

SECOND HIGH SCHOOL FOR THE WEST SIDE

Big deals in the realty and building lines continue to be announced almost daily. Two new buildings involving an expenditure of over \$500,000 and the purchase by the board of education of a west side high school site for \$100,000 were among yesterday's developments.

T. H. Wilcox, who two weeks ago purchased the quarter block at the southeast corner of Seventh and Stark streets, will build an eight-story annex to the Imperial hotel at a cost of \$250,000. The annex has already been leased to the Imperial Hotel company and work of construction will be commenced within 20 days. Tenants occupying the old frame shacks on the site have been ordered to vacate at once preparatory to clearing the site. Whidden & Lewis have been commissioned to prepare plans for the annex which will be faced with white or cream tile brick.

When completed the new hotel will be an apartment model and one of the handsomest and best appointed hotel structures on the coast.

Mr. Wilcox was at a loss to determine the building to erect on this corner, as he had propositions from three prospective tenants, each wanting a different kind of building, but he finally decided that a hotel was the most needed and best paying investment.

High School on Couch

Portland's third modern high school will occupy the block bounded by

Couch, Davis, Seventeenth and Eighteenth streets. The board of education having just concluded the purchase of this block through the agency of Charles K. Henry & Son at a cost of \$100,000. The building will be a fireproof structure and while not so large as the new Albina High School, will cost close to the estimated cost of that building, \$250,000.

The site is ideally located for a school, as it is within easy reach of every west side streetcar line, and yet no line passes immediately in front of it. It formerly belonged to Dr. W. T. Williamson, J. Henry Jones and the Eckerson estate.

Talk on Bond Issue

The school board will meet this afternoon, when the question of building the new high school will come up for discussion. The school district will have to vote on a bond issue to be used in putting up the building and it is probable this afternoon on which to hold the election. It is not considered probable that any opposition will develop to the board's plans, as the need of a modern high school on the west side is imperative, the old building at Fourteenth and Alder streets having long outlived its usefulness.

Charles K. Henry, who last week purchased the quarter block across Fourth street from the Board of Trade building, paying for it \$125,000, has since been offered an advance of \$10,000 on the deal. He declined the offer, as he is already considering plans for improving the property.

EXCURSION TO LAND OF MIKADO

Invitation to Coast Business Men Will Result in Large Delegation.

Portland commercial bodies have taken up the question of participation in the proposed excursion of Pacific coast merchants to Japan in September. Jackichi Iwaya, Japanese consul to Portland, some time ago transmitted from the commercial bodies of the five principal cities of Japan an invitation to Portland business men to take a trip to Japan, and the merchants of Seattle and San Francisco have been asked to join the party.

All the coast cities invited are seriously considering the making up of a very large party of Americans from the coast to visit Japan and spend a month in the Mikado's country. It is said the trip would be made one of absorbing interest, as it would afford an opportunity to study at close range the reasons for Japan's rapid progress from a remote and insignif. country to a world power within a few years.

The Portland chamber of Commerce and the Commercial club have received invitations from Consul Iwaya, and prominent members of these bodies will join in organizing a party to go from Portland. The entire coast delegation will probably sail in a Japanese merchant vessel from San Francisco about September 20 to 25.

Portland is regarded as the Japanese center of the coast. On account of the extensive railroad building operations inaugurated in the Oregon country a year ago a large number of Japanese laborers were attracted from other parts of the country to this region. The Columbia river basin's great agricultural resources have also been a cause for immigration of Japanese, who are good gardeners.

The commercial instinct in the Japanese has brought hundreds of them to Portland to enter upon some kind of merchandising career, and they have stores in all parts of the city. Naturally they are anxious that Americans should bear a friendly feeling toward their mother country. Japanese merchants are urging that Portland should send a large delegation to Japan.

An Interesting Experiment

It will enable you to determine the value of P. & G. Naphtha Soap. Try it!

Make a strong suds of P. & G. Naphtha Soap and cold or lukewarm water.

Put into this all the dirty dish-cloths you have. Let them soak for an hour. If any dirt spots remain, rub them lightly with the soap. Remove the cloths. Rinse them in clear water. Hang them up to dry.

Look at them an hour later. They are as clean as when new—free from grease and without odor of any kind.

The point of this little experiment is this: If P. & G. Naphtha Soap will clean dirty dish-cloths quickly, easily and thoroughly, how much more quickly and easily will it clean bed-linen, table-cloths, pillow-cases, skirts, shirt waists and articles of a similar nature which are not, and never were, one-tenth as dirty as the dish-cloths?

P. & G. Naphtha Soap at all grocers.

Men's Outing Suits

INVITATIONS SENT ALLOVER COUNTRY

Livestock of Unusual Merit Will Be Shown at Coming Club Show.

Rules and blanks for entries in the livestock departments of the coming Pacific national meet to be held here the week of September 21-28 have just been issued and are being distributed far and wide wherever livestock men and breeders are known. These instructions and forms will go all over the country, to all the important fairs and stock shows whose dates will not interfere with the Portland exposition. To individual livestock men up and down the coast, in Canada and throughout the east.

Ample time is given for all to make their offerings between now and the closing date which is set as September 7, two weeks before the races and stock show begins.

Entries are asked for in the four chief divisions—horses, cattle, sheep and swine—with a special poultry department which is to be conducted under the auspices of the State Poultry association. Under the horse division will be included the Jacks and jennets, ponies and the usual feature classes, while the Angus goats will come under the sheep division.

There have already been a great number of offerings of exhibits in the various divisions and these are now being listed on the special entry form.

According to the rules just issued, the board makes it optional whether it shall receive any entries if offered after September 7, the closing date, and if any such are received, per cent of the premiums earned by the animal or animals represented by such entries shall be forfeited to the board.

