Startling Sale of Odd Muslinwear

NOT A LARGE QUANTITY, so those who would profit must be here early for sizes, and assort-

ments are necessarily limited. There are all garments, drawers, gowns, corset covers, chemise, long or short petticoats, and two or three-piece combination garments. These are odd lines, and some are slightly soiled and mused; so, for quick selling and easy choosing, we've divided them into groups that permit of prompt selections. The prices average much below half the real and regular values, so it behooves the economists to act.

Table with 4 columns of price ranges and values. Values range from 37c to \$8.25.
