EARLY MORNING FIRES DO \$10,000 DAMAGE

Colored Men's Club at Sixth and Everett, Guttered by Flames.

Two fires on Everett street this morning within seven blocks of each other and the second one breaking out while the first was being fought by the only available apparatus in the district caused a loss of nearly \$10,000.

The first fire started in the Williamette club, 185 Everett street. This is a social club run by two negroes, Sam Washington and "Dollar Bill" St. Clair. Their loss is \$1,600. The fire damaged a pool table, piano and other furnishings. The loss on the building will not exceed \$500. The fire is supposed to have started from crossed electric wires.

Engines 1 and 4 had started for this fire at 1:30 when the alarm was turned in. At 2:25, while the fire department was still engaged at this fire, the second alarm from Third and Everett streets was turned in. Before engine 1 could arrive at that point the flames had gained such headway that it was impossible to save the corner, the interior of which was destroyed.

The building at the corner was occupied by P. O. Halloran, who runs a saloon, and Meyer Burrell, who is the owner of a second-hand clothing and jewelry store. This fire is supposed to have started from a lamp which was always left burning in the rear of the saloon.

The alarm was turned in by Herman Stefens, a shoemaker, who slept in the rear of his shop at 182 Everett street. His room adjoins the rear of the saloon and he was waked by the smoke pouring through the wooden partition.

The heaviest loser by the fire is M. Pallas, the tailor at Second and Morrison streets, who owned the buildings burned. The corner building was a story and a half frame structure and cost \$1,500. Mr. Pallas had no insurance. He will replace the burned corner with a modern brick business block.

A Japanese woman and her little daughter were sleeping in the room of Kida & Seto, Japanese proprietors of a confectionery stand and noodle room. The woman and child made their way out the front door of the store before the fire reached that part of the building. Kida and Seto climbed down a ladder from the second floor. Those four people were the only occupants of the building at night.

Others who lost by the blaze were Meyer Burrell, second-hand dealer and jewelry store, 734 North Third, loss \$2,500, insurance \$1,000; Nathan Dobbell, candy store, 72 North Third, loss \$1,300, insurance \$1,000; P. O. Halloran, saloon, 75 North Third, loss \$1,500, insurance \$300; Kida & Seto, noodle room and cigar store, 268 Everett, loss about \$400, fully covered by insurance.

Scene at the Corner of Third and Everett, Destroyed by Fire This Morning.

NEW OFFICIALS ON AUGUST 3

County Superintendents, Not Relected, a Month Late—Clatsop's Chivalry.

(Salem Bureau of The Journal.)
Salem, Or., July 28.—August 3, the first Monday in the month, is the day when the new county superintendents take office instead of the first Monday in July, when all other county officers qualify and take the oath of office. In 14 counties out of 34 new county superintendents will assume the duties of their office. All others were relected. County superintendents are elected for a term of four years.

The new county superintendents are as follows: H. E. Mack, Benton county; William S. Green, Curry county; Thurman Cheney, Douglas county; J. O. Sturgen, Gilliam county; W. W. Austin, Grant county; E. E. Good, Hood River county; J. G. Swann, Klamath county; R. V. Jackson, Lake county; R. P. Goin, Lincoln county; S. E. Wilson, Morrow county; W. S. Buell, Tillamook county; and J. C. Conley, Wallowa county.

In Astoria, Clatsop county, circumstances has placed Miss Warren in the position of county school superintendent. Under the Oregon law, it seems a woman may hold the office, county school superintendent, though she may not be a candidate for the office and cannot be elected to it. Miss Warren was appointed some time ago on the disability of a preceding superintendent. She has held the office ever since and is said to be one of the best superintendents the county ever had.

It is understood that Mr. Kesel, who was elected in Clatsop county, will immediately resign upon qualifying. Miss Warren will be reappointed and will serve out the four-year term.

TAX EMBEZZLER HOPES FOR LIBERTY

(United Press Leased Wire.)
San Francisco, July 28.—Former Tax collector Edward Smith, who is serving a term in Folsom prison for embezzling the funds of the taxpayers of this city, hopes soon to be a free man. Yesterday he filed a petition with the board of prison directors asking that he be paroled. He said today that he was confident his request would be granted, according to one of the prison directors who has just received word from Folsom.

