A GOOD FARM—LOW PRICE, EASY PAYMENTS

We are cutting up 300,000 acres of the old military road land grant through southern Oregon east of the Cascades into 11,992 farms, selling them at $200 apiece, payable $10 per month. This grant is a series of valleys; the valley lands produce all grain and fruits equal to Willamette valley, without irrigation. Had 27 inches moisture last year; railroad building into Lakeview, where we give a lot free with each farm. Read our scores of letters from the oldest Lake county farmers. Honest, conservative men. H. F. Mayse, San Angelo, Texas, the other day visited our lands and wrote the company as follows: "I spent several days driving over your land, and am proud to know you have not over-estimated any part of it. I am well acquainted with the country from here to the Pacific ocean, and believe the Golden Goose Lake valley as rich as any within my knowledge. I find the finest growth of fruit and ornamental trees I ever saw. Lakeview, the county seat of Lake county, has two flour mills and the third under construction. The grain crop is fine and all late fruit will be good. The finest blue grass, red and white clover, timothy, red top, vetch and alfalfa I ever saw I found in the Goose Lake valley. In my opinion Lakeview in a few years will be one of the best commercial points of the northwest. It will also be one of the best health resorts as well. Located as it is in an ideal climate, with pure, soft water and plenty of it, where it never gets too cold or too hot, it is bound to become a noted health resort. With a lake 25 miles long of pure, fresh water from the springs in the mountains, and filled with fish of all kinds, where the ducks raise their young and remain in winter, where the mountains are full of deer, quail, pheasant, grouse and sage hens, I can't see why this would not be the paradise of the hunter. I can now see why two railroads are racing to get into Lakeview."

The chance to buy these lands is short. Get in on the ground floor, ahead of the railroads. See us at once
