## PORTLAND CLUB PAYS EXPENSES

### Irvington Tennis Players Will Go North by Selection of Committee.

Portland will become a factor in the tennis world if the efforts of the Irvington Tennis club avail anything. Heretofore Portland has been represented at various northwest coast tournaments only by the individual efforts of the players. Heretofore the organization will take a hand in the selection of representatives and meet their expenses on all the trips north or south.

Three men will be sent north to Everett next Monday to represent the Irvington club in the International Tennis championships, which commence on that date. President Hamilton at a meeting yesterday, appointed the following committee to select the players: F. H. V. Andrews, chairman, W. A. Goss and Richard Wilder. There will probably be a meeting of the committee this afternoon to name the players to represent the club.

Portland is represented in the tennis tournament now in progress at Tacoma by Miss Ruth Honeyman. Miss Leadbetter had entered for the play, but found it impossible to go north. Walter Goss, the local expert, stated this morning that he was undecided about going to Tacoma. If he is to have a place in the challenge round he will have to leave for that city by tomorrow night. If Mr. Goss goes he will probably play with the Everett team. California in the men's doubles at Tacoma. Whether or not any of the women players will go to the next tournament is not certain. Several have signified an intention of going north, but no women have been included in the new policy of the club.

This is probably the first instance on the coast where a club has stood for all the expenses of the local organization was encouraged by the success of the state tournament last month, and it is planned to make Portland a city of importance so far as the tennis map is concerned.

## TALIFERO JOINS A GIRL BASEBALL TEAM

(Special Dispatch to The Journal.)  
Springfield, Or., Aug. 4.—Charlie Talifero, a baseball pitcher, whose home is in Springfield, who recently returned from the Penitentiary team of the Eastern Oregon league, has joined the Chicago girls' team. He is a pitcher. When the team left Springfield there were only two girls on the team who were able to play. Three of the men dressed as women, but at that they had to make a local man to fill in. Talifero is too big to pass as a woman in any disguise, and will play in the box.

## RED HOT GOSSIP FOR RABID FANS

This is the day upon which we start our series in the south. If the team is in good condition we ought to win a majority of the series. The pitchers are all working well for the first time since the season opened. The regulars are in pretty good form and under the new arrangement, Ryan in right and Johnson at third, ought to present a good front. The team breaks even the fans will be satisfied, but there are those who feel certain that the Beavers will return home with 25 with the big end of the games.

How would the fans like to see Mickey La Longe as San Francisco catcher, filling a backstop position on the Portland team next season? It was only by the smallest chance that Mickey was not a member of the Beaver squad this year. He would be tickled to death to play in Portland and Manager McCredie would like to have him. Very likely McCredie and Long may come to some arrangement regarding the little receiver. La Longe is one of the snappiest players on the circuit and to keep him Danny Long turned slug Slatery to the outfield. Slatery during the training season. Claude Berry has worked nearly all season through out the captain Moberg and Mickey has not been given the chance he desires. He could have had a glorious opportunity with Portland this season.

Cincinnati will get Catcher Bob Easterly of Los Angeles for awhile yet. Herndon is mighty anxious to get Los Angeles' best backstop and made Henry Berry a tempting offer for immediate delivery. Berry backs he may sell Easterly at the end of the season, but he needs Bob now. Frank Chance of Chicago has first call on the youngster. Dolly Gray is another player Henry will lose next season, but Hen wants to hook him onto a winning club, where his pitching will not be wasted.

Think of Asher Houston, the local boy now with Oakland, being given a chance to work regularly with the Greeks. This is what might come of a new arrangement Van Halten is about to agree on with the fans. Van may take Hogan off third base and use him in the box. Time was when Hogan was a mighty pitcher and a tough nut to beat. Van puts through this arrangement Hogan will get a chance to perform regularly with the Greeks. So far he has not had much of a chance to show his worth.

There is no place in the Pacific league for Jim Morley, who recently wrecked his chance to work regularly with the Greeks. Morley is being touted for manager of the new team at Venice, with Danny Shay, who is about to join the team. Morley, says that while he holds the reins Morley will never have a chance to crawl in.

