

ASKS BRYAN TO COME TO COAST

Californian Says It Might Mean Three States—Notification Tomorrow.

By John E. Nevin.
Fairview, Lincoln, Neb., Aug. 11.—Charles Edelman, member of the notification committee from San Francisco, today appealed to William J. Bryan to visit the Pacific coast on a stumping tour during the campaign.

"If you will come to the coast and speak," declared Edelman, "I feel sure there would be no doubt of your winning the electoral vote of California and you would have a good chance to carry the electoral vote of Oregon and Washington."

Bryan was much interested in what Edelman had to tell him about conditions on the coast and he promised to consider seriously a speaking tour of the Pacific states.

A conference was held today by Bryan, John W. Cook, National Chairman, Norman E. Mack, Dr. P. L. Hall, Vice national chairman, Josephus Daniels of North Carolina, and other members of the notification committee, at which plans for the campaign were discussed and preparations made for the notification tomorrow.

Tonight the party leaders will attend a banquet given by the local geographical union in honor of Dr. P. L. Hall of Lynn, Mass., a prominent member of the organization, who will take part in the Bryan notification tomorrow.

All is ready for the great celebration tomorrow and the city is rapidly filling with visitors in spite of the failure of the railroads to give special rates.

The ceremonies attending the notification will take place on the grounds of the state capitol, where special stands have been erected for the speakers and prominent guests. The ceremonies will be presided by a luncheon at the Lincoln hotel, attended by Mr. Bryan, Mr. Kern and the members of the notification committee. Among the members of the notification committee, to whom reached the city today, are the following:

- W. A. Forbes, Arizona; C. W. Osenton, West Virginia; R. H. Walker, Alabama; Byron Barwig, Wisconsin; Gustave Jones, Arkansas; George F. Christensen, Washington; J. W. Pauley, Minnesota; Charles Edelman, California; J. H. Tyler, Virginia; John T. Winship, Michigan; Elmer F. Beckwith, Colorado; James E. Burke, Vermont; Harry C. Ney, Connecticut; William Masterson, Texas; W. S. Jennings, Florida; Humphrey O'Sullivan, Massachusetts; D. G. McKee, Tennessee; Crawford Wheatley, Georgia; F. M. Zisch, South Dakota; Harry L. Day, Idaho; Edward F. Dunne, Illinois; T. F. Brantley, South Carolina; P. F. Koenig, Rhode Island; Harry McCarr, Indiana; DeWitt C. DeWitt, Pennsylvania; L. M. Travis, Oregon; J. P. O'Malley, Iowa; D. M. Haley, Oklahoma; Charles S. Sawyer, Kansas; T. S. Arnold, Ohio; John Pulston, Louisiana; Frank Lish, North Dakota; W. H. Haldeman, Kentucky; Edward Hale, North Carolina; Lewis Nixon, New York; J. H. Wynne, Mississippi; J. Forrie, Missouri; John H. Moorehead, Nebraska; W. B. George, Montana, and Robert Davis, New Jersey.

CHOSEN ONES SLOW TO MAKE RESPONSE

Despite the appeal made by City Auditor Barber to the men appointed to serve on the charter revision commission to acknowledge their appointment, he has received responses from but eight of the appointees. Of these seven have accepted, and one, Robert Livingstone, has declined to serve. The acceptances thus far received are as follows: E. Beach, Henry E. McGinn, Frederick V. Holman, Theodore B. Wilcox, Sigel Grutz, Ben Selling and John M. Geart.

Tom Richardson was called upon and told of the objects of the meeting. He believed that there should be a road act for the state. He said that he had asked Judge Webster if he would preside over a movement to work for the spread of the good roads idea throughout the state. There was no deal and no stickers on the board at all. What was wanted was to get an organization with a definite plan and the state officers of the state could be appealed to for aid in the good roads movement.

Richardson said that he would raise in percent of any sum that could be provided by the state for good roads work that at the same time the county would not want it spent here because Multnomah county did not need it.

