

FIRST POLE IN THE EPISCOPACY

Rev. Paul Peter Rhode Consecrated at Chicago—A Notable Event.

(Special Dispatch to The Journal.)
Chicago, July 29.—The consecration today of the Rev. Paul Peter Rhode, D. D., as auxiliary bishop of the Roman Catholic diocese of Chicago, attracted attention of Polish-speaking people throughout the world as an event of historic importance to the Polish nation. Bishop Rhode is the first of the army of Polish-speaking Roman Catholic priests in the United States to be promoted from the ranks of the priesthood to the episcopacy.

The ceremonies of consecration took place this morning in Holy Name cathedral and were attended by delegations of Bohemian, French, Lithuanian and Italian priests from all parts of the country. Four archbishops and 12 bishops, who have many Polish-speaking people in their dioceses, also were present. The great number of the clergy assisted, though it is proved much too small to accommodate all who desired to attend.

The consecrating prelate was Archbishop Quigley, who is the first among the archbishops of the United States to give the Polish-speaking Roman Catholic recognition in the most pious of the church in America, and at whose petition Pope Pius X named the Rev. Paul Peter Rhode, who was pastor of St. Michael's Polish Roman Catholic church in this city, for that honor.

Archbishop Quigley was assisted in the ceremonies by Bishop Muldoon of Chicago and Bishop Koudela of Cleveland, the first Bohemian bishop in America. A large number of the clergy assisted as officers of the consecration service and of the solemn pontifical mass.

Selected by Polish Priests.
Every inch of space in the cathedral, the seating capacity of which is 2,000, was occupied, and hundreds of Polish residents of Chicago and vicinity, unable to obtain tickets for admission, gathered outside to see the procession, consisting of Rev. Dr. Rhode and the consecrating officials in their vestments, passing through the crowded grounds and enter the edifice. The ceremony, which was begun at 10 o'clock and required nearly three hours, was the most solemn and impressive in the church ritual. It is divided into three parts, the preliminary examination of the consecrating prelate, the consecration of the bishop proper and the investiture.

Bishop Rhode succeeds Bishop Muldoon as auxiliary bishop of Chicago. Bishop Muldoon is understood to be transferred to the charge of the new diocese of Rockford.

At a consistory of Polish priests held in the Holy Name cathedral two years ago, the name of Father Rhode was selected to be submitted to the papal legation at Washington as choice for elevation to a bishopric. Archbishop Quigley readily signified his satisfaction with the choice of the priests.

One of the Youngest Bishops.
The new bishop is but 39 years old and is one of the youngest bishops in the country. He was born in Prussian Poland, but came to Chicago when a small boy. His mother still lives in Chicago. As a youth he attended a parochial school and continued his studies in St. Mary's college, Kentucky, under the guidance of the Resurrectionist order. He returned to Chicago and studied in St. Ignace college, and his theological studies were concluded in St. Francis' seminary, Milwaukee.

He was ordained in 1896 and became assistant pastor of St. Peter and Paul's church in this city, where he remained for two years. He then was made pastor of St. Michael's church in South Chicago, where he still remains. The church now becomes the seat of the new bishop, who represents the Polish Catholics of America as their first prelate.

HAMMERSTEIN'S SON ARRESTED

Famous Impresario's Boy Charged With Annoying Young Ardmore Girls.

(United Press Leased Wire.)

Yesterday a noted mother in the neighborhood after placing Kate Gregory, a 10-year-old girl, where he could watch her, Hammerstein appeared a short time later and his conduct toward the child resulted in his arrest.

BEACH TO SUCCEED CAKE AS CHAIRMAN

(Continued from Page One.)
pered about that Chairman Cake would in all probability resign because of such a press of law business that he could not attend to the state's private affairs at one and the same time without injury to both jobs. Mr. Cake came out to the camp and said that his law business was in good shape and that he could give the time necessary to the campaign and conduct Big Taft majority from Oregon.

It was said at the same time that Mr. Williams could take a very active part in the conduct of the campaign over the state, working in harmony and conjunction with the state chairman and during the same time Chairman Cake issued a circular letter to the county chairmen calling attention to the need of united work and outlining his plan of campaign.

Sends in Resignation.
About this time the fire began to grow still hotter. Representations were made to Chairman Cake, and made so earnestly and so eloquently, so the story goes, that he wrote his resignation to the national chairman, Frank Hitchcock, at his home address at Dallas. After the letter had been sent the state chairman resigned and the election from National Chairman Frank Hitchcock inviting him, as state chairman from Oregon, to attend the convention at Colorado Springs, then Oregon's chairman withdrew his letter of resignation and the election from National Chairman Hitchcock, which caused him to shake his head in a sad and negative manner whenever Mr. Cake crossed his official range of vision.

The national sark closed up, when Mr. Cake came around, like a clam that had been tickled in the stomach. It closed up so tight, rumor says, that Mr. Cake even had to pay his own expenses to Colorado and back. Then Mr. Cake came to Portland, scratched his head a moment and started to Boston to confer with Oregon's junior senator, Jonathan Bourne. He is still going.

In the meantime things are not quiet here. There is an insistent demand being made for a meeting of the state central committee, which long before the first Tuesday in September, the time fixed by Mr. Cake. It is probable that the meeting will be called, and soon, and when it is called there will be an explosion.

