## Steel Range Special

# \$27.75

**THE AJAX STEEL RANGE** is a model of simplicity. The walls are made double, and heavy asbestos is used as an interlining to prevent heat radiation. These walls are covered with blue planished steel that will not rust, chip, peel or turn white when heated. **THE AJAX STEEL RANGE** is made to suit the housewife, and every new improvement has been thought out, and each new feature is practical.

The factory having shipped us double the amount of these ranges that we ordered, has made a concession in the price, enabling us to offer this range at this low figure.

**THE AJAX STEEL RANGE** has every new feature, every improvement of the 1908 style. It has a six-hole top, a 16-inch oven, large-size warming closet, is beautifully nickel-trimmed and is made throughout of polished blue steel. This one item alone will be appreciated by the careful housekeeper, as there is no paint to burn off and they will always keep their original beautiful finish.

### \$1 Down and \$1 a Week

It is surprising what \$1.00 will do at our store. It is an easy and convenient way to furnish your home, as the small amount expended each week is hardly noticeable. Is \$1.00 a week more than you can stand—and this considering that you have the stove, or whatever you may buy, from the moment you show your good faith by paying \$1.00 in cash? It makes it possible for the young man to furnish his home and pay for it as he can.