Judge Webster was the next speaker. He said he believed there should be a state law which would provide \$10,000 for each county of the state provided the county would appropriate a like amount for the construction of good roads.

He also wanted a law which would provide for the local improvement of roads. He also wanted in the enactment of a convict labor bill, enabling the counties to work their prisoners, and the state to provide for the building of roads. If these bills could not be passed he believed in the appropriation of from \$10,000 to \$15,000 for the extension of highway commission, who should work for the construction of good roads throughout the state.

John H. Scott also addressed the meeting. He spoke in favor of the construction of a state road. He wanted to see the state of Oregon on the south with California, and on the north with Washington, in a great state road.

At the conclusion of Mr. Scott's address the conference adjourned until 1:30 this afternoon, when the question of definite plans for legislative action was taken up for discussion. There will be a session of the conference this evening, and tomorrow will be spent in showing the delegates from the various districts the work that has been done in Multnomah county for the good roads cause.

Judge Lionel R. Webster, an Enthusiast of the Good Roads Movement.

OREGON TO LEAD

(Continued From Page One.)
and therefore asked the pleasure of the meeting.

John H. Albert of Salem answered the call of the chairman. He said that he was one of the veterans of the good roads movement. He congratulated Multnomah county on its awakening in the good roads cause, calling attention to the fact that several years ago when a meeting was called for the organization of the Good Roads Association, Multnomah county was apathetic. He said that the microphone began to work in Multnomah county even before the organization of the Good Roads Association.

Now the county has 17 quarries at work turning out crushed rock for the public roads and there are 40 miles of the best public roads in the county to be found any place. He said that for

John H. Scott Who Favors State Road South and North.

40 years he had been paying road taxes but they only in the past eight years had they been made any use of. In the old days it was customary to dump the money in the main holes. Now it was different. For the past eight years in Multnomah county had been in the state of affairs before that had been simply spent and never seen afterwards. Now the roads of Multnomah county were assets.

Following Mr. Albert's address John H. White was elected secretary of the conference by acclamation. Then J. D. Lee moved that a committee of five on legislation be appointed by the chair. This was amended by W. K. Newell to read seven instead of five, and was adopted. A. A. Jayne wanted to have one member from each county. Tom Richardson wanted to have the different organizations and businesses interested in good roads represented. A. C. Stettin, in charge of the county, said he would have a representation, as he did not believe that all the good road knowledge was confined to the crannies of the county judges and state senators of the state.

Need Road Supervisor.
Tom Richardson was called upon and told of the objects of the meeting. He believed that there should be a road act for the state. He said that he had asked Judge Webster if he would preside over a movement to work for the spread of the good roads idea throughout the state. There was no deal and no stickers on the board at all. What was wanted was to get an organization with a definite plan and the state officers of the state could be appealed to for aid in the good roads movement.

Richardson said that he would raise in percent of any sum that could be provided by the state for good roads work that at the same time the county would not want it spent here because Multnomah county did not need it.

Judge Webster was the next speaker. He said he believed there should be a state law which would provide \$10,000 for each county of the state provided the county would appropriate a like amount for the construction of good roads.

He also wanted a law which would provide for the local improvement of roads. He also wanted in the enactment of a convict labor bill, enabling the counties to work their prisoners, and the state to provide for the building of roads. If these bills could not be passed he believed in the appropriation of from \$10,000 to \$15,000 for the extension of highway commission, who should work for the construction of good roads throughout the state.

John H. Scott also addressed the meeting. He spoke in favor of the construction of a state road. He wanted to see the state of Oregon on the south with California, and on the north with Washington, in a great state road.

At the conclusion of Mr. Scott's address the conference adjourned until 1:30 this afternoon, when the question of definite plans for legislative action was taken up for discussion. There will be a session of the conference this evening, and tomorrow will be spent in showing the delegates from the various districts the work that has been done in Multnomah county for the good roads cause.

MONARCHS KISS CLOUDS AWAY

Edward and Wilhelm Oscillate and Everybody Is Happy Again.

