

ENGLAND FEARS GREAT UPRISING OF ASIATICS

India's Millions on Verge of Revolution Which Threatens to be More Extensive Than Mutiny of 1857—Alarm Sounded.

(United Press Leased Wire.) London, Aug. 5.—That England is face to face with another mutiny in India, by the side of which the uprising of 1857 will be mere hickering, is feared by government officials as a result of reports brought here today by a prominent army officer who returned from Benares. The war office has been thrown into a panic by the serious nature of these communications. In a statement to the press the officer said: "Something must be done, and done quickly, in India, and the 200,000 active inhabitants of that country succeed in getting the upperhand the least bit more they are sure to rise in a mutiny that will surpass anything that England has had to face. In the event of such a mutiny every white man will be killed and every white woman attacked before sufficient help can be sent to quell the rebels. There are but 60,000 Europeans in India and they would be at the mercy of the native hordes. In the previous uprising the Indian mutineers were unorganized and did not know how to use their weapons, but such is not the case now and in-

dia would be bloody from one end to the other if they should go to war." According to the same reports the empire is reeking with addition which all of England's repressive measures have failed to check. The drastic rules enforced as a result of recent alarm over conditions in India have only served to stir up a venomous hatred for the British entirely out of India, the Indian Nationalist party is standing in the front of the impending conflict. Its members openly boast that they have corrupted half of the native population and inspired them with a passion for freedom. The Indian colonial troops are not to be relied upon in case of an outbreak. Among numerous proposals to check the spread of seditious feeling it has been recently suggested that a check should be placed upon the education of Indian students in foreign countries, as the ring-leaders of the movement are mostly from the educated classes. On every hand it is conceded that should England become involved in a war with any other power, India would mutiny immediately and make a strike for liberty.

COAST COMBINE AGAINST CROOKS

Los Angeles Detective Proposes Plan to Put Them Out of Business.

Los Angeles, Cal., Aug. 5.—Chief of Detectives Paul Flamer of this city today started for a tour of the coast with the purpose of organizing the secret service departments of all the large cities into a combine against crooks, particularly those that come from the east. San Francisco, Portland, Seattle, Vancouver and even Alaskan cities will be visited. Flamer's plan is to have an understanding with all police departments in these cities by which the movements of every known crook who visits the coast will be constantly watched and reported. By concerted action of this character he thinks the coast cities may be rid of many bad men.

AUCKLAND READY FOR THE FLEET

Four Days of Festivity and Touring Prepared for the Jackies.

(Special Dispatch to The Journal.) Auckland, Aug. 5.—New Zealand is putting the finishing touches to the preparations for the entertainment of the American battleship fleet and is awaiting the arrival of the ships at the end of this week with the greatest interest. The city will be decorated in honor of the occasion and doubtless will be thronged with visitors from all parts of the country. The fleet is to remain here four days and during that time there will be an almost continuous round of festivities. By general consent the day of arrival will be made a semi-holiday in Auckland. The federal officials and the mayors and other representatives of the chief cities of New Zealand will be here to welcome the welcome in the official welcome by the governor-general, Lord Plunket, will be made a separate event. In addition to the dinners, receptions and other social functions to be held in this city there will be a number of excursions for the officers and men to points of interest, some of them 100 miles and more distant from Auckland. A considerable part of the day's entertainment will consist of these trips. The freedom of the city will be given to the blue-jackets of the fleet and many features are being arranged for their special entertainment. There will be football games, football boxing, wrestling matches and in addition to these there will be many forms of entertainment characteristic of the New Zealand aborigines.

Cramps and Dysentery

Diarrhoea, cholera morbus, stomach ache, congestion, sunstroke, heart failure, fainting, weak stomach, malaria, chills, fevers, prostration and the hundred and one ills of summer can be prevented and cured by taking

Duffy's Pure Malt Whiskey

It kills the disease germs, invigorates and strengthens every organ and part of the human body. Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach. Thousands of leading doctors prescribe it and prominent hospitals use and endorse it exclusively. (Dose).—One teaspoonful in each glass of drinking water during the hot weather will kill all germs. If weak and run down, take a teaspoonful four times a day in half a glass of milk or water. It stimulates the heart action, causes the blood to course more quickly through the veins, and builds new tissue. Duffy's Pure Malt Whiskey is sold throughout the world by druggists, grocers and dealers, or shipped direct for \$1.00 per bottle. If in need of advice, write Consulting Physician, Duffy Malt Whiskey Company, Rochester, New York, stating your case fully. Our doctors will send you advice free, together with a handsome illustrated, medical booklet containing some of the many thousands of gratifying letters received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of the World's greatest medicine.

