BEAVERS BREAK EVEN ON GAMES

Four Pitchers Used by Oaks Fail to Stop Run-Getting Locals.

Three Oakland slabsters were tumbled out of the box to the cold hard earth at Vaughn street yesterday, while Jess Garrett was engaged in filing off the ends of the Greek stilettos. Jess did a good job. These Texans always do a good job, though according to tradition they are usually on the other end of the "sticker."

Slim Nelson, Hardy, Dellar and Hogan were the slabsters "Pop" Van Haltren used against the home guard. But even at that the locals only made six hits off the quartet of Mole twirlers. By the intricacies of fate poor Hardy gets credit for loss of the game, although he pitched but an inning and a half and finished up the bum job started by Nelson in the fifth, when Oakland was two ahead. The Beavers made three runs during Hardy's brief engagement on the mound.

Right at the start the Moles began to register. Garret had caused Van Haltren and Cook to become easy outs. Then Heitmuller hit down the third base line for a double. Truck Eagan came through with a timely single and scored Heine. Truck was pegged out at second on an attempted steal.

The visitors annexed another score in the third installment. Lewis was safe on Raftery's error but was forced at second by Nelson. Then the queerest figure on the diamond hiked to second with Cooney's bad throw to first. He moved on to third on Van Haltren's long fly to McCredie and beat it for home with those ostrich-like legs on Cook's bingle. Cook never got farther than first for Heitmuller was an easy out, Garrett to Johnson. Never but once after that did the Oaks reach second base, when Heitmuller stole after he had hit for one bag.

Nelson sent the Beavers to the bench without much trouble until the fifth inning. With one out and two successive walks "Pop" Van Haltren ran up the white flag for a short parley. It ended with Hardy replacing Nelson. Bassey, the first Beaver to face Hardy, reached first on Altman's error. Garrett and Casey scored on the play. Johnson sent a long high fly to Van Haltren in center and Van sent the ball home to catch Bassey. Lewis' error allowed the marquis to score.

Madden scored in the next inning on two hits and Hardy's error. Portland made it two more in the seventh. Dellar, who relieved Hardy, gave Johnson his base. Ote arrived on Ryan's double. Buddy stole third and scored on a squeeze play, McCredie sacrificing.

TRI-CITY LEAGUE GAMES.

Woodburn 9, Frakes 0.

Woodburn won from the Frakes yesterday, first through forfeit, 9 to 0, and then in a real game, 10 to 1. The West Siders were continually nagging at Umpire Rankin's decisions and when he called them and put Kirby Brennan out of the game the game was forfeited to Woodburn as the Portland boys were one man short. A large crowd was present and not wishing to disappoint them an exhibition game was played in which the Woodburn team completely outclassed their opponents.

Vancouver 11, East Portland 7.

Vancouver kept up the winning streak which the team has shown of late and easily defeated the East Portland team, 11 to 7. Both teams had to use two pitchers.

WOELM CAPTURES CLASS C TRAP CUP

Abraham Wins Inman Medal—Howe Captains Team to Meet Seattle.

Adolph Woelm won the class A trophy of the Multnomah Rod and Gun club yesterday, making 39 out of 50. M. Abraham won the Inman medal, making 45 out of 50. The match between Billy Fecheimer and George McMillan for 25 targets resulted in a tie, both scoring 21 targets.

Will Lipman has issued a challenge to a team composed of Frank Howe, William Caldwell and Charles Wagner to shoot against Harry Ellis, Jack Cullison and Dick Carlon. He will allow them to name the purse to be shot for, also the date, although he prefers the shoot to take place next Sunday. However, a later date will be satisfactory to him. Lipman would like to hear from the team he has challenged.

Several of the Seattle shooters are out of town. As soon as they return the team from here will most likely shoot them a match in Tacoma. Seattle has not definitely accepted the challenge.

Frank Howe, the oldest and probably the most reliable shot in Oregon, has been elected captain of the team to shoot against Seattle.

ARREST BETTORS AT FRISCO GAME

President Ewing Will Stop Gambling—Seattle Club Uses 52 Players.

(United Press Leased Wire.)

San Francisco, July 27.—President Cal Ewing of the Pacific Coast Baseball league today declares that he will continue to make arrests at Recreation park as long as spectators make bets on the games, and that he will stamp out the gambling evil which threatens to take hold of the game here. This decision was announced today when Ewing was informed that three men arrested Sunday intend to fight the case in the courts and make a test out of it.

Charles H. Dodge, chief deputy in the registrar's office, Charles Roland, a restaurant keeper, and Fred Fairchild, a merchant of Oakland, were the men arrested Sunday.

Dodge and Roland had just made a bet when they were arrested, and Fairchild was arrested soon afterward because he tried to pursuade the detective to let the men go.