Danny Long will probably be the next to leave the league will be sent out at the next week or so. There are

## ATEL AND MORAN CAN'T REACH TERMS

Jim Jeffries Still Refuses to Referee and Fight Is Up in the Air.

(United Press Leased Wire.)  
San Francisco, Aug. 4.—Will Abe Aitel and Owen Moran fight here on Labor day for the featherweight championship of the world? The fans of this city are really wondering today, because of the failure of last night's conference between Promoter Coffroth and the two fighters. The conference, which lasted several hours, was fruitless so far as results are concerned. On everything but the selection of the referee. Since Jeffries has refused to referee the ring they have been left with a night they wired the big ex-champion at Los Angeles begging him to reconsider, but his answer was another refusal.

## ACCIDENTS OCCUR IN YACHT RACING

In a tight race on the Willamette river Sunday afternoon, the Dancin' Sal was the only yacht able to withstand the stiff breeze blowing at the time and won. Four yachts, belonging to members of the Oregon Yacht club, were entered in the race, but all except the Sal suffered accidents which forced them to withdraw. The Corsair, Max Meyer, racing Sal, Francis D'Arcy, Foremast, H. P. Towler and the Terria, James Backen, were the yachts entered in the race and hardly had the boats got under way before the boats were parted with the other half and the Corsair and the Terria also parted with some of their rigging shortly afterwards. Meyer, however, kept in the race and put up a game fight to regain the lead, but was beaten by about ten minutes. The race will be sailed next Sunday, starting from the clubhouse.

Second race, five furlongs, selling—Cort, 107 (Roland), 5 to 2, won; Lulu, 99 (Harris), 4 to 1, second; Tollybox, 106 (Walsh), 2 to 1, third. Time, 1:01.

Fourth race, five furlongs, selling—Belle Kinney, 109 (Rettig), 5 to 1, won; Fern L, 102 (Page), 4 to 1, second; Tom All, 104 (Walsh), 7 to 1, third. Time, 1:08.

## This Date In Sport Annals.

1868.—At Norwich Conn., Melvin Foster defeated George Stone at four ball billiards. Game, 1,000 points, run out in one inning.  
1882.—At Toronto, Canada defeated the United States by 29 runs in the annual international cricket contest.  
1887.—At Cork, Ireland, Phil Casey of Brooklyn, N. Y. and J. Lawler of Dublin began handball match for world's championship and \$2,000. Match concluded in Brooklyn in November and won by Casey.  
1892.—At Chattanooga, Chattanooga and New Orleans teams of the Southern league played 14 innings without a run being scored.  
1905.—At Colma, Cal., Jimmy Gardner knocked out Rufe Turner in eleventh round.

A lot of players needed to supply the vacancies in the old clubs caused by sales and draft and then the two new clubs will need about thirty or forty players to choose from. Long is suggested from his experience with the Texas and knowledge of players. However, the man who goes will be named by the directors shortly.

Hark! Ye fans who have wondered these many moons: "Pop" Derrick, our old friend at Vaughn park, is umpiring the Texas State League. Derrick was assaulted by a player and later appeared in court against the fellow, who was fined. Derrick is a dark, brown taste locally.

What kind of a chance would the two-day boys have against a chap so strenuous as the old Butte player. Down in New Orleans a couple of shag-tongued rooters picked Moore out. The bombardment got hotter and thicker until Moore could stand it no longer. Then he did a funny thing. He stamped into the bleachers, grabbed a head in each paw and cracked it over Moore's head. Moore said sundogs cried hold, enough! Baxter was chased off the lot and a heavy fine tacked on, but he had no objection. Buddy Ryan and Otto Johnson, take notice.

Well, Van Halten has come to it at last. He has chased Bellar out of the game for a month without pay, hoping that the big blonde may come back again. Dollar started off the season by winning six straight, and since has lost every game he pitched or started in. Dollar is sure he will get that salary or there will be something doing.

They are sore at Slatery over in Oakland because Slug persisted in warning the bench on the sore hand plea when the team needed a pitcher. Slatery is sticking. Some of the cranks have been mean enough to say that Slat is afraid of his fancy being exposed. When Slat was in Portland he looks ago he could whisk 'em around as niftily as the rest of the Greeks.

