TAFT TO MAKE 'GRAPH RECORDS

Speeches to Be Sent Where His Bigness Will Be Unable to Go.

(United Press Leased Wire.)

Hot Springs, Va., Aug. 4.—Taft is practicing on his voice preparatory to delivering several speeches into a phonograph for reproduction in those parts of the country that will not have an opportunity to hear the candidate himself during the campaign. He finds it considerably different from talking to a crowd from the rear platform of a train, and several times today discovered Mrs. Taft laughing at his elaborate distinctness of enunciation. Taft listened to several Bryan records and then started in at his task.

The swiftest river in the world is the Sutleg in India, which descends 12,000 feet in 180 miles.

WEATHER REPORT

A shallow trough of low pressure extends from British Columbia south and southwest to California, thence east through Arizona and New Mexico and thence northeastward to the upper lake region. The barometer is relatively high off the mouth of the Columbia river and over Montana and portions of the adjoining states. It is also relatively high in the Atlantic states from Maine to Florida. Showers and thunderstorms have occurred in southern Nevada, northern Arizona, and New Mexico, and rain, heavy in places, has fallen in the lower Mississippi valley. Light showers have occurred in the eastern portion of the Dakotas, northwestern Minnesota, and in the northern portion of the New England states. Nearly normal temperatures prevail everywhere in the United States except in the lake region and Ohio valley, where it is warmer than usual.

The indications are for fair weather in this district tonight and Wednesday.

Acreage--We Help You Select It

Our salesmen own farms, and are all practical farmers. They can tell you how to plant and grow anything on the farm, and will pick the ground to suit. So you will get the right kind of soil for any certain purpose, fruit in one location, vegetables in another. Tualatin soil is the best in Oregon. Get off at Tigardville. Oregon Electric cars run through the tract.

Lands in the Tigardville Country are Below Real Value

Because the Tualatin valley could only be reached by wagon or in a roundabout way by train. Now the land over the hills west of Portland is coming into the public eye because of the fine service on the Oregon Electric trolley line, which makes the land merely suburban to Portland. Land values are low enough to make investments profitable, even if the land is allowed to remain idle. With the influx of settlers, prices are raising rapidly.