If Judge McCredie would apply the same screws to some of the parties who indulge in the betting game at Athletic park it would be appreciated by the real, simon-pure fans. Nearly every afternoon somebody is annoyed by the tactics of a few betting fiends in the grandstand and bleachers. It makes no difference when the stand is filled with ladies. There are few things more offensive than to have some bum shake a bunch of bills under your nose and attract the attention of everybody in the immediate neighborhood with his "I'll bet you 10 Portland don't get to first." Early in the season Judge McCredie announced that there must be no betting on the games within the park, but it has been going on. The gambling evil should be stamped out here as firmly as it is being stamped out in San Francisco.

Frank W. Esola ("Big Chief") last year a catcher on the San Francisco baseball team but unable to retain his position this year, will probably soon be reinstated to his former place on the San Francisco police department. Esola resigned after the fire under a misapprehension of his rights to play baseball and the commissioners refused to reinstate him. Before resigning, however, he had been told by the chief and two of the commissioners that he would be given a year's leave of absence. On that assurance he signed with the Seals. Then they refused to countenance his leave and, caught between two fires, Esola was forced to resign. At the time he had been a member of the department for 13 years. Frisco's city attorney reports favorable to Esola.

* * *

Ote Johnson is no coward. He may not be as big as Jim Jeffries, but he has the nerve of a Joe Wolcott. Since Ote took to playing first base during Hal Danzig's injuries a couple of rowdies have occupied seats on the right end of the bleachers and addressed uncomplimentary personal remarks to Johnson. Saturday last Ote could stand the insults no longer, and after the game he jumped the pair. Bull Perrine prevented a mixup in the park, but Ote invited the bullies to wait outside. When he showed up in his street clothes a few moments later neither one was in sight. If they were on the spot Sunday they kept mighty close.

* * *

There is not a pitcher on the Portland team the fans like to see win better than Jess Garrett. Sometimes the scrappy pitcher is most popular, but in this case the quiet, unassuming fellow gets the hand. Garrett seldom roots and during his playing on the local field has never been heard to kick at the umpire's decisions. When things are not breaking right he pulls his cap down hard on his head and puts on more steam and bigger curves. His teammates say they hear him talking to himself occasionally, but the fans—never.

Manager Dugdale of the Seattle club has used 52 players to date and he season is but half gone. The list does not include many who were tried out early in the spring. This is a record, topping by two players the number Parke Wilson had in the Seattle team of the old Coast league. Here is a recapitulation:

Catchers	7
Pitchers	20
First basemen	3
Second basemen	1
Shortstops	6
Third basemen	6
Left fielders	3
Center fielders	3
Right fielders	6

M'FARLAND SAYS HE CAN BEAT PHIL

Stockyards Wonder Says Brock Is Trifle Ambitious in Seeking Fight.

(United Press Leased Wire.)

Los Angeles, Cal., July 27.—Although Packy McFarland is decidedly unpopular here and hundreds of fans will pay their money August 7 in hope of seeing him put to sleep by Phil Brock, he declared today that he was willing to put up a substantial side bet that he wins the go and beats Welsh next time in 15 rounds.

McFarland's unpopularity is due to the insportsmanlike attitude of the Illinois boxer toward Referee Jim Jeffries after the McFarland-Welsh bout on July 4.

That McFarland knows he is up against a tough youngster in Brock is shown by the steady training he is doing. He professes confidence, however, and today said:

"Catch weights with me means that I will go into the ring at about 136 pounds. This is my best fighting weight and I'll make the performance an interesting one for Brock. He's a good boy, but I'm afraid he has been a trifle ambitious to say the least in seeking a match with me."

VAN ARNAM MAKES BEST TRAP RECORD

Preparations are being made by the Rose City Gun club for a big shoot next Sunday, when, besides the regular club medal shoot, there will be three special angle events and two double bird events.

A big crowd was at the traps of the club at Watson's station yesterday. There were two 20-bird special events as well as the regular 25-bird event of the club. The club trophy was won by Van Arnam, who dropped 24 straight of the 25 birds. The Empire medal for the first 10 straight in the practice shoot was won by Boose. Martell won the first event with 19 out of 20 birds. Wagner and Van Arnam tied for second with 18 each and Keith was third with 17.

Van Arnam captured the second event with 19 out of 20 birds. Martell was second with 18 and Lewis and Burns dropped 17. In the club shoot for 25 birds, which was won by Arnam, Wagner and Burns tied for second with 23 each and Martell was third with 22.

Following are the percentages made yesterday: Van Arnam, .94; Martell, .91; Fred Wagner, .88; Keith, .82; Burns, .80; Lewis, .78; Behnke, .77; Stevens, .75; Johnson, .75; Boose, .73; Kendall, .71; Austin, .70; Caines, .68; Conley, .68; Hemp, .64; Wilholt, .60; Lloyd, .52; Benton, .40.

AMERICANS TO DEFEND MOTOR BOATING TROPHY

(United Press Leased Wire.)

