Rev. Theodore Schauer, presiding elder for the Evangelical association, and Rev. J. M. Ballantyne, who holds a similar office for the United Evangelical church, have arranged a union program for the Oregon conference of their respective denominations at Jennings Lodge from July 28 to August 6. The federation of these churches is strongly favored by leaders in Oregon, and the holding of joint conferences and camp meetings is a step toward closer fellowship. One feature will be lectures every forenoon by prominent speakers. The camp meeting and ministerial institute will open on August 1. Among the speakers will be Dr. Mock, president of Dallas college, Rev. F. Benz of Portland and Rev. C. C. Poling, president of the Western college at Le Mars, Iowa.

F. K. Heller, the young man who attempted to cash a worthless check at the Elks' club Saturday evening and was caught after an exciting chase by two club members, will be given a hearing in the municipal court tomorrow. When arrested he confessed to Captain Baty that he had turned similar tricks in San Francisco, and seemed anxious to face the charges against him and begin his term of punishment. He is a tall, slender, well-dressed young fellow, somewhat similar in appearance to O'Meara and Harwitz, two other young men of about the same age who disliked hard work but wanted good clothes and obtained them by methods that brought them to jail.

Mrs. Harriett E. McGuire has been appointed executrix of the will of her late husband, P. A. McGuire, who died on July 17. The will, which was admitted to probate today, disposes of property valued at $2,300, which is equally divided in the will between the widow and her daughter, Mrs. Glennie Rose of Paris, Texas. All of the property consists of nonproducing real estate in Multnomah and Clackamas counties.

The Portland Railway company recently asked the council to vacate a lot 60 by 200 feet in dimension between Linn avenue and Ocheco avenue on East Twelfth street, Sellwood. The company which wants the ground for a car barn site agreed to give the city another piece of ground or $1,000 in exchange. Mayor Lane says the railway company has not yet "come through," however.

Dr. Charles S. Medbury, pastor of the University Place Christian church of Des Moines, Iowa, will preach at the First Christian church, Park and Columbia streets, tomorrow night at 8 o'clock. Dr. Medbury is at the head of the largest Christian church in this country. He is a young man of ability, one of the strongest preachers in his denomination.

Dr. Fletcher Homan, president of Willamette university, presided at the dedicatory exercises of the Bennet chapel at Gates on the Gresham electric line yesterday morning. A luncheon a la basket was served to those attending the exercises by the ladies of the new congregation. In the afternoon D. L. Rader, editor of the Pacific Christian Advocate delivered an address.

Articles were found on streetcars yesterday as follows: Two sunshades, four umbrellas, bundle of bedding, two handsatchels, telescope, groove plane, four purses, locket pin, solder pot, child's hat, two pairs of gloves, fan, testament, two lunch boxes, four packages, suitcase. Owners can recover at O. W. P. building, First and Alder streets.

While Patrolmen Harms and Klingel were pushing their way through a crowd at Third and Burnside last night Harms felt a revolver in the pocket of one man he was rubbing against. E. Osberg was consequently arrested, but in the police court today his fine of $10 for carrying concealed weapons was suspended.

East side property owners are pleased at the announcement that the troublesome fill on East Stark street will be completed by the end of the week. The men who are paying for this have had to bear the extra expense whenever the big dirt fill caved in, as the work is contracted for by the cubic yard.

The Federated East Side clubs will hold their regular bi-monthly meeting tomorrow night at the clubrooms in the Sargent hotel. The discussion of what the east side ought to demand from the municipal improvement funds will be one of the important subjects to come before the meeting.

Secretary C. V. Cooper of the Holladay-Irvington Improvement association has prepared a circular letter to be sent to all property owners in the unpaved section of the district giving the taxpayers information as to the various kinds of hard surface and the cost of building and maintaining the same. The letter asks each person to state what his preference is in the matter of paving. Representatives of three different paving companies attended the meeting of the association Saturday night. The competition for street work on the east side is keen and property owners will get the necessary improvements at a minimum cost.

Water through hose for sprinkling yards or sidewalks or washing porches or windows must be paid for in advance and used only between the hours of 5 and 8 a. m. and 5 and 9 p. m. It must not be used for sprinkling streets. If used contrary to these rules or wastefully it will be shut off.

Owing to Councilman Baker's absence from town the committee appointed recently to choose a charter revision committee did not meet this morning. They will take up the work as soon as Mr. Baker returns to the city.

The Montavilla board of trade meets tonight at the hall corner of Hibbard street and Vista avenue. The Mount Scott Improvement association will hold its regular meeting at its Mount Scott hall.

Articles of incorporation of the University Drug company have been filed with the county clerk by A. H. Brown, C. W. Bowhay and A. W. Kime. The capital stock is $5,000.