(United Press Leased Wire.)
Cronberg, Aug. 11.—Emperor William kissed King Edward of England on both cheeks and the king embraced the emperor when they met here today at the station, hundreds of persons witnessing the greeting of the monarchs.

The emperor wore a gorgeous uniform, which was in strong contrast to the silk hat and black frock coat of the king. After the first exchanging of expressions of good will, both entered the Kaiser's automobile and were whirled off to Friedrichschoff castle, two miles away.

The Kaiser's suite all wore imposing military uniforms, making a display of grandeur. The king's entourage wore silk hats and frock coats like their ruler.

The greeting of the monarchs was so friendly and there was such an evident show of good will that today the German press, which has been inclined to disparage the importance of the king's visit, is practically unanimous in its praise of the conference of the rulers anxious for peace between the nations. There has been so much flattery that the favorable comments of today are received with enthusiasm by the main body of the population.

The king and the Kaiser held a private conference at the castle, after which there was another conference, attended by the king, the Kaiser, Sir Edward Hervey, secretary of the British foreign office, and Herr Von Schoen, the German secretary of foreign affairs.

There is no doubt that the constant reports of the probability of war between England and Germany were touched upon, at least in diplomatic reference, if not openly, at the private conference between the Kaiser and king.

After the king had been the guest for luncheon at the Kaiser's family circle, the two monarchs went out for a motor ride to Homburg, a few miles from this place. Dinner in honor of the royal visitors was served this evening at the Homburg.

The king leaves at midnight for Maribad, where he will take the baths.

HEARST WILL HELP

(Continued From Page One.)
or he thought Hughes' nomination would be favorable or unfavorable to

John J. O'Grady, State Senator From New York.

Bryan's chances in the Empire state. Hughes' nomination would undoubtedly have a seafous effect on Bryan's vote. Hughes is a man who has the confidence of the people and they will support him to the last. They believe in him and have the greatest confidence in his honesty. Senator Hughes is regarded as a man and although that seems strange from a Tammany Democrat it is nevertheless his opinion of the man. Hughes is not wanted by the politicians because he has put into effect policies that have driven out the racing and conscription and they will support him. But even with Hughes running for governor do not think that Bryan's chances would be seriously imperiled in New York.

While many of the people will vote for Hughes they will also vote for Bryan. They will not lose sight of the national election in voting for the gubernatorial candidate.

Senator O'Grady has become one of the leading factors in New York state politics for conservatism and he remains as unusually significant of the sentiment that pervades the voters in New York. He is a lawyer of ability and does not let his enthusiasm run away with the facts. He has always borne a reputation for conservatism and he usually backs up what he says with the proof. His success is largely due to this faculty, coupled with his oratorical powers. He will make a public address to the Foresters and their friends at the Armory tonight and will remain in the city until Monday. He is at the Oregon with Mrs. O'Grady and their children.

ASTORIA SUSTAINS BIG FIRE LOSSES

Flames Gut Store—Water Does Much Damage.
(Special Dispatch to The Journal.)
Astoria, Or., Aug. 11.—Between 7 and 8 o'clock last evening the dry goods store of A. Dunbar & Co. was gutted by a fire which started in the rear of the store. The loss is placed at \$40,000.

The rooming-house belonging to Mrs. Lash, above the store, also suffered quite a loss. Fred Johnson's residence was damaged to the extent of \$1,000. Bellows & Matteson's grocery sustained a loss through water, as did the telephone exchange. The A. Dunbar company is fairly well insured.

Fashion and Fat

Isn't it fortunate that when fashion demands slender gracefulness of women who have to break coarsest faces to make themselves even presentable that some one steps in and makes their task easy? For dieting and exercising it has substituted a pleasant, wholesome mixture that can be obtained at small cost from any druggist, viz. 1/2 ounce Mermoth, 1/2 ounce Fluid Extract Cascara Aromatic and 1 1/2 ounces Syrup Simplex.

One teaspoonful of this mixture after meals and at bedtime will take off four to seven pounds of fat a week without causing wrinkles, interfering with the diet or distressing the stomach in the slightest.