New York, July 27.—Motor boat enthusiasts throughout the country will follow with the keenest interest the results of the trial races for the selection of defenders for the British International trophy. The trials take place today and tomorrow in Long Island sound, off Huntington, L. I.

There are nine entries in all, and the Motor Boat club of America can select three to defend the cup against a like number of foreign craft, there being, however, but two challengers in sight at present.

The cup, which represents the motor boat speed supremacy of the world, was captured last year by the Dixie in the international regatta at Southampton.

It is now up to the Motor Boat club of America to defend the cup. The international races for the trophy are scheduled to take place next Saturday in Huntington bay.

SCOTTY LEAVES HOTEL ON FLY

Manager Thinks Death Valley Miner Will Pay Delinquent Bills.

(United Press Leased Wire.)

San Francisco, July 27.—Manager Woods of the St. Francis hotel is trying not to look worried today on account of the absence of "Scotty," the Death Valley spendthrift, who has been missing from the hotel since last Thursday afternoon and who left the caravansary without paying his bills. Woods says that he is not uneasy because he believes that Scotty will show up some time and pay the bills, but it is evident that the Death Valley miner is broke at present anyhow.

Scotty hit town last Tuesday and proceeded to spend money in his old style. He bought champagne and wines and had them charged to his bill. The only money that he displayed was tips for the bell boys, and this was enough to make their eyes bulge out. He said that one of his trunks was full of nuggets.

Thursday night, Scotty's brother came to town and brought with him three mysterious looking men in the garb of miners. After the trio had found Scotty, the Death Valley miner left the hotel saying that he would return the next day and pay his bill. He has not been seen since.

The bill left is said to be over $200 for the three days.

MEXICO REFUSES HARRIMAN EXTENSION

(United Press Leased Wire.)

Mexico City, July 27.—The Mexican government has refused a second request on the part of E. H. Harriman and the men associated with him in the building of the Cananea, Yaqui river and Pacific railroad, to extend the time limit for the completion of the line and orders have been issued for rushing the work with all possible speed. The line must be finished by October 12, 1912, one extension having been granted from the same date in 1910. The road is to extend from Guaymas on the north to Guadajara on the south, a distance of about 870 miles. The northern half of the route is of easy construction but before the southern terminus is reached the road will have to be carried over the Sierra Madras mountains, where, in some places, it will cost $100,000 per mile. The promoters of the line are preparing to make some new records for swift construction.

NORTHWESTERN LEAGUE.

Vancouver 5, Tacoma 4.

(Special Dispatch to The Journal.)

Seattle, Wash., July 27.—Bunched hits off Hall in the last three innings of yesterday's baseball game here gave Vancouver a well earned victory over the Tacoma Tigers, 5 to 4. BLAMES WIND FOR FAILURE TO FLY

Spectators Say It Also Saved Aeronaut Arthur Barrows' Life.

(United Press Leased Wire.)

Los Angeles, July 27.—Arthur Barrows today blamed the lack of wind and the fact that foot power is inadequate for his failure to make successful flights at Long Beach Sunday in Charles Johnson's aeroplane. Lack of breeze, however, is believed, by persons who saw the unsuccessful attempts to have saved Barrows' life.

Although the steam engine which was to operate the aeroplane was not completed, Barrows was determined to test the machine and attempted to operate it by foot power. After ascending a short distance the end of the airship tipped up, unseating the aeronaut and throwing him into the body of the machine. There was no wind and man and airship were brought safely to earth.

TEST FENDERS WITH LIVE MEN

Inventor Declares He Can Get All "Human Dummies" Desired at $2.

New York, July 27.—Human dummies, placing themselves in the way of swift moving streetcars, for the purpose of testing the fenders, will be paid $2 per day during the tests to be made at the invitation of the public service commission by the manufacturers of fenders. The commission intends to adopt a fender for the New York City cars and wants to get the best. It has ordered practical demonstrations to be held this fall at Schenectady and at Pittsburg. About 40 manufacturers already have agreed to enter the competition.

At first it was intended to use stuffed dummies but one man who has unlimited confidence in his appliance, announced that he could get all the men he wanted to topple into his comfortable fender at $2 per day and the others had to meet the competition by promising living dummies also.

In 1907 China spent $105,000 in educating young natives in foreign countries, principally in the United States and Japan.

PITCHER HOSP HAS FINE RECORD OF FORCING FIVE RUNS IN A LINE

(United Press Leased Wire.)

San Francisco, July 27.—Baseball fans who have looked up the records declare today that Pitcher Frank Hosp of Los Angeles holds an absolutely unique and unparalleled position in organized baseball, having forced in five runs in the fourth inning of Sunday's game without allowing a single hit.

The terrible thing happened with two men out. Hosp was able to control the ball beautifully. He was not a bit rattled. He simply could not make his curves break over the platter.

He walked six men and hit two with the ball, forcing in five tallies. Not a ball was hit on the diamond. The fans are still wondering why "Pop" Dillon didn't interfere with the slaughter by removing him from the box.