The fixed entry fee is one cent of the amount of the first premium in all classes.

Yesterday's offerings included a splendid string of Shetland ponies from California, all of them blue ribbon and gold medal winners in various shows held in the southern state the past two years.

ADDITIONAL PAVING ON EUGENE STREETS

Eight More Blocks of Bitulithic Will Be Laid—City Council Lets the Contract.

(Special Dispatch to The Journal.) Eugene, Or., July 29.—Eight additional blocks of Eugene's streets will be paved at once with bitulithic pavement, the city council at meeting yesterday having let the contract to the Warren Construction company. The new paving will be laid on the streets around the city blocks, near the heart of the city, and surrounding the county courthouse and county jail.

The district where the farmers tie their horses while in the city specially prepared pavement will be laid. When this fast paving contract is completed there will be practically 60 blocks of bitulithic pavement in the city.

America's Greatest Mountain Resort.

Banff Hot Springs, situated in the Canadian National Park, is considered one of the greatest mountain resorts in America. The Canadian Pacific is making a special rate of \$35.00 for the round trip. Tickets are good for stopovers at Victoria, Vancouver, Glacier House, Laggan and other points of interest.

POLICE THINK THEY HAVE INK THROWER

(United Press Leased Wire.) San Francisco, July 29.—Preston C. Wallace, a young man arrested this morning on the Barbary coast, the police believe they have under custody the vandal who for three months had made a practice of painting the dresses of fashionable women by squirting streams of ink across their backs as they passed along crowded streets. The finding of this ink thrower had been a long possession after he had been arrested caused the officers to believe they had captured the much-wanted man. Wallace was unable to explain for the bottles of ink he gave his occupation as a machinist.

DESERTED WIFE DRINKS CARBOLIC

(United Press Leased Wire.) Tacoma, Wash. July 29.—Mrs. Frank B. Turner committed suicide late yesterday afternoon by drinking carbolic acid at the Bay View lodging house, where she and her husband have been sleeping. Deserted by her husband Sunday night while she slept, she became hysterical upon awakening and during the day suffered paroxysms during which she broke the windows and smashed furniture. She and her husband came to Tacoma six weeks ago.

GOT TEN DOLLARS IN FIVE YEARS MARRIED

Mrs. Wilamina Morton Tells Court Unusual Tale of Domestic Infelicity.

Ten dollars for clothing for herself and three children is the sum that Frank A. Morton is alleged to have furnished during five years of married life, according to statements of Mrs. William Morton in a suit for divorce in the circuit court. They were married in Oregon City in 1902. Mrs. Morton's maiden name being Wilamina M. Blausfus.

Mrs. Morton asserts that she has frequently been the target for volleys of bad language too indelicate for repetition. Once she was beaten because the evening meal was not ready at the moment the lord and master desired it, she says, and she relates other occasions when she was roughly treated. She says she was ordered away from home on June 22, and has not lived with her husband since.

BAND PLAYS IN HOLLADAY PARK

DEMOCRATS TO RATIFY NEXT SATURDAY NIGHT

Well-Known Leaders Will Address Meeting at the Empire Theatre.

Democrats of Oregon will hold a ratification meeting at the Baker theatre Saturday night in honor of the nomination of William Jennings Bryan for president and John Worth Kern for vice-president. Ex-United States Senator John M. Gearin will be the principal speaker. Special music and there will be short addresses from a number of the well known Democratic leaders of the state. Special music has been provided for the evening and altogether it is expected that the meeting will be a most successful and enthusiastic one.

The meeting of next Saturday will complete the plans which had been formed by the party organization for the state meeting to be held in the Empire theatre the week following the Denver convention, which nominated Bryan and Kern. This meeting was postponed because of the sudden death of Mrs. M. A. Miller, wife of State committee chairman M. A. Miller of Lebanon, who was to have been one of the chief speakers.

Invitations have been sent out by the committee in charge of the meeting to a large number of the prominent Democrats of the state and it is expected that the greater number of these men will be in attendance upon the meeting on Saturday night. A band has been secured to furnish music and in addition several vocal selections have been arranged for and will be given by prominent singers of the city.

Companies Incorporated.

(Salem Bureau of the Journal.) Salem, Or., July 29.—Articles of Incorporation have been filed in the office of the secretary of state as follows:

First Presbyterian Church of Nyssa, Or.—Principal office, Nyssa; incorporators, W. Barclay Van Dyke, Murdoch McDonald and C. C. Hunt.

University Drug company—Principal office Portland; capital stock, \$5,000; incorporators, A. H. Brown, C. W. Bow-hay and A. W. Kime.

NEW FANCY CLASSES AT NEXT HORSE SHOW

In addition to the sporting tandem class, an account of which was given in The Journal, the horse show management will introduce a new class for driving and correct handling of the ribbons. Equipage will not count more than 25 per cent in this class, the driving and hand work to constitute fully 75 per cent of the markings for place. There will be many entries in this and interest naturally will be unusual, as correct forms are frequently in question.

The sporting tandem devotees are busily engaged in schooling their pairs for this evening and there will be some beautiful high stepping hunters and drivers shown in the ring on this occasion. Edgar Labrusse expects to get a match for his classy Morengo for this tandem event, and several local fanciers who have fine teams are out every day during this fine weather.

President T. S. McGrath of the Hunt club is now in Seattle conferring with prospective entrants and owners who will be here for the October event. Seattle is also making great preparation for its autumn show, which will take place September 2, 3, 4 and 5.

At a cost to mineowners of about \$60,000 a school for the education of mine-venturers has been established at Atherton, in the Lancashire district.