New York has turned "Doc" Newton over to the Newark club. Newton has been a disappointment this year. He has not done anything to his credit and cares little whether he wins or loses. It's now up to him to work his way back to the majors. He has done on any number of occasions.

## FINANCE COMMITTEE IS GREATLY ENLARGED

New Members Given Subscription Lists to Canvas City for Hero Fund.

With the enlargement of the finance committee of the general organization which is perfecting plans to give the three Oregon athletes, Forrest Smithson, Dan Kelly and Alfred C. Gilbert a royal welcome home next month, considerable more territory is being covered. There is now about \$200 in the fund.  
Dr. A. A. Morrison, the chairman, yesterday appointed the following to membership in the finance committee with subscription lists: Edgar Frank, Fred J. Longman, T. M. Dunne, P. E. Brigham, R. S. Farrell, H. E. Jurge and R. A. Cronin.  
"Pop" Brigham is unusually enthusiastic over the currency proposition. "Leave it to us," says "Pop," "we will get enough coin to give them a welcome that the whole country will talk about. Oregon's welcome home have seen has come through with a generous contribution. We don't want people to go beyond their means. We want to make it a cosmopolitan affair.

## For Northwestern Championship.

(United Press Leased Wire.)

## JOE KNIGHT JR. AND HIS REMARKABLE CHARGER

Joe and "Frank"—Pais.

(Special Dispatch to The Journal.)  
Myrtle Point, Or., Aug. 4.—A steed which serves as a saddle horse for a 12-year-old boy is the curious animal which attracts much attention at this place. The owner is Joe Knight Jr., and his trained animal is a 2-year-old steed, which is as gentle and as well trained as a horse. The boy rides him to drive cows and on pleasure jaunts. He also hires him to a cart which the steed seems to enjoy as much as the saddle. The boy broke the animal himself, learning the training when it was a little calf.  
"Frank," the steed is called, will come when the boy calls, and stands quietly while the saddle and bridle is adjusted. The two are known throughout this part of the country.

## BETTER BE GOOD TO THEIR DOGS GOING TO STUDY FINANCE ABROAD

(Special Dispatch to The Journal.)  
Harrington, Wash., Aug. 4.—C. W. Bethel is having trouble protecting his fruit crop from the youngsters and has devised a sign which is working well. He is one of the best-known men in the county, and is the owner of several fine ranches and much property in Harrington, including residences, warehouses and factories. He lives in a big, rambling house on School hill and the sign is in front of a cherry orchard. The sign is an instance, as it adorns the fence in front of a cherry orchard, that one of his ranches. It has a good deal of amusement, and here it is:  
"CHERRIES ALL GONE.  
No use to tear your pants climb through the barb-wire fence until the pears are ripe.

## RIFLEMEN GO EAST IN SPECIAL COACH

Oregon national guard riflemen will go in style to the national meeting and drill during the hot season. During a two month's trip, during which they visited a number of the prominent eastern cities, stopped a while at Atlantic city and Philadelphia. They passed through the Canadian Rockies on their home journey. "There are many interesting cities and scenic beauty on our route that show enterprise but none are so attractive as Portland," said Mr. Garde, "and I was pleased to get back to Portland and I am so prosperous years this famous watering place has been crowded all the time during the hot season. During a political year, presidential campaign served to create some excitement in the large cities. While the Denver convention was in session, newspaper extras in New York came out from the press every few moments. But after all I am gratified to know that this city is in the best financial condition of any in the country. There is no doubting it that the advantages of this city and state are attracting people of means from all over the Union."

**Contracted Disorders**  
Every case of contracted disorder I treat is thoroughly cured. My patients have no relapses. No contracted disorder is so trivial as to warrant uncertain methods of treatment, and especially so in those cases that other doctors have been unable to cure.  
**So-Called Weakness**  
My cures of this disorder are permanent and lasting. No tonics or stimulants temporarily, but thoroughly scientific treatment for the removal of conditions responsible for the functional derangement. "Weakness" is merely a symptom of inflammation of congestion in the prostate gland, and under my own original local treatment this gland is promptly restored to its normal state and complete functional activity is the lasting result.  
**Varicocele**  
I use neither knife, ligatures nor caustic in my treatment for Varicocele. I positively cure this disorder in one week by an absolutely painless method and without detaining the patient from business.