RESCUE MADE IN CHOKING FUMES

San Francisco, Aug. 5.—A narrow escape from death by A. B. Solomon, a pipefitter, and a heroic rescue by James Healy, a fellow workman, marked the explosion of an ammonia compressor in the refrigerating plant of the Mir and Lux slaughter-house today at Huelbertown. Solomon was working on the compressor when a cylinder head flew out. Fragments of the shattered metal struck him and rendered him unconscious. Hearing the explosion, Healy ran to the compressor room only to find it filled with choking ammonia fumes. Putting his coat about his head, he plunged in and grasping the unconscious Solomon by the collar, he dragged him out of the death chamber. Both men were overcome by the fumes but recovered at the hospital. Solomon's injuries are serious.

FIRST SUNDAY DINNER FETCHES ON DIVORCE

(United Press Leased Wire.) San Francisco, Aug. 5.—His wife's refusal to cook dinner on the first Sunday after their marriage caused Charles Colton to file suit for divorce, which is in court today. Following that the wife refused to make a dinner for him, with no restaurant menus starting him in the face. Colton suggested that his wife prepare a report according to his complaint Mrs. Colton replied that had she thought him so unreasonable she would have divorced him long ago. He declared that he did not care but married her only because he wanted her to do so.

WORK TO RESUME ON NORTH COAST

(Special Dispatch to The Journal.) North Yakima, Wash., Aug. 5.—Once and for all, the railroad contractors and laborers here have agreed to resume work on the coast line and have headed for the north coast zone and have headed for the north coast zone and have headed for the north coast zone.

STEPS ON MATCH SETS HOUSE AFIRE

(Special Dispatch to The Journal.) North Yakima, Wash., Aug. 5.—Lena, the 15-year-old daughter of M. W. Brown, a house painter, stepped on a match this afternoon and set fire to the house on South Front street, doing damage to the amount of \$300 before the blaze could be subdued by the fire department. The loss is covered by insurance.

BERI-BERI FOUND AMONG THE JAPS

Death of a Woman Reveals Dreaded Disease in Colony of Fruit Canners.

(United Press Leased Wire.) San Jose, Cal., Aug. 5.—Beri-beri, the dreaded and fatal Asiatic disease, has been discovered in a colony of Japanese fruit canners in the vicinity of Alviso, near here, and Health Officer William Simpson, in company with Professor W. P. Snow of Stanford university, who is an authority on oriental diseases, today will make an investigation. The presence of the plague was revealed by the death of the wife of S. Hark, a Japanese, three days after he had purchased her and two children for \$250. The woman was found to be a victim of the disease. It is reported that there are as many as 41 cases of beri-beri in the Japanese camp.

SURVIVES HUNDRED BUMPS AND FRACTURE

Spokane, Wash., Aug. 5.—Overcome by heat while working on the third story of a building yesterday afternoon, Jack Smith tumbled and fell through the maze of scaffolding, forming

EDITOR TO FACE SERIOUS CHARGE

For Passing Checks With No Funds in Bank Harris Will Be Tried for Grand Larceny.

(Special Dispatch to The Journal.) North Yakima, Wash., Aug. 5.—Deputy Prosecuting Attorney Taylor stated today that he would make a test case of the charge held against Editor Harris of the Grand View Press of passing checks without funds, who dated a check for \$25.13 days ahead when he gave it to Taylor Cloud of Sunnyside, Or. on July 2. Cloud has dug up several other checks given by Harris and has sworn to a complaint charging the editor with grand larceny. A warrant has not yet been issued on this charge, but the matter will be introduced as evidence in the Cloud case, the hearing of which will take place probably this week. Harris is still in jail though he does not occupy a cell, being allowed the privilege of a room over the jail.

Memorials of 1812

(Special Dispatch to The Journal.) Carleton, Mich., Aug. 5.—The two cannons set up as memorials of the battle of Brownstown and Mowaggon, in the war of 1812, were dedicated today on the Myrtle farm, near Gibraltar. The cannon was delivered by Ward N. Childs of Detroit.

A Big Prize Award.

The Smithsonian Institution will award a prize of \$5,000 for the best treatise on the relation of atmospheric air to tuberculosis at the international convention of tuberculosis at Washington in the fall.

You Could Use A Horse.

But a train is quicker, cheaper and more comfortable. It is possible to make the trip from New York to Washington with a horse and buggy; but a train is quicker, cheaper and more comfortable. Likewise, it is entirely possible to wash clothes with ordinary laundry soap, but P. & G. Naphtha Soap is quicker, cheaper and very much easier. P. & G. Naphtha is the modern soap. It is as much better than ordinary laundry soap as a "Limited" train is better than a horse and buggy. P. & G. Naphtha Soap saves time; and time is money. It saves fuel; and fuel costs money. The woman who does her own work owes it to herself, to try P. & G. Naphtha Soap. If, by using it, she is able to get through her washing an hour sooner than it now takes, it will have paid for itself four or five times over. It will do that—and MORE.

At All Grocers.

You have never tasted real Corn Flakes if you never ate KORN-KINKS

The food that is all food. Made of the choicest white corn. Steam cooked, malted, flaked and toasted. Supplies the energy needed to begin the day's work. Crisp and delicious with milk or cream. Your grocer sells it. Ask him. The only Malted Corn Flakes. 5¢