According to the program, which is to be followed to the limit as closely as that of the late state convention, when the state committee next meets, National Committeeman Williams will be necessary to sufficient proxies to hold the meeting in the hollow of his hand.

There may not be much of a meeting in point of attendance, but there will be things doing. At that meeting Mr. Cake is very liable to resign. He will be urged to, in fact, firmly but diplomatically, and is expected to see a great light and retire to private life.

If he does not, well, time will tell. Anyway, the official cards say that Senator Beach is to be chairman of the Republican state central committee and is soon to direct the Taft campaign the first Tuesday after the first Monday in November next.

The exhausting heat of the summer weather causes untold suffering and misery to thousands of men, women and children. Deaths occur on all sides from diarrhoea, dysentery, chills, cholera morbus, typhoid and other fevers, due in a great number of cases to impure water and the consumption of unripe fruits by those whose systems and stomachs are not in a healthy condition.

Higsen, Massachusetts, and Graves, Georgia, Will Be Standard Bearers.

(Special Dispatch to The Journal.)
Chicago, July 29.—Thomas L. Higsen, of Massachusetts, for president, John Temple Graves, of Georgia, for vice-president.

Such was the ticket nominated by the Independence party national convention last night.

Friends of Bryan made an effort to bring his name before the convention. J. I. Shepard, of Kansas, who attempted it, nearly caused a riot and narrowly escaped physical violence. Under guard of several sergeants-at-arms, he was hustled out of the hall, while some of the licensed delegates vainly attempted to strike him and one of them swung at him savagely with a cane.

The nomination of Mr. Higsen was made on the third ballot, his chief competitors being Miller W. Howard, of Alabama; John Temple Graves, of Georgia; and Reuben Lyon, of New York. William H. Hearst had 49 friends who voted for him on the first two ballots. The nomination of Mr. Higsen was adopted unanimously, all the other candidates having been withdrawn.

FISHERMEN AND CANNERY CLASH

Waldport Industry May Close Down Because of Difference Over Fish Prices.

(Special Dispatch to The Journal.)

The cannery has offered the fishermen 12 1/2¢ and 25¢ for their fish. The fishermen ask for 14¢ and 40¢. Neither side is willing to grant concessions, and a deadlock seems imminent.

The general C arrived in the harbor yesterday with supplies for the fish cannery, and it is presumed that it will reopen for the season as usual, whether or not the fisherman will patronize it is problematical.

PRINCIPALS IN McLEAN-WALSH "SECRET" WEDDING

This is E. P. McLean of Washington, D. C., at left, and Miss Evelyn Walsh at right, who will be forgiven for having married secretly.

Miss Evelyn Walsh is the only daughter of Thomas F. Walsh, multi-millionaire, and was quietly married to Edward P. McLean, son of John R. W. McLean of the Washington Post and Cincinnati Inquirer. So quiet in fact was the marriage that it practically amounted to an elopement. Mr. McLean and Miss Walsh have been in each other's company so much recently as to excite comment, but their marriage came as a complete surprise. Walsh was out of the city and Miss Walsh would not attend the ceremony, although she at last sanctioned it. It had been Mrs. Walsh's plan to have an elaborate wedding for her daughter, but this was prevented by their hasty wedding.

CUNNING LUNATIC HAMMERS A NURSE

(United Press Leased Wire.)
San Francisco, July 29.—Miss Roberta Hennessey, a nurse at the Central Emergency hospital, had a narrow escape from death at the hands of a

maniac early today. When she was rescued by Stewart O'Day she was unconscious and it required the strength of four men to subdue Mrs. Maria Hall, her assailant.

Miss Hennessey passed the crazy woman's cell at 7 o'clock this morning and was stopped and imprisoned for a drink by the woman, who had evidently been listening for her footsteps. The nurse got a glass of water and put it through the cell window.

"Please bring it in to me, I am weak," moaned Mrs. Hall, and Miss Hennessey went into the cell. In an instant the maniac was upon the nurse and plied her to the floor. O'Day happened to see the floor of the cell and went to investigate. He found the crazy woman sitting on her unconscious victim.

It required the strength of four men to put the maniac into a straitjacket. Her victim is in a critical condition.

New Post for Corcoran

Seattle, July 29.—J. H. Corcoran, division superintendent of the Pacific Telephone & Telegraph company in the northwest for the past four years, has been transferred to San Francisco as superintendent of the traffic of central and northern California.

The Edward R. Squibb policy in manufacturing is, "Make the finest article that skill and money can produce, and when the product is complete figure the cost, and at a reasonable profit, offer it to the consumer yourself to figure competitively, for competition is destructive of high quality." That's the reason why goods bearing the Squibb label, are always the finest the world produces.

Thomas says

Candy is one of the great foods as well as luxuries of the American people. If made under clean and sanitary conditions, and with high regard for purity, it becomes a part of the beneficial diet of many. Pure candy will not injure or disturb the most delicate stomach, as is the contrary with those adulterated with glucose and artificial flavorings. The Walter Lowney Co., of Boston, Mass., enjoys a larger patronage than all other manufacturers of national reputation combined; due entirely to the superiority of their product, as well as to their absolute purity and methods of clean manufacture. We carry the most complete line of Lowney's candies in Portland, and they're always fresh, too, for we receive weekly shipments. 10¢, 15¢, 25¢, 35¢, 60¢, 75¢, \$1.20 Package.