CHILD FORFEITS LIFE IN RIVER

The hungry waters of the Willamette took toll last evening of a little child who had long lived close to its surface and had played about it as a friend. The life of the child was demanded and received.

Thelma Stiles, the 4-year-old daughter of William Stiles, who has lived on a scow at the foot of East Salmon street for some time, fell into the river from the scow home and was drowned. At 10 o'clock, three hours after the accident, the body was recovered.

The child had been playing on a rope swing. The board seat fell into the water and the little girl asked her mother to recover it. The mother was too busy just then, so the child evidently tried to get the board herself. Soon afterwards the child was missed. The river was dragged and her body at last found by Lee Morgan, 120 Union avenue. It will be shipped to Eugene for interment today. Deputy Coroner Dunning having investigated the case and deciding on its accidental character.

Dr. Henry Van Dyke of Princeton, who handles a trout rod almost as deftly as he handles a pen, was praising a book of new files.

"They are wonderful files," he said. "Why, if I venture to leave any of them lying around loose, the spiders come and carry them off."

Give your stomach a pleasant surprise by eating

KORN-KINKS

The new food of malted corn flakes. It's simply the flaked kernels of hulled white corn, malted and toasted. It's delicious, digestible and different. Full of strength and energy with a flavor that pleases every palate. Ready-to-serve with cream or milk. Ask your grocer.

The only Malted Corn Flakes.

WATER WORKS SYSTEM COMPLETED

Only One of Its Kind in Columbia County—Reservoir Has Capacity of 1,250,000 Gallons.

(Special Dispatch to The Journal.)
Rainier, Or., Aug. 11.—This week has witnessed the completion of the Rainier city water works. The contract for the building of this system was given to Gelbich & Joplin of Portland about six months ago. Rainier now has a very modern water system, the only one of its kind in Columbia county.

The superintending of the waterworks is Frank Prescott of Rainier. Orrin Backus of Portland is engineer. The water commission is as follows: Dean Blanchard, president; John Dible, George L. K. Rutherford, F. R. Davis, and George W. Vogel.

BOYS IMPLICATE OTHER IN ROBBERY

Accused by three boys arrested yesterday, who say he was implicated with them in stealing rifles, ammunition and furs from a second hand establishment on Front street, Lawrence Finley, a boy who lives at Lewis, reported in the juvenile court this morning. He denied the accusation and promised to return tomorrow with his father. The officers expect to make his father another arrest in connection with the affair.

Roy Kisor, one of the boys arrested yesterday, is under parole from a reform school. He admits his guilt, as do Richard Bell and Fred Mills, who were indicted at the same time. Kisor will be sent to the reform school at once and the others held for action by Judge Gentelben in the juvenile court on Friday. The boys are 14 and 15 years of age.

INDIAN HORSE THIEF IS THROWN IN JAIL

(Special Dispatch to The Journal.)
The Indian who was arrested at Portland for stealing a horse from Billy Van Peit, another Indian, residing at The Dalles, was bound over to the grand jury under \$200 bail by J. M. Filloon, official justice, at the police court. Filloon is now in the county jail in default of bail. The excuse of the Indian was that he and Van Peit were cousins, and the horse belonged to one he thought to be the other, according to an Indian custom.

The justice held Indian customs did not go.

BRAVE TALKS BY G. O. P. LEADERS

Hot Springs, Va., Aug. 11.—Arthur I. Vorys, the original Taft manager in Ohio, arrived here today for the conference of leaders tomorrow. Frank H. Hitchcock is expected tomorrow morning. Senator George B. Sweeney said today that he believed Taft would carry West Virginia easily. The split in the Republican party in the state was expected to be healed, he said, to one he thought to be the other, according to an Indian custom.

The justice held Indian customs did not go.

The actress can generally take her own part in spite of her understudy.

CASTORIA

For Infants and Children. The Kind You Have Always Bought Bears the Signature of Dr. J. C. Hatcher. In Use For Over Thirty Years. CASTORIA