Smith was convicted of having stolen \$17,000 tax moneys from the treasurer of the city of San Francisco. He was sentenced to 10 years in prison. He was captured in company with an actress upon whom he had spent the stolen money.

WELL KNOWN FARMER OF UMATILLA WEDS

(Special Dispatch to The Journal.)
Pendleton, Or., July 28.—Miss Ella G. Rusty, 23 years of age, of Walla Walla, and U. R. Ferguson, of Adams, Umatilla county, were married yesterday at Walla Walla. Both have passed the half century mark, the groom being over 60 years of age. He is a well known Umatilla county wheat grower. The couple will make their home in Adams.

STANFORD TO BE AS DRY AS DUST

Student Affairs Committee Utterly Puts the Ban on Booze—Wet Spot Near.

(United Press Leased Wire.)
Stanford University, Cal., July 28.—Stanford students will be confronted with a peculiar situation as regards the liquor question, when college opens here next month. An order given out by the student affairs committee puts into effect absolute prohibition on the college campus.

Students or professors are not even to be allowed a glass of wine with their meals on the campus. The order threatens that losers of ground will be revoked unless this rule is obeyed.

At Mayfield, two miles away, which has been dry for four years, the situation is reversed. The town trustees last night voted a liquor license to the local hotel, permitting the sale of liquor with meals. Professor Clark, who is chairman of the committee that promulgates the prohibition order on the campus at Stanford, is mayor of Mayfield and fought the license ordinance, but without avail.

Long Branch Horse Show

(Special Dispatch to The Journal.)
Long Beach, N. J., July 28.—The fifteenth annual exhibition of the Month-month County Horse Show association, the important society event of the season for Long Beach and the neighboring resorts, opened today at Hollywood Park under auspicious conditions. The show will continue through the remainder of the week.

MAYVILLE GRANGE PREPARES FOR FAIR

Prospects Point to Large Number of Exhibitors This Fall.

(Special Dispatch to The Journal.)
Condon, Or., July 28.—Already the Mayville grange is making extensive preparations for the annual grange fair to be held at that place in the fall. The date of the fair has not been set, because Dr. James Withycombe of the experiment station at the Oregon agricultural college is expected to be here to take part on the program.

The entries for exhibitors are free to all, but in order to dispatch the work and make the booths sufficient to hold all the displays it is asked that all prospective exhibitors file their entries with Secretary George B. Dukak of Mayville. Present indications point to a much larger fair than last year, as the farmers of this section are recognizing that it affords genuine rivalry among exhibitors and lends encouragement to the producers of fine products.

VERY GOOD STROKE OF BRITISH BUSINESS

(United Press Leased Wire.)
London July 28.—It is estimated that over 80,000 men were given employment today when a large number of factories were opened in conformity with the new British patent law, which is effective today. The total output of capital is variously estimated at from \$125,000,000 to \$200,000,000.

S.S.S. THE CURE FOR SCROFULA

Swollen glands about the neck, weak eyes, pale, waxy complexions, running sores and ulcers, skin diseases, and general poor health, are the usual ways in which Scrofula is manifested. The disease being deeply entrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, and the scrofulous and tubercular matter so thoroughly destroys the healthful properties of the blood that Scrofula sometimes terminates in consumption, an incurable disease. The entire circulation being contaminated, the only way to cure the trouble is to thoroughly purify the blood and restore the circulation to a strong, healthy state. S. S. S. is the very best treatment for Scrofula; it renovates the entire blood supply and drives out the scrofulous and tubercular deposits. S. S. S. is the greatest of all blood purifiers, and it not only goes right down to the very bottom of the trouble and removes the cause, but it supplies the weak, diseased blood with the healthful properties it is in need of, and in this way builds up weak, frail, scrofulous persons and makes them strong and healthy. S. S. S. is a gentle, safe, vegetable preparation and is suited for persons of any age. Book on the blood containing information about Scrofula and any medical advice free.

—it's still 25% off

The wage-earner, the income man, the fellow who makes his living easily, and everybody who wears clothing, who has not taken advantage of this 25 per cent discount sale on every suit we have in stock, is making a tremendously big mistake. This is one of the opportunities in a man's life when he can afford to dress as well as his neighbor at less cost than many of his neighbors had to pay. Now, and for a few days, you can get a TAILOR-MADE SUIT at less than ready-made prices. If you will call, you will be satisfied of the truth of this assertion.
