfield the proposal was made by Governor Chamberlain during the sessions of the national irrigation congress at Sacramento last year while Governor Chamberlain was president of that body.

DRYS GET READY FOR CONVENTION

National Gathering of Prohibitionists at Ohio Capital Next Week.

(Special Dispatch to The Journal.)
Columbus, Ohio, July 11.—Prohibitionists are beginning to arrive for the national convention to be held Wednesday and Thursday at Memorial hall, and the state convention to be held Monday and Tuesday at the board of trade auditorium. Headquarters for the two gatherings were opened today at the Neil house. It is expected that all of the delegates to the state convention will have arrived before tomorrow morning.
At various hotels headquarters have been reserved for good-sized delegations from Minnesota, Dakota, Michigan, Montana, Colorado, Illinois, Indiana, Kansas and Iowa. The delegations from New England and the east are expected to be of large proportions, and the south will be better represented than at any of the previous conventions of the party.
The national convention will be called to order at 10 o'clock Wednesday morning by Charles R. Jones, chairman of the national committee. Conspicuous figures in the prohibitionist ranks are Dr. Samuel Dickie of Albion college, Rev. S. C. Swallow of Pennsylvania, Oliver Stewart of Chicago, A. B. Wolfenbarger of Lincoln, Neb., and Felix T. McWhirter of Indianapolis.

EX-CONVICT BUT GOOD MAN NOW

Is Alexander Golden's Plea in Avoidance of Burglary Charge.

(United Press Leased Wire.)
San Francisco, July 11.—After having been arrested at the point of a latchkey, which Charles Skelly bluffed him into believing was a revolver, Alexander Golden today confessed that he is an ex-convict and was formerly the partner of M. Baskin, a jeweler, who was recently robbed of \$850 in diamonds. Golden denies that he was implicated either in the Baskin robbery or in the looting of the silk store of Hart & Brown, for which crime he is being held. Golden was under suspicion at the time of the Baskin robbery, the police being convinced that it was an "inside job," but no evidence was found against him. Regarding the silk robbery Thursday night he explains that he was walking past the store when two robbers, who escaped from Chief Biggy, dashed out and that his arrest was a mistake.

PAPERS SERVED ON LABOR LEADERS

(United Press Leased Wire.)
Denver, Colo., July 11.—While conferring upon labor matters here today the heads of the American Federation of Labor were served with papers requiring them to appear as defendants in a suit brought by the W. H. Thompson Marble company. Samuel Gompers, John Mitchell, John L. Cannon and Max Morris were among the leaders served. Alleging that the men served were responsible for a strike at its marble works, the Thompson company demands \$50,000. The plaintiffs recite that they lost that amount of money through the suspension of business made necessary by the walkout.
The company alleges also that it employed union men, paid the regular scale of wages and only required its employees to work union hours. Despite this, the plaintiffs say, a strike was called and the plant closed down.
Trial of the case was set for August by the court.

HEARST PAPERS NOT FOR BRYAN

(United Press Leased Wire.)
New York, July 11.—That Bryan will not have the support of Hearst is indicated today by the attitude of Hearst's two New York papers, both of which announce loss of confidence in both the Democratic party and Bryan.

STRICT FIRE LAWS PASSED AT ABERDEEN

Aberdeen, July 11.—The city council at its meeting this week passed an ordinance relating to the protection of patrons of amusement resorts. It applies to every place having a seating capacity of 500 or more. The law provides for a stand pipe on the stages fire extinguishers all over the building; plenty of room in the aisles; seats to be fastened to the floor; plenty of room in the rear of the audience, and ample exits, with all doors swinging outward. The operator's stall in moving picture shows is to be enclosed in asbestos, and the apparatus kept in tin or galvanized iron boxes.