BACK FROM EUROPE

I. Gevurtz Returns From a Trip to His Old Home.

"Compare the United States with other countries if you wish to appreciate fully the enterprise of our people," said I. Gevurtz, founder of the house of I. Gevurtz & Sons. Mr. Gevurtz returned late Saturday evening from several months visit to Europe. During his absence he visited many of the large cities with a view of studying business conditions. It is interesting to listen to him tell of the changes that have taken place in Germany since he left that country 40 years ago. "We are ahead in everything," said Mr. Gevurtz. "In no particular are we excelled. Many of the people of means have their money invested in one form or another in this county—are really making a living off of our people, while some of the poorer classes look upon the people of this western country as law breakers. The educated classes of course have a correct notion regarding the world's conditions. Berlin, a city of over 2,000,000 souls hasn't as many automobiles as Portland. It does not have the comprehensive business houses —on the scale of our department stores —its streetcar system while electrical, is antiquated in many particulars; in fact things move sluggishly on all sides. The streetcar conductor for example carries a large leather bag from which he makes change for the passengers, dealing out tickets to whatever point they wish to go, and he expects a tip for which he is very obliging in giving directions about distances, transfers, etc. Hamburg is the most enterprising and thrifty looking city. It is a great commercial point. One of the prettiest cities, however, in Germany is Breslau. It has neat store fronts and in every way looks up to date. In no particular did I notice the lack of enterprise so much as in the newspaper business. This is true of every country of Europe. One cannot get any telegraphic news of the United States from European dailies. They write of themselves and that, too, in a careful manner, as if some one were watching them. Even Bennett's Parisian newspaper does not deal in news of America. The scarcity of news of our country is surprising. The big dailies of this country give columns of matter upon European doings, but the compliment is not returned. We enjoyed our trip immensely and I promise you it will not be 40 years before I return, by any means. My wife and daughter Fanny were with me on the trip and together we visited our relatives, who were mostly doing well. I preached to them all about the opportunities of Oregon, but so far as I know made only one convert. My efforts in this direction may bear more fruit in the future. Do you know that the very idea that there is opportunity for advancement here encourages people to move faster than they do in the old country. The young men move about as if they had more hope of doing something for themselves than they do on the old continent. To come back here after being over there is truly inspiring."

MADE HER WORK, GAVE PRESENTS TO OTHERS

Charging that her husband compelled her to make a living for him, and that he repaid her kindness by making presents to other women, Mrs. Sarah Long has begun suit for divorce in the circuit court from William Long. She says that he has failed to support her and threatened her with violence unless she kept at work. She says that on the night of July 17 he failed to come home, and he refused to tell where he had been. He also kicked and choked her, she says, and last of all she alleges unfaithfulness, naming a Mrs. Browne as correspondent. The Longs were married in North Platte, Neb., February 24, 1894.

SOCIALISTS DEFY POLICE ORDERS

Will Test Strength of Department Tonight on Sixth Street.

With five Socialists already booked for hearing tomorrow it is probable that the municipal court will resemble a Eugene V. Debs meeting, for it is learned that tonight the Socialists will test the power of the police to keep them from speaking at Sixth and Washington streets.

On the charge that they obstructed the highway the street orators who tell the evening throngs of the advantages of Socialism have been ordered from Sixth street and usually congregate at Fourth and Stark. Tonight, however, they will again mount the stump on Sixth street.

Because the Salvation army is allowed to hold meetings on the Plaza block the Socialists believe they are treated unfairly by the city authorities. Last evening Sergeant Cole arrested James Jackson, R. C. Goodwin and Robert Miller for refusing to move on and H. Lloyd and E. L. Clossett for interfering with an officer. They will be in court tomorrow.

VALUABLE BUSINESS PROPERTY BOUGHT

Realty Associates Buy Columbia Block—Henry Buys Quarter Block.

Central business property to the value of $335,000 changed hands last Saturday. The Columbia office building, a six-story brick structure 50x100 feet, at the northeast corner of Washington and West Park streets, was purchased by the Realty Associates for $210,000. The transaction was in the nature of a forced sale, as it was incumbered for $175,000, a large portion of which was long past due.

The Columbia building was put up four years ago at a cost of about $100,000, and is one of the best constructed of the smaller office buildings in Portland. The ground floor is occupied by the Palais Royal and a music store, and the upper stories are leased for office purposes, the Pacific States Telephone company occupying the entire second floor.

Charles K. Henry closed a deal Saturday night for the purchase of the quarter block at the southwest corner of Fourth and Oak streets. The site was a part of the holdings of the Western Realty company and was sold to Mr. Henry for $125,000, which is an advance of $15,000 over the price about 12 months ago. The corner will be improved at once, although Mr. Henry has not fully determined the class of building he will erect.
